The meeting was called to order at 7:10 p.m., in the Activities Room of the lodge by President Loren Haarr.

PRESIDENT'S REPORT

Haarr received a questionnaire from Carroll College about an ICC Hearing on whether or not to take the Mainstreeter Train off. The college asked that a poll of the students be taken concerning the matter. Anyone interested in running the poll should see him after the meeting. The minutes were approved with the following correction: The Sentinel budget was tabled.

VICE PRESIDENT'S REPORT

Moore asked that Johnson and Foley write their copy for the Sentinel immediately. There will be a meeting of the commissioners next Tuesday at 7:00 p.m. A Personnel Committee meeting will be held next Wednesday at 6:30 p.m.; the committee consists of the two-year delegates in their second year and the four ASUM officers. MOORE MOVED THAT SAM KITZENBERG BE APPOINTED THE STUDENT MEMBER OF THE LIBRARY AND ARCHIVES COMMITTEE. SECONDED BY THOGERSEN. MOTION PASSED UNANIMOUSLY. MOORE YIELDED THE FLOOR TO KITZENBERG. He reported the committee is one of the Faculty Senate; Mrs. Ephron is chairman. Its purpose is to discuss problems concerning the library and it would like to know any student complaints. One of the complaints concerned the fact that the library would not give names of those who had books checked out. Therefore, students are unable to contact the person who has the book when they need it. The general consensus of the committee was that the person with the book would be notified in two weeks if there was a demand for it. The length of time it takes to bind journals was another complaint. The committee felt the time was justified because of the quality of the bindings. Plans for the new library now have priority.

BUDGET AND FINANCE

The "Kaimin" budget was tentatively approved at $22,000, and the Fine Arts Travel Coordination Fund at $4,000. Leary announced he will run for ASUM President this coming year. Leary reported an ASG Regional Convention will be held this spring. It was felt that more may be accomplished at such a convention than at the National Convention since the schools have more in common at a regional one. Leary is the regional chairman (Montana and Wyoming). Pat Ingalls, Western District Chairman (Montana, Idaho, Alaska, Oregon, Wyoming, and Washington), is arranging the convention. She would like to know if we can send a delegation. If this is more beneficial, the Regional Convention may be attended instead of the National but National dues will still have to be paid. Now a Central Information Unit is being worked on which consists of sending in constitutions, financial arrangements, etc., to a central office.
ALUMNI

Van Heuvelen received a call from a Cut Bank Alum who was disturbed by the $1 budget allocated to the board. He explained the situation to him. The alum expressed the opinion that we do something about Foley. Moore said little has been done on the Student Ambassador Program.

AUXILIARY SPORTS

McGrath said that if the board does not get more money, all sports such as soccer and bowling will die. The athletic department cannot support them since it is against the NCAA rules. The appropriation, however, is tentative.

FINE ARTS

Moore reported that Dean Bolen has not appointed a new Commissioner but will.

PLANNING BOARD

Whitehead reported they are still reviewing the commissioners.

The Bear Paws and Spurs will move rocks 15 feet to the side of the "M" and level the area of the "M" in the morning. IFC will complete the leveling and set up forms and help put the rocks back in. Parker said a hole will be dug in which to anchor the "M". The project was computed at 4,000 man hours. The Forestry engineers computed it at 6,000. Parker is expanding the road and having points made. This must be done before any student work will be done. Work will be done in 3 hour shifts. The Foresters appear to have the attitude that if it can't be done, they don't want to help. According to the Forestry engineers, there is no way it can be done.
