A MESSAGE FROM THE DEAN OF WOMEN

To New Women Students of Montana State University:

Welcome to Montana State University and to membership in the Associated Women Student organization. We are looking forward with much pleasure to sharing our university opportunities and especially our women's activities with you. A.W.S. has prepared this booklet as a guide for you in your life on the campus. In it you will learn about A.W.S. women's intramurals and other activity groups, their officers, living accommodations and customs on the campus. We wish for you a stimulating, inspirational year and shall be happy to assist you at any time or to answer any questions we may have left unanswered.

MAURINE CLOW,
Associate Dean of Students

A WELCOME FROM THE PRESIDENT OF A.W.S.

Dear Carol Coed:

A most hearty welcome to Montana State University! We are very glad to know you are coming, and we wish you all kinds of success as you embark upon your university career.

Realizing that you have many questions you would like answered before you ever get here, we have compiled into this handbook information that we feel is important. Please read your handbook carefully before you arrive, so that you will become well informed on A.W.S. rules, campus traditions, honoraries, etc. Bring it to school with you so that, as questions arise, you may refer to it.

We are looking forward to meeting you.

Yours for a rewarding year,
MOLLIE ILER,
President, A.W.S.
New Home...

As a freshman, your new home will be either North or New Hall, where the friends you'll make and the experience you'll share during your first year will never be forgotten. Because of these opportunities, the University requires all freshmen to live in the halls unless special permission is given by the Associate Dean of Students, or unless your home is in Missoula. All your meals will be taken in your residence hall. As an upperclasswoman, you'll be living in New Hall, the Synadelphic house or a sorority house, unless the Dean approves another home in which you plan to live.

If you plan to work for room and board, necessitating residence in a private home, you will find limited housing accommodations. However, all off-campus women are expected to abide by the rules governing on-campus women. On the average, four hours of service a day in a private home will provide for room and board; three hours provides for board.

Eight junior women, who will live in North Hall, will serve as your advisers. Officially called Junior Sponsors, these girls are chosen for campus participation, standards and scholarship.

As a freshman you will have a great responsibility. Make new friends. Be certain that you include other girls than those from your home town in your circle. Be especially nice to out-of-state girls, many of whom know no one when they first arrive on the campus. If you are a Missoula girl, you are on home ground and can make life easier for those who don't know the University. Play hostess — do all you can to make the out-of-towners feel at home and you yourself will benefit by having made many new and close friends.

The most important thing of all to remember is that you make yourself a part of the university, then you can enjoy yourself in your newest home.

New Friends...

Now, just a word of advice in regard to these new friends you will be making — in other words, how to be popular.

If you want popularity, remember: Friendly attitude, willingness to co-operate and good manners are important. If you live on campus, the houses have many rules of discipline that are necessary to keep a group of girls living in harmony. If at times you feel regimented, remember that the University has an obligation to your parents and that there must be regulations for the good of the many — so try to co-operate wholeheartedly. Be friendly and natural and you'll get along fine.

Your friendship will be desired if you:
1. Get to know and to understand the girl you are living with. Make a special effort.
2. Act happy and be agreeable.
3. Study elsewhere if your roommate needs her beauty sleep.
4. Return borrowed articles pressed and cleaned and in as good, if not better, condition as when you used them.

Your friendship may not be so desirable if you:
1. Leave the room as though a tornado had just hit it.
2. Borrow clothes or accessories, sport equipment or money without permission.
3. Converse longer than three minutes on the house phone. Even if you are going steady, there are always those girls who are hoping to get a date.
4. Ask a group into the room or turn the radio on full blast when you know your roommate has to study for a quiz.
5. Sing happily in the shower while the rest of the world waits to get sprinkled.
6. Talk too much about your high school accomplishments. Let your college record speak for itself.

