HEALTH SERVICE TO GET NEW PHYSICIAN

MISSOULA--

A new full-time physician has been added to the staff of the University of Montana Health Service, according to Dr. Robert Curry, director.

Dr. Paul Wagner, who has been in general practice in Portland since 1948, will begin work in Missoula, Jan. 1, 1968.

A native of eastern Montana, Dr. Wagner attended Montana State University at Bozeman from 1934 to 1936. He then went to the University of Minnesota where he received his B.S. in science in 1939. He received his M.D. from the University of Minnesota medical school in 1943 and served his internship at St. Vincent's Hospital in Portland where he also served as a resident of internal medicine for one year.

Dr. Wagner is married and has six children.

Dr. Curry described the new staff member as "a man with a good understanding of youth and its problems."
