The meeting adjourned at 10:38 p.m.

Carol Hayes
ASUM Office Manager
Resolution Opposing the Confirmation of Kala French as Student Regent

Whereas, Kala French has displayed a clear conflict of interest, pursued personal interests to the detriment of student interests, and has engaged in unethical behavior as outlined below;

Whereas, Montana Board of Regents Policy states, “The Student Regent has a first and foremost responsibility to represent students in the Montana University System”; 

Whereas, Kala French has taken a lobbyist position with the Montana Petroleum Marketers Association without informing any Montana student association;

Whereas, extractive industries have argued against the University of Montana environmental studies program;

Whereas, Kala French did not inform any Montana student association of her affiliation with the Montana Petroleum Marketers Association;

Whereas, there is a clear conflict of interest in representing both the students of Montana and the Petroleum Marketers Association;

Whereas, the Board of Regents policy states “There must be no self dealing or any conduct of private business”;

Whereas, without contacting student associations, Kala French pushed for an inter-campus grade transfer program;

Whereas, no other state has adopted this grade point average transfer policy;

Whereas, according to the Montana Kaimin, when asked about grade transferring, “Montana Associated Students President Matt Larson said that discrepancies may arise from different campuses having different focuses”;

Whereas, the Senate of the Associated Students of the University of Montana passed SB27 in opposition to an optional system wide grade point average;

Whereas, a Kaimin editorial criticized Kala French for advancing her self-serving grade point average transfer plan and her lack of knowledge concerning the needs of students;

Whereas, student voices across the state including Montana Associated Students President Matt Larson, the Montana Kaimin, and the Associated Students of The University of Montana have all criticized the proposals feasibility or desirability;

Whereas, Kala French introduced this policy change to transfer her grade point average from Great Falls—College of Technology to Montana State University Bozeman;
Whereas, the Montana Board of Regents policy states: "The Board expects high standards of ethical conduct and requires all members to conduct themselves at all times in a manner that reflects honor upon the Montana University System."

Whereas, while seeking the office of Vice President of the Associated Students of Montana State University, Kala French's running mate was accused of corruption of the press;

Whereas, Kala French fought these claims by raising the threat of a lawsuit against the Associated Students of Montana State University should they pursue an investigation against her running mate;

Whereas, in the following election students voted resoundingly against Kala French and her running mate;

Whereas, in Kala French's actions as Student Regent thus far, she has shown more concern for her personal interests than the interests of students in the Montana University System;

Therefore Let it Be Resolved that the Associated Students of the University Montana oppose the confirmation of Kala French for the position of Student Regent on the Montana Board of Regents.

Therefore Let it Be Further resolved that this resolution be sent to the President, Minority Leader, and Chair of the State Administration Committee of the Montana Senate.