**Education...**

Education is a very important part of your life these days. Basically, that is the main reason why you came to college. Your other reason may be one of the following:

1. You want a career that will both support and satisfy you.
2. You realize that education is valued in the world today and it will help you in your future life.
3. You believe an education helps a woman to be a better homemaker.
4. You want to be associated with women with ideas, personality and culture.

Whatever your reason, the education, the culture, the personality and character development factors are everywhere around you here at the university. It's up to you to profit by them.

Maybe you haven't decided on a major yet — the counseling center will help you find your aptitude and field of greatest interest. Both a testing service and a guidance laboratory are at your disposal to help you with any problems you may have. Also, if you decide during the year that you are not suited to the course that you are now in, the adviser to whom you will be assigned will help you plan your new course or tell you to take the tests to decide on your aptitudes and interests. If you are not sure about these things, take advantage of the help the university offers you.

To help you study, make a study schedule. Include some time for recreation, but once made, try to stick to the schedule. Keep up your work from day to day — this is very important. You are on your own and no one is here to force you to study as you had to at home. It is entirely up to you and you alone. If you find you are having excessive trouble, see your professor and he will be very happy to help you. One thing that should be stressed is — don't cut classes. The more classes you cut the more danger you are in of not passing the course. You will find yourself out in the cold after very many cuts.
A very good place to go to study is the library. Get the library habit. You can do all your studying there if you like. The library is quiet and has a studious atmosphere that helps you to concentrate. All kinds of reference books and periodicals are there. Browse around in it. Find out what it has to offer you, to help your studies.

If you really get into a class that you cannot understand, go to the Dean of the school. The deans of the various schools and Deans of Students are always there to help. Any assistance you may need is there for you. It is really up to you. You are here for the schooling that you can get, so, why not make the most of it and really work.

Don’t forget — study, study, study.

Church...

All churches present an open house at the university for new students during Orientation Week. There you can get acquainted with the pastor. He will explain any questions you may have about church clubs and the times of church services.

Here at the university, students representing all religious groups and living centers participate in a Student Religious Council which coordinates all religious activity on the campus. During the year, the council will sponsor Religious Emphasis Week, at which time speakers from various denominations will come to the campus and talk formally and informally with different groups. In addition to this, a Student Christian Association holds weekly meetings to which you are invited.

If you would care to take a course on religion, there are several available for credit. It would be well worth your while to take one of these courses.

Addresses are listed on pages 16 and 17 of the classified section of the telephone directory and a map of Missoula is on the back cover; so there is no need for you to wander around. Get the habit of attending church right away.

Health...

When you take your preliminary physical examination during the first week of school, you will meet the personnel of the Health Service. This service will assist you with any health problems during the year.
Their services will include an X-ray test during Orientation Week and various vaccinations, if you want them or need them.

Each quarter you pay a small fee which entitles you to infirmary care for 15 days of illness. You may not need this service, but if you do, don’t be afraid to take advantage of it.

The service will take care of any injuries or broken bones resulting from accidents on campus. The Health Service protection, however, ends with the university limits. Ski trip fractures and other off-campus injuries are your problem.

A doctor and nurse are on call 24 hours a day, so if you are ill you should contact the service immediately.

The Health Service can do only so much — so watch out for your own health. Eight hours of sleep a night will keep you fit and peppy. Studies will seem easier and life sweeter.

Activities...

Are you a Sport Enthusiast? The Women’s Athletic Association, through its intramural board, sponsors many activities that will give you the opportunity you desire to meet lots of wonderful gals and exercise your muscles. The intramural board is composed of outstanding girls who have been selected to manage sports in which they excel. W.A.A. sponsors social affairs, play days for high schools of the district and participates in the annual college play day.

Every university woman is automatically an associate member of the Women’s Athletic Association. Then after earning your first P.C. (Participation Credit) you are entitled to active membership which further entitles you to voting privileges and the right to participate in the social affairs of the organization. Each active member who has earned six P.C.'s will be awarded on “M” pin, and ten P.C.’s earn you a gold block “M” and membership in the women’s “M” club.

