To the Alumni:

If you could really know how much all of us on the campus want you here and are looking forward to meeting with you, you would make immediate arrangements to come back home for Homecoming. Personally, I can assure you that I want to be just as closely associated with you as possible. I need your advice and feel that I should be able and glad to render a reason for doing what I am doing or am not doing.

The local alumni assisted by the students and faculty will make your homecoming interesting, happy, and profitable. You will get the thrill and satisfaction that comes from meeting old friends, visiting the old places, and cheering a football team to victory. But better than this you will return to your daily task with more enthusiasm, that divine quality so characteristic of youth and college, yet so soon diminished after graduation.

This year we render our biennial account to the State Legislature. We are glad to do so, but we wish also an opportunity of showing you above everyone else what we have done and what we hope to do. While the State Board of Education has not yet decided upon the budget to be presented to the legislature we are fairly certain that it cannot be any larger than that requested two years ago, but we are also certain that it should not be any smaller. There are some things which you alumni can do better than anyone else. Among these is to arouse public sentiment in favor of the University, because you know what you are talking about, you realize better than anyone else the service the University renders, and you understand more clearly what it needs.

Yours for Montana,

C. H. CLAPP,

President.

# Home Coming Day

---

September 16, 1924.

Alumni of the State University of Montana.

Dear Friends:

Your committee selected October 11 as the day when we hope to welcome you collectively once more on the old familiar campus.

HOMECOMING DAY is now an established tradition at Montana. Each year brings back a larger number of our alumni and the success of this day is of course proportionate to the number of "old grâds" who return.

Perhaps this is short notice to you but there is still time to arrange your work so that you can leave it for the necessary day or so. Buy your round trip reduced fare railway ticket and join us in the stands at the Idaho-Montana game. You will see an "all Montana" team that is being coached by a Montana alumnus. We predict that Click's team will rival any that you may recall from your own college days.

"Montana SPIRIT"—you still have it. Take a trip back and enjoy another October Saturday in Missoula. Meet your old friends and make new ones. Faculty, students, townspeople join with us in this invitation. You can make October 11, next, a real HOMECOMING for yourself and others—will you do it?

ALVA REES, '20, Chairman,  
Homecoming Day Committee.

## Home- coming

---

Returning to the campus at the foot of Mount Sentinel, once a year, should become a habit with Montana alumni. The coming back is an occasion of joy to those who are permanently upon the campus and it should be no less a happy incident for those who thus return. This joy finds expression variously. The homecoming reunions revive old memories and strengthen, as nothing else can, the bond between the University and its wide-flung alumni. The hilarity of the homecoming is a natural feature of such an incident; it would be a sorry homecoming that was somber. But there is another feature of this date in the University year—the personal phase is strong but even stronger will be the institutional bearing of the visit if the return is in the

right spirit. Those alumni who have experienced the thrill of stepping once again upon the oval do not need to be urged to come this year—they have learned what this occasion signifies. But those who have not been back since they ended their student life should come this year, just to discover what a fine thing homecoming really is. There are new buildings to see, there are new faces to greet, there are new men on the bully football team—but the spirit which bids you come and which assures you a welcome is old; it is the Montana spirit and it flames higher and carries greater inspiration if you come.

A. L. STONE.

University, September 17.

### FACULTY CHANGES

Eleven new members have been added to the faculty, administrative and library staff of the University for next year. Three members of the faculty will return after having been away on leave of absence, and three others will be absent on leave.

Miss Lucia B. Merrieles, a native of Montana, succeeds Miss Ellen Geyer in the English department. She has been head of the University of California training school for teachers.

Chester H. Smith will replace R. E. Mathews of the Law School, who has accepted a professorship in the University of Ohio. Mr. Smith is a graduate of Harvard.

Irvin W. Cook succeeds Arnold Borel in the Forestry School. He has been for the past five years a logging engineer. From 1912 to 1919 he was associate professor of forestry at the University of Idaho.

Helen Newman of Helena, who graduated from the University last year, succeeds Lawton Beckwith as secretary to the president. Beckwith accepted a fellowship in chemistry at the University of Chicago this year.

Lee Roy Norvelle, M. A., Iowa, succeeds Hal White in the English Department. White is teaching English at Yale this year.

Mauda Polley, M. A., California, succeeds Jeanette Clark as instructor in Spanish. Miss Polley taught at the University of California last year. She has spent a year in Mexico.

Nicholas S. Kaltchas replaces John Nash in the history department. Mr. Nash is teaching at Valparaiso university. Mr. Kaltchas is a graduate of Roberts college, an American institution in Constantinople, and of the Columbia Graduate School.

