FOR IMMEDIATE RELEASE

MISSOULA---Nearly 15 per cent of the Montana State University student body placed on the spring-quarter honor roll, the highest percentage to win the academic accolade in at least 22 years, MSU officials announced.

The 459 scholars on the spring roll constituted 14.83 per cent of the students enrolled, contrasting sharply with the 1948 spring honor list of only 6.9 per cent and shading the 14.24 per cent on the 1944 winter roll. It is not known whether the 1960 spring honor roll sets an all-time high in percentage of students as records were not checked further back than 1938, MSU officials said.