If music is your main interest, there are multi things to do. The symphony orchestra gives quarterly concerts and plays on special occasions, such as commencement. You will find a band and twirlers who take occasional tours around the state. The A Cappella choir, the university chorus and other choral groups unite each spring to present a special program. The music department this last year put on the opera “La Boheme.” The groups also perform at Christmas time. Individuals appear in solo and ensemble at convos, recitals, and meetings.

If you are dramatically inclined, you can drop in on the tryouts held each quarter for Masquer productions. Push, not pull, will give
you that part. If you prefer behind-the-scenes activity, you can paint flats on stage, assist the property manager or use your talents in the make-up room. The girl with the pins in her mouth is the costume mistress and she’ll gladly annex your talents if you wish. And always there is the business end to the play which includes house management, publicity and ticket sales. For the lass with the golden throat, Radio Guild offers many opportunities.

You say you are interested in publications... then you will want to become acquainted with the Kaimin and the Sentinel. The Kaimin is published by journalism school students every Tuesday, Wednesday, Thursday and Friday. It is distributed to the dormitories and buildings on campus before eight o’clock classes and is free to all students. The Sentinel is the yearbook which will contain your complete year, including friends, professors, classes, traditions, sports and dances. The Sentinel staff members are chosen spring quarter but there are many things you can do to assist the staff — typing, advertising, makeup, etc. The office is on the second floor of the Student Union Building — go in and introduce yourself. In fact, both these publications will welcome you and you’ll have a lot of fun, too.

So you like to argue. Well, any student is eligible to try out for a place on the debate team. This team meets other collegiate groups in hot debate and individual members enter state oratorical and extemporaneous contests.

In addition to the groups and activities mentioned above, there are numerous clubs many of which are associated with a school on campus. For instance, there’s the Homarts club for Home Ec majors. This club sponsors a style show each year, in which they model their own creations. Along this line of fun is the Ceramics Class.

Interest in mathematics is a requirement for membership in the Math Club — which includes activities such as discussions of the field by faculty members, an annual party at Dr. Merrill’s home and a picnic with the chemistry club.

The American Pharmaceutical Association has a branch on the campus known as the Pharmacy Club. They sponsor the annual Pharmacy Ball and promote interest in pharmacy and professional ethics in the field.

By no means small in number is the Ski Club, which boasts more than two hundred members. An annual week-end ski trip to Big Mountain or some other ski run is the highlight of the year’s activities.

More in the social line of activities are the Royaleers, the square-dancing group, the bridge club, South American dancing lessons, and the A.P.O. dances given every free weekend.

In addition there are many other clubs for both men and women on the campus. Most important of these are the church clubs which are discussed in the church section of the handbook.
**Clothes...**

What will I wear! The following schedule should assist you in choosing your apparel for almost every occasion that will arise.

GROOMING is half the battle of a pleasing appearance. This means a clean body, clean hair, clean nails, clothes brushed and pressed, shoes shined or brushed. POSTURE is the other half. No use buying clothes if you slump while you wear them. Walk like a queen — chin up, chest up, stomach tight, seat tucked under, stand tall.

 |  | No |  |  |  |
Informal | Dressy street length | Occasionally | Heels or dressy flats | Yes—yes | Plain coat

Buy your wardrobe so that everything will go together or at least not fight with each other. Don't buy too much — wait until you're in the know.

If you must err, let it be on the conservative side. A plain coat can go anywhere, even for evening; so can a smart simple suit. A basic dress can be changed by scarves and beads. Plain pumps are always smart and never out of style. A raincoat and galoshes are needed. Jeans are worn only for picnics or intramural sports — NEVER downtown. They are correct, too, at barn dances and Foresters Ball.
Social Life...

And, by the way — how are you on introductions? Since making new acquaintances is practically a perpetual process on a college campus, 'tis good to know how.

