Course Overview
Welcome to Principles of Entertainment I. This course is designed to provide you with first-hand experience in applied event management. The course will allow you to better understand the processes involved in the conceptualization, development and production of live events.

You will be tasked to form groups to:

- Find an artist(s)
- Work with your artist to define who they are and develop their "image"
- Record your artist(s) both audio and visual
  - With KBGA - http://kbga.org/
  - Video - we'll discuss in groups
- Promote your artist(s) through social media
  - With UMEM social media
  - Artist(s) social media
- Compete for the most "effect" against other groups
- Promote and work the Entertainment Management Awards show at the Top Hat with your artist(s)

Throughout the course we will maintain an emphasis on applying our knowledge to realistic and relevant problems faced by entertainment professionals. It is only when you have experienced applying your knowledge to actual problems that you can readily see your strengths and weaknesses, and perhaps more importantly recognize that no single approach is appropriate for all situations. The course is highly interactive. It will challenge your ability to communicate effectively. The purpose of this course is to synthesize real world situations with classroom learning. Students will be responsible for planning, promoting, executing, and otherwise managing the events which constitute the Entertainment Management Awards (EMA'S).
Although we have a model in place for the EMA’S, I want the class to pick artists you would like to work with. We will talk more about this the first couple of weeks of class. I would like this to be an educational, hands-on, and most importantly, a fun and great experience for the students.

Course Learning Goals

BMGT 402 students will be expected to:
1. Demonstrate ability to find and work with an/a artist(s).
2. Demonstrate ability to execute events through ongoing experiences with artist(s).
3. Understand and use social media to promote artist(s) and events.
4. Demonstrate ability to collaborate for event execution.
5. Evaluate events for effectiveness and success based on unique goals as designed with others.

Email from non-UM accounts will likely be flagged as spam and deleted without further response. To avoid violating the Family Educational Rights and Privacy Act, confidential information (including grades and course performance) will not be discussed via phone or email.

**Course Requirements and Assignments**

**Class Attendance:** You will be given two unexcused absence for the whole semester (please use them wisely). You are required to attend all other classes unless you receive prior and documented approval from the instructor. Extenuating circumstances must be discusses with your instructor on a case by case basis. It is the students responsibility to initiate discussion either through email or face to face within 72 hours of the missed class to determine excused/unexcused status. For each additional unexcused class that you miss you will drop one-half letter grade.

**Class Participation:** You are required to actively participate in class assignments; these may be individual, group, or class assignments. Your participation will be based on the quality of your contributions, the level of professionalism you demonstrate, and the value added to each assignment. On guest lecturer days you are required to dress a minimum of business casual. This shows your respect for the industry leaders who are coming to Missoula to share their knowledge.

**Projects:** You will not have exams in the course. You will be required to perform specific tasks in relation to finding and developing an/a artist(s). You will be asked to individually post on discussion boards in relation to specific events and course milestones. If reasonable and appropriate accommodation is called for through documentation with The Equal Opportunity and Affirmative Action Office and Disability Services for Students for you, please notify me immediately so we work together to create the best experience possible for you.

**Artist Development hours:** Over the course of the semester you are required to work with your artist(s) in a capacity determined (greatly) by the needs of the artist(s) and (to a lesser degree) your own interests in accordance with course criteria. For your own sake, I ask you to keep an open mind and understand that this requirement is specifically designed to take you out of the classroom and into the community in order to meet the needs of real people.

**Discussion Postings:** You will be required to post on the Discussion Board in Moodle ongoing impressions of specific events and your role in each events execution. These postings should reference the lectures when appropriate, along with outside literature, with direct quotes related to your own experiences in some way. Be thoughtful, respectful, and grammatically correct. In addition, you will respond to at least one other students posting in a thoughtful and respectful manner.

**Final Performance:** All of the artists working with the class will perform at the Top Hat one night the week before Thanksgiving. This performance will be supported by the class, more on this later, and will include an element of
competition for EMA’s. This is an opportunity for you to use your individual talents and skills to make this a memorable event.

**Final Report:** Following the performance you will write a comprehensive report chronicling your work with your artist(s) and your group. You will detail all relevant events in the chain of the artist(s)’ development. I encourage you to keep a journal, where paper or electronic, and take the time to make notes and record your thoughts so that you may refer back to these notes when working on the Final Project. You will also be asked to access *Pollstar and Celebrity Access databases; access to databases available through mandatory purchase of resource pack.* You will pull up analogous working acts and bands, talk about their routing and touring, and come up with a tour that makes sense for your artist. We will go into much more detail later in the semester.

**Course Materials:** Every registered student of Entertainment Management is required to purchase a Resource Pack, available at The Bookstore. One Resource Pack is required per semester, per student, regardless of how many Entertainment Management classes for which you are registered (example: If you are registered for BMGT 401 and BMGT 402, you will only need one resource pack; however, you will be required to purchase a new one if you enroll in Entertainment Management courses next semester). This Resource Pack gives you access to all class materials, to all tools necessary to complete projects, to our guest instructors who are industry professionals and experts, to industry relevant subscriptions and databases, to job and internship opportunities available only to Entertainment Management students, and to our Entertainment Program’s Instructional Center. Students must present the purchased Resource Pack to Mike Morelli by Monday, September 7, or will be dropped ½ letter grade automatically.

**Course Grading:**
This is a Contract Grading course. At the end of this document you will find Contracts which specifically state what you will do in order to earn your grade in this course. As with any course, your actions will determine your grades. Failure to meet your contractual obligations will result in clearly defined penalties. Going beyond your contractual obligations may or may not result in raising your grade. If you exceed your obligations it is your responsibility to call your action to the attention of the instructor and attempt to renegotiate your contract. However, if you are on track to earn an A and you far exceed the criteria to do so, I can still only record an A. However, if you are on a B contract and meeting the criteria for A work, you will file a request to renegotiate your contract with me and we will go through the criteria together.
