JOHNNY IS CALLED FOR AN EXPLANATION OF THE NEW FOOTBALL RULES

JOHNNY is an ardent football fan and familiar with the hipper-dipper, razzle-dazzle technicalities of the game. Knowing how confusing some of the 1950 major rules changes can be, he simplifies them with the question-answer session appearing below.

QUESTION: Is it true that each team will now have five times-out in each half?

JOHNNY: Yes. Last year each team was only permitted four free times-out in each half, but this year they are allowed one more, making a total of five in each half.

QUESTION: I understand that there is no such thing as a signal for a Fair Catch any longer. If this is true, how can a safety man catch the ball when there are would-be tacklers coming in on him?

JOHNNY: It is true that the signal for a Fair Catch has been abolished and the safety man is no longer given that protection. On the other hand, the receiving player must always be given an unmolested opportunity to catch a kick and if he is interfered with, he will receive the ball and be awarded a 15-yard penalty in addition.

QUESTION: If the Center moves the ball before snapping it, and both teams charge offside, do the two off-sides cancel each other out and is there a replay of the down without penalty to either side?

JOHNNY: No. Once the Center has adjusted the ball for the snap, if he moves or changes the position of the ball before he snaps it, any such movement will cost him a 5-yard penalty regardless of whether or not the ball is snapped; and if the opponents should charge offside, the penalty against them is cancelled.

QUESTION: Was there a penalty for a flying block and flying tackle which has been deleted under this year's rules? In all the years I have been watching football, I have never seen a penalty for either.

JOHNNY: Yes. For many years there was a 5-yard penalty against a player making either a flying tackle or a flying block. However, since it was so rarely called, it was felt advisable to drop it completely.

QUESTION: Has the rule on roughing the kicker been changed this year?

JOHNNY: No, I wouldn't say it has been changed but merely enlarged to protect the holder of a place kick as well as the kicker. This year, if incharging linesmen rough the holder of a place kick, they will receive the same penalty as if they had roughed the kicker himself.

QUESTION: If, on a try for point after touchdown, the defensive team commits a foul but the point is good anyway, is the foul by the defensive team cancelled out?

JOHNNY: No. It will be penalized on the next play which will be the following kickoff. As you will remember, last year as long as the point was good, the defensive team was forgiven its foul, as there would be no purpose in the offensive team repeating the play.

QUESTION: Last year if a player in intercepting an opponent's pass or catching a kick carried the ball into his own end zone and was downed there, it was a safety. Is there any change in that rule?

JOHNNY: Yes. This year if the player makes a catch in the field of play and is involuntarily carried into his own end zone by his own momentum, where he is tackled or downed, he will be given the ball at the spot in the field of play where he made the catch.

As penalties occur, turn to the Inside Front Cover for an explanation of each.
