Gambling	84	1%	\$22.52	\$12.42
Auto Repair	58	1%	\$70.98	\$49.44
Transportation Fares	31	0%	\$15.03	\$17.81

\*Data is collected quarterly. Therefore, year total group size, length of stay and avg. daily expenditures are weighted averages of quarterly figures.

<sup>^</sup> Expenditures may appear lower than typical costs in these categories because they are averaged across all visitor groups.

<sup>^^</sup>These figures represent the number and percent of visitor groups who actually spent money in each category. The dollar values are reflective of the actual average amount spent per

<sup>1</sup>Visiting friends and/or relatives. <sup>2</sup>Mean, or average, is the sum of the values divided by the number of values. <sup>3</sup>Median is the middle value in a string of numbers, with half of the values higher, and half lower than the median value.
