REPORTS

Planning Board Several proposals for the changing of the method of selecting Central Board delegates were reviewed to present Planning Board's work and to get the opinion of Central Board. These proposals included electing Freshmen delegates during winter quarter and specify that they and likewise all other CB members should have a grade point of 2.3. CB delegates might also be chosen from each of the living groups since none of the classes meet as a class after they are 1st quarter freshmen. These delegates would include people from the family housing units and also representation for kids living off campus. The proposal was then opened for discussion.

Morris objected to having elections for freshmen postponed until winter quarter. He felt that it took a freshman delegate long enough to get into the swing of things without being held back longer. He thought that perhaps the qualifications could be that the delegates be from the upper 2/3 of their graduating high school class. Meyer felt that consideration should be given to a veteran's service record in considering him for candidacy. After the discussion CB felt that elections for freshman should be held in the middle of fall quarter and that requirements should be that the candidate be in the upper 1/3 of his graduating class. They were in favor of the 2.3 grade requirement for upper class candidates for office.

Pramenko's proposed Commissioner Government
Pramenko passed around copies of his proposal draw up in proper form and asked for a few minutes to more fully explain it. Risss said that since none of the members had had a chance to look over the proposal, he felt it best that nothing be done at this time. Pramenko asked to take a sample vote of how many people represented the 6 areas that he had set up on Central Board. Those 6 areas were Budget & Finance, Publications, Demonstrations, Athletics, Musical Affairs, and Forensics. He said that the only true representative was in the person of Mr. Hansen, representing Budget and Finance. Mr. Mongar asked for Mr. Pramenko's indulgence so that he could present the proposal of Publications Board and go home and eat dinner since Pub Board had been meeting from 4 until 8. Pramenko said that Central Board had no actual contact with any of these areas. Martin said that the AShsSU committees
were set up to maintain communication in these areas. Pramenko said that these committees maintain no direct contact with Central Board, they only report once a quarter. The red tape one has to go through to get anything done thwarts any plan before it gets started, he said. Then he said that he felt Central Board was obviously not interested in his program and therefore, the responsibility was now resting on their shoulders. He said that he felt he had been shown disrespect and was sorry for losing his temper and left.

Publications Board Mongar said that after a meeting from 4 in the afternoon until 8 in the evening, Pub. Board had, by a 9-5 vote, approved Rolf Olson for Kaimin editor. He said that the Business Manager would be chosen next week, since they had hoped to take in the opinions of the new editor in choosing one. Meyer moved for the acceptance of the report. Adams seconded. Mongar said that the applicants, Miss McVey, Mr. Hood, and Mr. Olson, were asked to submit 2 letters of recommendation, one from inside the department, and one from outside, and a 500 word theme on why they wanted to be Kaimin editor. He said that he had asked Dr. Brown to read over the applications and evaluate them in the eyes of their writing ability. Brown said that he had had only about 5 minutes to look at the papers and that he had told Mr. Mongar that Miss McVey had a mature style of writing, one which he felt would improve, Mr. Hood and Mr. Olson's style seemed slow and rustic but that they were also good. Tate said that she felt that Mongar had misrepresented Dr. Brown's opinions in Pub. Board. Mongar went on to explain the procedure he used in conducting the meeting and gave a brief rundown of what happened. He said that the minutes would be in the ASMSU office within a day or so. After much questioning by Central Board, Ulrich moved that the motion of Mr. Meyer be tabled until such time that CB could meet in executive session to review the choice of Publications Board. Sankovich seconded. Bennitt said that he felt this unwise since Pub. Board still had to choose 2 more sets of editors and business managers. Brown said that we set up the committees for the purpose of choosing the editors and business managers, and we should not question them especially since they had spent so much time and gone to the trouble of getting written applications, etc. Ulrich said that Central Board has the power to review any committee action whenever necessary. The motion passed by 11 to 6 with Adams, Nichols, Meyer, Cogswell, Brown, and Stone (by proxy) opposing. After much discussion it was decided to obtain late permission for the girls and to have the executive session starting at 10 o'clock to prevent any politicking that might take place.
