PLAN TO ATTEND UM IN FALL

MISSOULA --

Randy Hahn and Bob Zins, both well-known throughout Montana for their track exploits at Great Falls Public High School, have declared their intent to attend the University of Montana next fall on track scholarships.

Both stars took places in the Class AA sprint finals during the Montana State High School track championships in Billings this spring.

Hahn won firsts in the 220 and 440-yard dashes, and took third in the 100-yard dash. His winning time in the 440 was 49.5 seconds, and he reportedly covered the same distance in 48.4 seconds as part of the Bison relay team.

Zins took second in the 440 and 100-yard events, and third in the 220. He has run a 9.8-second century this year.

UM track mentor Harley Lewis expressed great pleasure while announcing the newest additions to the University track squad.

"We are certain that both Hahn and Zins will play important roles in the expanding track program at the University," Lewis said.
