Student Work List for 1946 Aber Day

PARLIAMENT BILL No. 1

A bill for the cleaning up of the Montana University campus by means of a general call to work issued to all subjects of the realm on a date, not specifically named here but which will fall between the fifteenth and thirtieth of the month of April, year of our Lord, 1946.

In the name of the crown and, more definitely, King Willie I, it is hereby decreed and ordered that all subjects of the realm, be they of any of the many political parties, shall join together in common purpose and intent for the purpose of doing away with certain lamentable and unsightly piles of rubbish, dead grass, old ketchup bottles, corruption, leaves and numerous other flotsams and jetsams that now bespoll and deface our Empire.

For the better organization and more efficient dispatch of this task to which the kingdom is committed there is herewith provided a list, taken from the royal census, showing the names of all the subjects and further, listing certain subjects to each of the several parts of the job before us.

Upon the successful completion of the job there will be a great feast in the King's courtyard and the royal larder will provide its most lavish possessions to the people, without whose efforts the entire project would certainly fail.

To announce the dawning of this great day of common endeavor there will be a loud, long and clamorous ringing of the royal official bell in Main Hall, whereupon all the members of the ministry will arise and proceed in great haste throughout the realm awakening and calling together all the King's loyal subjects.

The palace guards, to be identified for this day by a large letter "M" emblazoned on their tunics will be on hand to expedite the task and to prevent clandestine outlawries and misconduct as well as slacking on the part of any of the subjects so inclined, Heaven forbid. All the usual devices for the adornment of the features of the feminine subject will of course be foregone for this great day. These devices, at best only an inducement to make working men tarry at their tasks are highly undesirable for this day and the palace guards are especially commissioned to prevent abuse of this ruling.

After the great feast of the kingdom there will be conducted by the crown a high court, convened for the punishment of lawbreakers, advantage takers, slackers, ne-er-do-wells, miscreants, snide personalities, underhanded operators and various other disreputable characters whose crimes have been committed during the last nine-month.

In the evening there will be singing and dancing in the streets of the kingdom and great rejoicing over a job well done.

By Royal Command,
WILLIE REX

- In the name of His Majesty's Government,
Pinhead, Prime Minister of all the Empire.
- King:
Willie I. (House of DeGroot)
- Prime Minister:
