Action Period Web Site: www.publicanthropology.net

Course Objectives

1. Students will gain an appreciation of the diversity and richness of the human experience.
2. Students will acquire an understanding of the history, subject matter, and methods of study in anthropology.
3. Students will increase their knowledge of the history of human biological and cultural evolution.
4. Students will learn basic anthropological concepts and terms.

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or a disciplinary sanction by The University. All students need to be familiar with the Student Conduct Code which is available for review online:

www.umt.edu/SA/VPSA/index.cfm/page/2585

Course Description

This class will provide an in-depth introduction to anthropology surveying the 4 subfields of biological anthropology, archaeology, social/cultural, and linguistic anthropology. We will cover prehistory to modern times. Primates, language, marriage, family, religion, and food production will be covered. This course is required for all anthropology majors and minors and fulfills the general education social science distribution requirement.
