COURSE SUMMARY:

Course Description:

This course is a weekly journal club. Each week one participant will select a current virology research article, and present it for critical group discussion.

REQUIREMENTS, OUTCOMES AND GRADING:

A. Requirements:

- Formal presentation of 1 research article.
- Participation in the critical discussion of articles presented by others.

B. Learning Outcomes. After this course students should be able to:

1. Select an important current virology research article
2. Deliver an effective oral presentation of a current research article.
3. Critically analyze a current research article.

C. Grading.

- Pass/Fail determination based on demonstrated effort.
- A maximum of 2 absences will be allowed.
- Remedial assignments may be developed to accommodate unavoidable absences.

Disability Services

The University of Montana assures equal access to instruction by supporting collaboration between students with disabilities, instructors, and Disability Services for Students. If you have a disability that requires an accommodation, contact either of us at the beginning of the semester so that proper accommodations can be provided. Please contact Disability Services for Students if you have questions, or call Disability Services for Students (DSS) for voice/text at 406.243.2243. You may also fax the Lommasson Center 154 for more information at 406.243.5330.
