The special meeting of Central Board was called to order by Esther Swanson, acting president.

A letter from Dean C.E. Mollett of the School of Pharmacy was read asking for the aid of Central Board in the form of funds to send a man to Washington to push the Chemistry-Pharmacy building project allocation through. The matter will be investigated more thoroughly during the Christmas holidays before Central Board takes definite action on it.

A letter will be sent to Dean Mollett correcting his statement, "Inasmuch as the Central Board contributed a sum toward the Journalism project..." The letter will quote from the minutes of December 6, 1935 in regard to this contribution.

After discussion, the following resolution was adopted by Central Board: Resolved that the interpretation of Article I of the Constitution shall be: Any student withdrawing during the quarter in such a manner as he may obtain credit for the quarter's work does not forfeit his rights as an active member of the Associated Students. In the light of the above interpretation of Article I any A.S.M.S.U. office will be deemed vacant when a student withdraws in such a way to receive no credit for quarter's work.

There being no further business, the meeting adjourned.

Betty Eiselein
Secretary
