This Syllabus is brought to you for free and open access by the Course Syllabi at ScholarWorks at University of Montana. It has been accepted for inclusion in Syllabi by an authorized administrator of ScholarWorks at University of Montana. For more information, please contact scholarworks@mso.umt.edu.
Political Science 495 – Advanced Nonprofit Management
Spring, 2003 Syllabus

Instructor: Nancy Leifer
Office: Corbin Hall room 347  Mailbox: Political Science Office, LA 350
E-mail: nancleifer@aol.com (not to be used for submission of homework)
Office hours: available most of the time – please make appointment
In addition, I will be in the office Mondays, 1:10-2:00 p.m. and 3:00-4:00 p.m.

Guest Instructor for Financial Management:
John Filz, Executive Director, Head Start for Ravalli County

Course Purpose:

Advanced Nonprofit Management is designed to give students who have had some background in nonprofit organizations more in-depth exploration of project management in a nonprofit setting. The course focuses on four specific issue areas:

Project/program planning and implementation
Budgeting and financial management
Grant writing
Fundraising

These four issue areas are interrelated and will be integrated as the course proceeds. Students will work with a real-life potential project as the focus for their graded assignments. Students can use a project from a nonprofit with which they are working, or locate a project in a nonprofit through the Office for Civic Engagement by contacting Andrea Vernon, Social Science Room 126, phone: 243-5159.

Textbooks:

There are two textbooks for the course, chosen to be useful reference documents for students after course completion as well as for their information for the course. These are:

Secrets of Successful Fundraising: The Best from the Non-profit Pros complied and edited by Carol Weisman, published in 2000 by F.E. Robbins and Sons, St. Louis, Missouri

These textbooks cover most of the material for the second half of the class. Assigned readings for the first half of the class will be on reserve in the Mansfield Library.
Assignments and Grading Criteria:

Grades will be based on the following assignments:

- Practice assignments 20%
- Project design documents: logical framework (10%), network (5%), and responsibility bar chart (5%) 20%
- Exam on Financial Management and Budgeting 20%
- Project Grant Proposal 20%
- Project Fundraising Plan 20%

Practice assignments: The course is designed to help students develop and apply concepts in each area by practicing the application of concepts to a project common to the class and to their specific nonprofit project. Weekly practice assignments will be due in the Instructor's mailbox by 1:00 p.m. of the Wednesday preceding class. These assignments will be reviewed, but not graded. Points for practice assignments will be awarded on the basis of timely completion and effort.

Project design documents: Students will prepare a logical framework, performance network diagram, and responsibility bar chart for the nonprofit project with which they are working. This assignment will be graded on completeness, demonstration of knowledge of concepts, and thoroughness of thought in the final submitted documents. Drafts of the documents will be included as practice assignments prior to the due date of the final assignment to allow for development in applying the concepts of each.

Exam on financial management and budgeting: This exam will be given on Thursday, March 25, the last class period before spring break. The exam will test student’s ability to read spreadsheets, formulate budgets, and demonstrate knowledge of concepts in the areas of financial management and fiscal control.

Project Grant Proposal: Students will prepare a grant proposal for the nonprofit project upon which they are working. This assignment will be graded on completeness, clarity and persuasiveness, and presentation (including spelling, proper word use, and use of headings and space). Drafts of each portion of the grant proposal will be included as practice assignments prior to the due date to allow for development in applying the concepts to the final project grant application. See assignment sheet for more details.

Project fundraising plan: Students will prepare a fundraising plan specific to the nonprofit project with which they are working. The plan will include identified sources for income sufficient to cover the project costs plus contingency. See assignment sheet for more details.

Late work: Graded assignments handed in late will be reduced by 1 grade point if handed in by 1 p.m. Wednesday of the week following the week due (i.e., an A will be reduced to a B); by 2 grade points if handed in two Wednesdays following class session in which it was due, etc.
## Course Schedule

<table>
<thead>
<tr>
<th>WEEK</th>
<th>TOPICS</th>
<th>READINGS (to be completed prior to class for which they are assigned)</th>
