ASUM Office Manager
Resolution for a Human Rights Complaint
and/or Appropriate Legal Action
Against the City of Missoula

Whereas, the city of Missoula has failed to abolish the "family definition" housing ordinance, and,

Whereas, the "family definition" housing ordinance discriminates on the basis of marital status, and,

Whereas, the "family definition" housing ordinance potentially discriminates against a protected age group,

Whereas, both age and marital status are protected from discrimination in the Montana Human Rights Act, and,

Whereas, the Montana Human Rights Commission mediates discrimination cases, and,

Whereas, the Student Political Action (SPA) committee has worked closely in the past on the "family definition" housing ordinance,

Therefore, let it be resolved, that the ASUM file a human rights complaint or take other appropriate legal action with the Montana Human Rights Commission against the city of Missoula on the basis of age and marital status discrimination.

Let it further be resolved, that the Student Political Action (SPA) committee be responsible for communications with the Montana Human Rights Commission in any legal action with a report given to the ASUM Senate as information arises.

Passed 11/8/95
RESOLUTION AGAINST THE DRAFTED STUDENT LIBRARY FEE:

WHEREAS the administration is proposing a student library fee of 2 dollars per credit, which would be assessed for all students throughout the University System,

WHEREAS the burden of increasing costs of maintaining the library is primarily the administration's obligation, since it is supposed to provide an excellent library for the students,

WHEREAS any monies for the library should be sought first from alternative sources of funding, rather than from the students, who already are faced with increasing tuition and abundant amounts of fees,

WHEREAS the administration too readily insists students pay for non-academic things, e.g. an athletic fee,

LET IT THEREFORE BE RESOLVED that the ASUM Senate does not endorse a Student Library Fee because other sources of funding have not been openly and aggressively pursued by the administration.