The most gracious form to use is "May I present . . ." — but more simply, you can say, "Do you know . . ." or "I'd like you to meet . . ."

Which name comes first? The woman's if you are introducing a man. The older person's if they are of the same sex. The married woman's name first if introducing her to an unmarried woman. The most important person comes first if he is really distinguished.

Acknowledge introductions with a smile and "How do you do" You may or may not shake hands with another woman as you wish. You usually do not offer your hand to a man unless you are a hostess. And your handshake should be a happy medium between a dead fish and an Amazonian strangle hold.

Now that you have introductions fairly well under control, here are a few hints on "dating" that might come in pretty handy to you freshman co-eds. Incidentally, they apply to upperclasswoman as well.

1. Never break a date with one man for another. You might think the second one would feel flattered, but he won't. He'll just mistrust you in the future and think you a poor sport.

2. Blind dates? Well, why not? You have a fifty-fifty chance. You'd be surprised how many married people were blind dates. Just be sure of your friend who arranges it, and you won't go wrong.

3. When you are asked on a coke date don't order a banana split. Maybe he's only got ten cents.

4. Let him be a Sir Galahad and don't barge in to wait on yourself. Hand him your coat, and hesitate before doors — you'll be surprised how soon he starts liking it — and you!

5. You follow the waiter or the usher, if any. If not, he finds the place.

6. Don't talk about the men in your life, real or imagined. Talk about him or better still, let him talk about himself. A good listener is more appreciated than a clever conservationist most of the time.
Now just a word about campus behavior, and then you will have
to take over for yourself.

1. Avoid peculiarities of dress and manner that make you conspicuous. Loud talking and silly giggling may make a man notice you — but not favorably.

2. If you believe that double chins are avoided by chewing gum, do it only in your own room. No girls wants to be compared to a cow.

3. It is rude to block halls, walks or stairs by holding conversations. Step to the side, please.

4. Displays of affection are a private matter and should be kept so.

5. Be democratic and friendly. It pays dividends — you'll see.

Honoraries . . .

SPURS

Honoraries for women include first, Tanan-of-Spur, an honorary for sophomore women. Each spring twenty-five Spurs are chosen by a point system. The points are given for dependability, a 1.3 grade average for two quarters, school spirit, neatness, willingness to work, pep, personality, and activities. Points for activities may be earned in dramatics, athletics, music, debate, publications, clubs, and religious groups. An important requirement for eligibility in Spurs is that you drink only soft drinks during your freshman year. This is also true of your sophomore year, when you are an active Spur.

The Spurs' motto is: "At Your Service," and they serve by taking care of the unpublicized, but necessary, details such as ushering at games and concerts, conducting tours, serving at teas, selling tickets, working on information booths, helping on drives, and generally being of service to the school. In the fall the Spurs sponsor an annual Sadie Hawkins dance to which all university gals drag their Lil' Abners for an evening of fun and dancing.

ALPHA LAMBDA DELTA

Freshman women who have maintained a grade point index of 2.2 ("B" plus) average fall and winter quarters are elected to Alpha Lambda Delta, national honorary which was founded here by the local chapter of Mortar Board. The active members encourage high scholarship among freshman women. At a ceremony in the dorm, fall and winter quarter, the actives present roses to women having a 2.2 average. A permanent honor roll chart is kept in North Hall.

MORTAR BOARD

This is one of the highest honors a woman can earn on the campus. Members are chosen by a unanimous vote of the active members and
are tapped at an S.O.S. during track week. They are tapped during their junior year and are active their senior year.

Mortar Board members are definitely above average in scholarship, leadership, and service. Their activities include sponsoring a training workshop for all campus officers, giving the "Smartly Party" and sponsoring the local Alpha Lambda Delta organization.

**KAPPA TAU**

*Kappa Tau* is a local scholarship fraternity for both men and women who have maintained a better than "B" average for three years, and are outstanding leaders. The chapter is working to affiliate with national Phi Beta Kappa. They publish a student-faculty directory and offer a scholarship to an outstanding junior.

