MISSOULA---

Seven University of Montana faculty members and several students will represent the University at the 29th annual meeting of the Montana Academy of Science (MAS) in April at Northern Montana College, Havre.

University representatives at the two-day meeting April 18-19 will include Dr. John J. Taylor, UM associate professor of microbiology, who is completing his term as MAS president. Other academy officers from UM at the meeting will include Dr. Richard E. Juday, chemistry professor, secretary, and Dr. LeRoy H. Harvey, botany professor, treasurer.

Also from UM and serving as chairmen of various sections at the spring meeting will be Dr. Mitsura J. Nakamura, UM microbiology chairman, microbiological science section, and Dr. Ronald E. Erickson, UM associate professor of chemistry, physical science section.

Other UM faculty representatives slated to attend include Dr. Walter L. Koostra, assistant professor of microbiology, and Dr. Richard N. Ushijima, associate professor of microbiology.

UM students slated to attend include William R. Cross, Spokane, Wash., a graduate student in microbiology; and undergraduates Gregg Allen Mosley, Kalispell; Judy Ann Cook, Choteau, and Jane Elizabeth Ballard, Hardin.

Dr. John L. Dunning, dean of the School of Engineering and Applied Science at Columbia University and the man recognized as father of nuclear physics in the U.S., will be guest speaker at the science academy dinner at NMC April 18.
