ASUM Office Manager
Resolution for ASUM Funding of Testing Materials for 2005-2006

Whereas, the supplying of test materials to students would reduce burdens of cost, stress and preparedness and would help hinder cheating by limiting fraudulent bluebooks, etc;

Whereas, the supplying of these test materials will also spread name recognition of the ASUM throughout the student body;

Therefore, Let It Be Resolved that ASUM supply testing materials in the form of scantrons and bluebooks for the student body at no cost, to be divided among the various departments according to need;

Therefore, Let It Be Further Resolved that the funding for the testing materials come from the ASUM Zero-base account in the amount of $7,000 for the 2005-2006 academic year, after which time ASUM Senate would have the option of renewal.

ASUM and MRYV Collaboration

Whereas, the mission statement for the Associated Students of The University of Montana includes striving for excellence as a political body and working diligently toward a more involved student body:

Whereas, the Associated Students of The University of Montana recognize the significance of securing federal dollars to help students pay tuition by connecting their work-study with AmeriCorp Education Awards;

Whereas, Montana Raise Your Voice offers an opportunity to work together in strengthening ASUM as a political body through ongoing trainings, establishing a more involved student body through the encouragement of student service work, and securing AmeriCorps Education Awards.

Therefore, Let It Be Resolved that the Associated Students of The University of Montana allocate 3,000 dollars from the zero-based carryover account to collaborate with Montana Raise Your Voice in order to receive ongoing training and networking opportunities including two statewide conferences - Building Engaged Citizens Sept. 23-25 in Helena, and the Student Training Institute in Kalispell in Spring 2006.