**ETA EPSILON**

*Eta Epsilon*, women's home economics honorary, promotes home economics on the campus. A member must be of junior standing, have taken at least 24 credits in home economics, have a 1.7 grade index in home economics, have the university average for your entire school record, have no F's on your record, and be active in the Homarts Club.

**PHI CHI THETA**

*Phi Chi Theta*, woman's business honorary, works with Alpha Kappa Psi, men's business honorary, on Bank Nite, and the annual job clinic. They also give a $20 scholarship to the junior girl having the highest scholarship in business administration. They award a key to the outstanding senior girl majoring in business administration. A 1.5 grade index in business administration is required.

**MU PHI**

*Mu Phi*, women's music honorary, promotes musical interest on the campus, presents a musical convocation to the student body each year, handles the publicity for recitals given by women music students and assists with music meets. Members are chosen on the basis of scholarship, music participation, campus activities and character.

**THETA SIGMA PHI**

*Theta Sigma Phi*, women's journalism honorary, takes an active part in the activities of campus life. Each year they sponsor the annual Matrix Table dinner which honors an outstanding co-ed from each class and bring to Missoula a noted feminine journalist. They also sell "Campus Rakings" on Aber Day, which contains humorous scandal about students and faculty.

**MASQUERS**

*Masquers*, dramatic honorary for men and women, pledges hardworking students. With 200 hours (20 points) in two fields of endeavor, you are a full-fledged member. When you have 100 points you reap the highest title — Masquer Royale. The year's program includes variety reviews, an all-school musical with the music school, a spring operetta with the music school, the Little Theatre Festival. They also sponsor the university film society which brings foreign and classical films to the campus each Sunday evening.

**AQUAMAIDS**

*Aquamaids* is a woman's swimming honorary whose members are elected on the basis of a standard swimming test and interest in the
organization. They present an annual water pageant winter quarter, sponsor intramural and intercollegiate women's swim meets and help with high school play day.

WOMEN'S "M" CLUB

The basic requirements for membership in the Women's "M" Club include a junior class standing, a "C" scholastic average and ten participation credits, earned in three team sports, three individual sports, and four elective sports of which not more than two may be interseasonal activities. Girls thus eligible must also meet certain character and leadership requirements set up by the "M" club. The club works in co-operation with W.A.A., sponsoring several social affairs, to which all women students are invited, and play days. They give an annual "Sno-Party" at which time new members are tapped.

Traditions...

Every college has its traditions — events which happen yearly and which endear the university to its alumni. Some are funny, some serious, and some sentimental. You won't want to miss any of them.

Orientation Week... For freshmen and new students. Here is your chance to get started with your best foot forward. Your counselor will be waiting to meet you when you arrive, and from then on she will help you get acquainted and oriented. Don't miss the mixers where you will meet the rest of your class.

Hello Walk... The walk from the Law School to the Library is dedicated to the idea of friendship. This is an old tradition which we try to emphasize. Speak to everyone you meet and they should speak to you in return. It's a good way to make new friends.

Painting the "M"... During Orientation Week, all the freshmen hike up the side of Mt. Sentinel to whitewash the "M". There will be a bucket brigade where you can start making acquaintances in a really friendly fashion. Food usually follows, served by the Spurs and Bear Paws.

A.W.S. — Mortar Board — Spur Tea... On your second Sunday away from home, usually called "Sob Sunday," this tea helps make the day pleasant. Your counselor will call to take you to the tea where you will meet other Frosh girls and some of the upperclasswomen.
Convocations... After school gets under way, these are held, on Friday usually, and offer outside or student entertainment. Always something to look forward to.

Homecoming... There will be a football game, floats by each dorm and house, a homecoming queen and houses all decorated up for visiting alumni. Although it's a day for the alums, everyone else has a good time, too.

