The meeting was called to order by Bob Anderson and the minutes of the previous meeting were read and approved.

Dick Carstensen, last year's Aber day chairman, was present to make several recommendations to Central Board in regard to plans for this year's Aber day. He said that ASMSU contributed $500 to the clean-up day and that an additional $798.84 was donated by the M club, Traditions board, the halls, and the living groups. About $1200 of this went to buy food, and the total expenses were $1,415.36 which resulted in a loss of $117. Carstensen made these recommendations:

1) That there be appointed three over-all student-faculty committees to handle food, games, and clean-up.
2) That there be appointed one general over-all committee which would serve as a coordinator for the program
3) That Central Board set up its election machinery so that Aber day can fall on a favorable day in April
4) That more effort be made to secure student-faculty cooperation with the program

Student Union manager, Cyrile Vandal, told Central Board that the time was approaching for them to appoint a committee to meet with the downtown Community Concert association to help plan next year's schedule. She mentioned that in the past we had purchased 1400 seats (a full house) for $4200. These seats were divided into two nights so that there were half townpeople and half students at each performance. She also said that this year we have two alternatives before us. They are:
1) To allow the Community Concert association to hold only a one night stand so that students would have to buy a regular season's ticket for $7.20 if they so chose, and we would no longer have a part in the program
2) To maintain the present situation in which we ask for a two night stand and purchase the usual 1400 seats for the same price.

Miss Vandal suggested that we propose to the association that they try to sell as many tickets to townpeople as possible, and if they did, we would let them have as many more of our 1400 as they needed. Thus, they would find out whether or not they could sell more and if so, we would be able to take fewer seats. At the same time, they would make more money. Central Board agreed with this proposal.

Following a letter hereby included in the minutes from Kirk Badgley, University auditor, discussion was reopened on the allotment made Debate and Oratory last week from the General Reserve fund. Murphy moved that the money appropriated to Debate and Oratory from the General Reserve fund be taken instead from the Reserve for Capital Expenditures fund. McKown seconded. Motion carried.

Bob Stanaway, chairman of Traditions board told Central Board that, because of outstanding expenditures of last year's board, his group's allotment had been reduced to only $137, although he had been told early last fall that the board had $250 in their budget. Since the board didn't know of this reduction in their allotment until recently, they have already spent $185, and therefore need more money in order to carry on as a functional committee. After a lengthy discussion, Murphy moved that Central Board appropriate $100 from the General fund to Traditions board with the stipulation that any balance left at the end of the year be returned to the General fund from which the money will be taken. Kind seconded the motion and the motion passed.

Bob Anderson read a letter concerning the annual FSPA student body presidents' trip to their convention which will be held in Salt Lake City this year. Anderson recommended to Central Board that we do not send any delegates this year since he felt that ASMSU gained practically nothing by attending it. He said that FSPA does not put out any informative periodical, we receive from them only a record of the minutes of the meetings of the convention, and that we do not pay dues. Anderson also said that the meetings were generally poorly attended and that little was accomplished.

Discussion was then carried on as to the advisability of joining NSA. It was mentioned that they have a central office, put out a periodical publication, compile material on specific problems which are available to us at any time plus offering many other helpful services.
Kind then moved that ASMSU not be represented at the FSPA convention in 1961. Kugler seconded the motion. Carried.

Murphy announced that the proposal for an increase in student activity fees will be brought up next week and asked that we be thinking about it. It was also announced that the next meeting will be on Tuesday at 4 P.M. in President McFarland's office.

The meeting was then adjourned.
