A Montana legislative team representing the Appropriations Committee of
the House and the Finance and Claims Committee of the Senate, met with University of
Montana Administrators at the Missoula campus Wednesday (Jan. 18).

Representatives of the two committees have been visiting as many state
institutions as possible to become better acquainted with their problems.

After a morning devoted to talks presented by President Robert Pantzer,
Academic Vice President Laurence Gale and Dean of Students Andrew Cogswell, the legis­
lators were given a campus tour by Physical Plant Director J. A. Parker to see first
hand some of the problem areas.

Parker pointed out that while there is considerable construction on campus,
most of it is financed by students and is self retiring.

The solons attending the session were Sen. C. R. Thiessen, D-Lambert; Sen.
William R. Mackay, R-Roscoe; Rep. Norris Nichols, R-Stevensville; Rep. J. O. "Boots"
Ed Nelson, executive secretary for the University System, accompanied the legislators
from Helena.