Victory Bell... After each athletic victory, the Frosh rush to Main Hall to get a few pulls on the bell. They take turns and by agreement ring it only an hour — but hard.

Bobcat-Grizzly Game... Formerly held in Butte each year, now to be held in Bozeman and Missoula in alternate years. This year it is Missoula's turn to play host. It is an annual battle which is usually lots of fun; incidentally, we usually win the game.

Dad's Day... All Dads are honored at a football game. Awards are presented to the Dad coming the greatest distance and to the oldest Dad.

S.O.S... A beloved tradition of singing on the steps of Main Hall. Honoraries tap their successors, college yells and songs are perfected, and as the bell strikes eight everyone is silent. The last note of the bell ushers in the singing of "College Chums" and everyone leaves feeling happy and friendly. Just before Christmas vacation there is a special S.O.S., around the lighted tree in front of Main Hall, where we all gather to sing the familiar carols. The Spurs hold lighted candles to add to the Christmas spirit.

Miss Montana Pageant and Coronation Ball... At the pageant all the Miss Montana contestants show off their talent and the six finalists are selected by the judges. The next night at the Ball, one of the contestants is crowned "Miss Montana." Every girl takes her favorite beau and shows him a good time.

Aber Day... An old tradition of cleaning up the campus. Barbeques and faculty-student baseball games are featured to say nothing of the High Court and Theta Sigma Phi's infamous publication of "Campus Rakings." The day starts at 6:00 in the morning, ushered in by the ringing of the bell. Spurs, Bear Paws, and the "M" Club rouse out all the sleepy heads left by 6:30.

Interscholastic Meet... The weekend when all the high school students come down to visit us. We try to give them a good time and a taste of university life, while they are competing in track, tennis, golf, oratory, dramatics and journalism. During this meet the all-school songfest is held, and three honoraries are tapped. These are — Mortar Board, Silent Sentinel and Spurs.

Lantern Parade... Carrying lanterns, the underclasswomen honor the graduating seniors the Saturday before Commencement. All co-eds march around the oval with the seniors forming an "M" in the center. "Montana, My Montana" is sung from the tower of Main Hall and the women all answer with the beloved "College Chums."

Senior Bench... Donated by the class of 1910, this bench is reserved for the seniors only. It is located just inside the main entrance of the campus. This is strictly off limits for Frosh.
The Associated Women Students, an organization to which all women in the university belong and which has general direction of matters pertaining to women student life, works co-operatively with the university administration and faculty to maintain the most desirable life and environment on the campus for all women students. It is both a service and an executive organization.

According to university regulations, all women students under 21 years of age not residents of Missoula are required to live in the residence halls, sorority houses or co-operative house. For a large group of people to live amicably together, it is necessary to surrender a few small privileges to insure everyone a maximum of comfort. A.W.S., therefore, has legislated for the protection of its members that:

**HOURS**

1. Freshman women students shall be in their homes by 10:30 p.m. Sunday, Monday, Tuesday, Wednesday and Thursday. Upper-classwomen shall have the same hours, with the exception of 11:00 p.m. on Sunday.

2. On Friday, Saturday and nights preceding all university holidays, the hours are extended to 1:00 a.m. University holidays are Thanksgiving, Decoration Day and Track Meet.

3. Senior women, in good standing ("C" average with 135 credits plus required Physical Education credits at the end of junior year) may use senior privileges, which are 11:30 p.m. hours on week nights. Use of the privilege to the extent of two week nights, excluding Monday night, will not be considered an abuse in ordinary circumstances. As a point of honor, women will inform their housemother before 6:00 p.m. of the night they expect to use their privileges.

4. The Judicial Committee consisting of the four officers of A.W.S., with the vice-president acting as chairman, two traveling representatives, plus the A.W.S. representative of the case concerned will consider infractions of rules and will recommend to the A.W.S. Executive Board for their approval the penalties for the infraction committed. The usual penalty is a "campus" which means that the individual is restricted to her living center from 6:00 p.m. until 6:00 a.m. the following morning. In addition, she may have no guests.

