DATE: June 1, 1988
TO: Jennifer Isern, President, ASUM
FROM: Scott Tempel, Chair, Student Union Board
SUBJECT: Increase of Student Union Fees

At the special meeting May 31 of Student Union Board Mr. Chapman reviewed for SUB the agenda item for the June Board of Regents meeting which requests increases of one dollar ($1.00) in each of the Student Union Fee and University Center Operating Fee. Such fee increases, if adopted by the Regents, would be collectable quarterly at registration commencing Fall Quarter, 1988.

Mr. Chapman explained that no adjustments or increases had been taken in either of these fees since 85-86 and 86-87 academic years and that costs of operating the UC have increased commensurate with annual increases in the Consumer Price Index since that time. He further explained that because of anticipated shortfall of operating gain the UC in all likelihood would fail to meet its share of debt retirement and earnings requirement vital to the replenishment of auxiliary capital reserves; and, that such failure would both limit the future pool of available funds for renewal and replacement projects auxiliaries-wide and place disproportionate financial burden upon those fewer students who reside in campus housing.

Mr. Chapman explained that such projections were based upon cursory review of the UC's financial operations but that such review was too recently begun, affording inadequate time at this juncture for development of sound and acceptable operational plans for each UC and Recreation department.

Whereas SUB recognizes the possible need for such increases, Board members feel strongly that further review of data and plans must be made prior to any action upon such fee proposals.

Student Union Board will meet regularly with Mr. Chapman during Summer Quarter to review mall tenant proposals and will thereby have opportunity for further review of UC financial/operational concerns as planning progresses.

Student Union Board urges ASUM Senate to respond similarly to this matter.
