This store, the largest, best and most progressive in the University City, is the conceded head-quarters for everything one needs to wear, to add to the comforts of home, to eat and use. Its twelve immense departments, each one a complete store itself, affords the widest variety from which to make selections, and everything sold is of the highest quality, though, through the agency of enormous purchases to supply our wholesale and retail trade, moderately priced.

What Are You Making of Yourself?

Every man is the artiller of his own fortune and the architect of his own life. If he would only realize it in time, he wouldn't waste his best years in uncertainties, but would begin at once by a thorough business education that would fit him to occupy a position as an expert accountant, bookkeeper or stenographer by taking a course at the Butte Business College. In session all summer.

The Price of our Fixtures

If quoted here would give you no idea of their beauty, convenience and efficiency. For while the price is the same as that charged for ordinary gas or electric fixtures, the fixtures themselves are far above the ordinary. Better come round and judge for yourself.