Earl (Click) Clark, a former student of the University, and until lately coach of the Everett, Washington, High School, will coach football and act as assistant in the physical education department.

Professor F. C. Scheuch, head of the modern language department; Miss Frances Corbin, professor of English, and Miss Rhoda Bax

ter, head of the women's physical education department, will return to their departments after a year's leave.

Grace Reeley, Montana, '17, of Missoula, has been appointed cataloguer in the University library. Mary Lucille Peat, Montana, '24, will fill the position of assistant cataloguer.

### NEW YORK NOTES

Someone in New York City should take the initiative in organizing the Montana alumni in that city. There are graduates of the State University at Missoula, the Agricultural College at Bozeman, the School of Mines at Butte, the Normal School at Dillon, Montana Wesleyan at Helena, and the Billings Polytechnic Institute at Billings, in New York, who would be interested in meeting each other at regular intervals. The other western institutions, the University of California, University of Washington and Leland Stanford University particularly, have alumni organizations here which meet three and four times a year. All that is needed is to find some one to take the initiative.

\* \* \*

Washington's crew at Poughkeepsie, California's track team at Cambridge and Arizona's polo team at Princeton, is the kind of activity that brings excellent publicity to the western institutions. Washington is now arranging to have the navy's crew row on Lake Washington. It is also planning to invite Wisconsin to participate in the Washington regatta. It is proposing to play football in the Polo Grounds in New York and to have some eastern team play in Seattle. There is a lesson here for Montana.

Who will forget that memorable game between Montana and Syracuse? When eastern teams go west an effort should be made to induce them to play in Missoula also or to have a game in Butte or possibly Spokane where larger crowds could attend.

The country is getting smaller every day and Montana should plan to participate in its share of intercollegiate athletics representing different sections of the country.

R. D. Jenkins, former member of the English faculty of the State University of Montana, has his offices at 50 East 42nd street, New York. He is leading a movement to raise \$4,000,000 for a business women's clubhouse in New York.

\* \* \*

Percy N. Stone, son of Dean A. L. Stone of the Montana School of Journalism, is writing signed articles for the New York Tribune on the drama and is doing book reviews for a number of publications including the Bookman. Mrs. Stone—Margaret Garvin—is on Vogue.

\* \* \*

Carl H. Getz, former member of the journalism faculty at the State University, is with Mac Manus Incorporated, one of the largest advertising agencies with offices at 100 East 42nd street. Mrs. Getz—Carol O'Donnell—will visit relatives and friends in Montana this fall while Mr. Getz attends the London and Paris motor shows.

CARL GETZ.

## ALUMNI TO HEAR UNIVERSITY PROGRAMS

Missoula will be one of the fifty high class radio broadcasting stations on the North American continent this winter, if financial arrangements continue to progress satisfactorily. It is proposed to establish a 500-watt radio phone transmitting station at the State University, which will have the same power as the large transmitting, or broadcasting, stations that are familiar to all radio fans in the United States and Canada.

Plans have been made for a broadcasting schedule two nights a week, three week-day afternoons and a feature program every Sunday afternoon of music and stories of frontier life in the northwest. Alumni anywhere may hear the voices of the University's best singers and speakers. Tests made last year by G. D. Shallenberger, professor of physics, and authority on radio communication, proved that a highly successful broadcasting station

may be established here. It has been found that radio programs from the State University have carried as far as eastern Pennsylvania, and that the geographical location is such that the middle western, mountain, and Pacific states would hear Missoula every broadcasting night, and that the far eastern states would hear except when unfavorable atmospheric conditions existed. These tests were made with a five-watt transmitter.

## NEW LEADER FOR MONTANA MASQUERS

George W. Cronyn, formerly of Bronxville, N. Y., has been appointed head of the dramatics department, succeeding Roger Williams who resigned last spring to devote his time to his Arkansas cotton plantation.

Mr. Cronyn was a member of the famous 47 Workshop class at Harvard; was later engaged in the Little Theater work in Indianapolis, and for two years dramatic instructor at the Oakland Technical high school in California. He is an author of some note; his play, "The Greaser," was produced at the Cort theater in New York; "The Sandbar Queen" was produced at the Washington Square Players theater in New York, and "Death in Fever Flat" produced at the University of California, was included by Frank Shay in his book, "Fifty Contemporary One-Act Plays."

