January 30, 1940

The meeting was called to order by President Pantzer. The minutes of the meeting of January 23 were read and corrected.

Bob Pantzer reported, in connection with the Board's previous discussion, that Mr. Bell has arranged to use Mr. Weisberg's tympani, and that the arrangement is satisfactory to him.

After discussion it was decided that the problem brought forward by Publications Board in regard to soliciting advertising be referred back to that Board without action by Central Board.

Carter Williams brought up the question of student tickets for Interscholastic Meet. Kirk Badgley explained how subscription lists are obtained to determine the probable amount of money to be expected from the student drive. He also explained that any surplus over five hundred dollars has previously gone into a National Track Meet Fund, although Central Board may determine its allocation. This year Harry Adams will need two hundred dollars from this fund to send his relay team to a national meet. After more discussion in which various schemes for conducting this drive were presented, it was decided that Mr. Carter Williams talk to Dr. Rowe and also to Mr. Bell and bring recommendations to the Board.

There being no further business, a motion was made, seconded and carried for adjournment.