5. (a) In regard to hour regulations, the following lates are automatically reported to the Judicial Committee; a penalty of one-night campus is given for each of the following violations:

   (1) One late totaling 15 minutes or over.
   (2) Two lates totaling 15 minutes in any one quarter.
   (3) Three lates whether they total 15 minutes or not in a quarter.

   (b) Any tardiness in excess of the first 15 minutes shall be considered by the Judicial Committee and penalty shall be left to their discretion for recommendation to the Executive Board of A.W.S. for vote.
The penalty for three or more appearances before the Board will be left to the discretion of the Board.

The penalty will be two weekends for a broken campus.

A deferred campus can be obtained only by calling the president of A.W.S. For each night deferred, an extra night of campus will be added.

A late the last two weeks of school will be handled at the discretion of the Judicial Committee.

6. Men are not allowed in women's residences before 4:00 p.m. on Monday, Tuesday, Wednesday, Thursday and Friday; and 12:00 noon on Saturday and Sunday. They are also not allowed in the women's residences between the hours of 7:30 p.m. and 9:30 p.m. Monday, Tuesday, Wednesday and Thursday.

7. College women may not visit the residences of men without approved chaperonage.

HOUSE REGULATIONS

8. Quiet hours: Houses are to be quiet from 8:00 a.m. to 12 noon, 1:00 p.m. to 4:00 p.m., 7:30 p.m. to 9:30 p.m. and 10:30 p.m. to 7:00 a.m. From 9:30 p.m. to 10:30 p.m. houses should be sufficiently quiet for those who wish to study or sleep. Radios, if used, should not be heard in adjoining rooms.

TRIPS

9. Women going on hikes or automobile trips shall inform their respective housemothers as to the direction of such hikes or trips when possible, and must sign out if they expect to be away more than two hours.

10. Women shall not leave their residence for overnight without special permission from the Associate Dean of Students.

11. Women students who remain in town during vacation must have their housing arrangements approved by the Associate Dean of Students.

12. Students who desire to be absent from the college should obtain a leave of absence card. (A leave of absence will not, in any case, relieve the student from being held responsible for the work of the class during absence.)

13. Freshman women are allowed only three weekends a quarter for going home or on other trips. Freshman women with a 1.4 fall quarter average are exempt from this rule. Thanksgiving does not count as a weekend.

14. A woman student making an out-of-town trip with a man other than a near relative, must file with her application for leave of absence a letter from her parents, or guardian, stating that such a trip is approved. Parent's permission is filed with the Associate Dean of Students.

15. All women going home for the weekend will be required to report back to their respective living groups according to university hour regulations. In case of extreme emergency when a woman is unable to return by the specified time, she will be required to notify her housemother. Special travel permission will be granted to students not more than three times per quarter to return late in case of late bus or train.
16. The above rules are applicable to regularly enrolled undergraduate women students during the regular academic year as set forth by the official calendar.

17. All exceptions to the above rules will be left to the discretion of the Board with the approval of the Associate Dean of Students.

**ACTIVITIES**

Your A.W.S. also keeps the active co-ed on a well-balanced diet of activities via the point system. This is a mechanical load leveler which limits the amount of outside activities that may be carried over a four-year bridge. Offices and activities are divided into letter groups—A, B, C and D. They are also classed as permanent and temporary.

A “C” scholastic average is required to hold any office. No woman may hold an A-A, B-B, A-B combination simultaneously, but an A-C, B-C, C-C-C rating is permissible. Any number of D listings may fill out activity life. Temporary offices must be two letters down if the woman has an “A” rating, i.e., A-C, A-C-s, and one letter down if the woman as a “B” rating, i.e., B-C, B-C-c. Conflicting groups and borderline cases will be decided upon by the A.W.S. board.