Professor Cronyn says that the west is far in advance of the east in dramatic work in the schools and colleges and that although recognition of this trend has been slow, the change is seen readily by a comparison of the work in the east and the west.

Montana's first Pacific Coast conference game, to be played with Idaho's Vandals on Dornblaser field during Homecoming on October 11, promises to be as tough a conflict as the Grizzlies will have on the gridiron all season. The Homecoming day crowd will see an Idaho eleven with a low, fast, hard charging line and a backfield with a punch and unusual ability to stop opposing aerial play.

The largest football squad in the history of the University of Idaho reported to Coach Matthews at Moscow

last week and in the size of the squad which showed up on the field lies Idaho's hopes, according to the coach. Last year the Idaho first string was considered the equal of any eleven on the coast, but the lack of reserves proved a stubborn leash to the team's consistent effectiveness. Thirteen letter men reported this year.

Prospects for the Montana team are admittedly better than for three years past, yet this is no time to claim the championship for the Grizzlies. An exceedingly difficult schedule is await-

COME HOME FOR HOMECOMING 1924

ing the team, which at present appears to lack the reserve strength with which other schools ranked as contenders in the conference are blessed.

Eight defeats and one victory is Montana's football record against Idaho with a scoreless tie in 1914. In 1916 Montana won its only game from Idaho by a score of 20 to 13. The score was 13-0 in favor of Idaho at the end of the third quarter. Montana made 20 points in the last ten minutes of the game, Click Clark carrying the ball down the field for the last touchdown with a broken hand. This year Clark is coaching the Montana Grizzlies for another victory from Idaho. Last year the Idaho varsity was not scored on in its four northwestern contests, but the famous Montana Cub team, freshman champions of the northwest, defeated the Idaho frosh, 27 to 7.

Come and see it!

Butte, Montana,

Aug. 25th, 1924.

To 1910,

Everywhere:

I had the pleasure of seeing some of our  
old friends this spring, but did not return  
to Montana in time to get my news into  
the June Alumnus. Unless I can get out  
and round you up there seems to be no way  
of reaching you.

I was down in Arizona and California  
for seven weeks and was very fortunate in  
finding many old friends. I was almost  
equally unfortunate in not having time to  
look up many others of whom I heard.

In Hurley, N. M., I saw Mrs. J. W. (Pat)  
Sheedy (Rose Leopold) '13. They have two  
daughters. Pat is shift foreman in the  
Chino mill. He attended the University  
and later the School of Mines.

In Miami, Ariz., Mrs. Ed. Graybeal (Alice  
Mathewson, '13). They have three very  
lively boys and a daughter. In Jerome,  
Ariz., I found Ernest Fredell. He is em-  
ployed by the United Verde Copper Co. as  
Chief Electrician at the mines. They have  
two boys.

I did not have time in Los Angeles to  
look up any of the number of University  
folk there and near there. I talked on the  
phone with Ned Winstanley, '12, who is in  
one of the banks. I made some inquiry as  
to our lost classmate, Homer Deuel, but  
could get no trace of him. In Frisco I saw  
Herman McGregor, '08, and the two Frank  
Bonners. Herman has one child, a son I  
think he said, and the Bonners two, Jack  
and Jean, who calls me "Bill" because their  
mother does.

You may imagine what visits I had with  
all these people, and how we talked about  
the rest of you. A. I. Morgan, '08, and Mrs.  
Morgan, Dr. Morgan of the University of  
California now, live in Berkeley, but I did  
not have time to see them. Mrs. Chas. Don-  
nelly (Nell Whitaker) lives in Alameda, but  
I could not see her, either.

Jim Bonner at Long Beach reports that  
he saw our old friend, Herbert Silloway,  
who drifted in on him one day. At the  
time Herbert had no definite plans, so Jim  
could not say what has become of him.  
Bob Line called me up the other night while  
passing through Butte. Unfortunately I  
was not home, so he sent me a postal to  
call me down.

I also have had a letter from Winning-  
hoff. "Dutch" says that the weather is  
hot and business poor. Otherwise he be-  
lieves he is O. K.

Are you beginning to make plans for  
Homecoming? Better do so. I have plans

COME HOME FOR HOMECOMING 1924

and hopes, mostly hopes. In that regard how do you people feel about the name of our athletic field? Personally, I would like to have it called Dornblaser Field again if the name can be transferred. If not then some other name with a real meaning and a definite association with the school. This is a matter for the students and alumni to consider, and some action should be taken at our fall meeting. Think it over and come down to Homecoming to say what you think. Write me as opportunity offers.

With best wishes I am

Your Secretary.
