## GENERAL STATEMENT

The act to establish the School of Law was approved February 17, 1911. The School of Law was started in September, 1911, while C. A. Duniway was president of the University of Montana. In 1914 it was admitted to the Association of American Law Schools of which it is a member in good standing. It is among the schools approved by the American Bar Association.

The school is located in a well-equipped law school building with adequate class, office, library, and court room facilities. It has a working library of 33,853 volumes.

The School of Law will operate on a four-quarter basis as long as the needs of returning veterans require it. Nine quarters' work in residence are requisite for the Bachelor of Laws degree. Students may enter in the summer as well as in the fall quarter of 1950.

### Requirements for Admission

Non-veteran applicants for admission must present credits equal to one-half of the work acceptable for a Bachelor's degree in Montana. Non-theory courses are not acceptable under the above rule with the exception that required courses in physical education and military drill are acceptable up to 10 per cent of the total credit offered for admission. This work must be done in residence at an approved college

or university and have been passed with a scholastic average at least equal to the average required for graduation in the institution attended, and this average shall also be attained by the student in his theory courses.

Furthermore, he must have obtained a number of grade points at least equal to all of the credits for which he has registered and for which he has received a grade. Negative grade points (one for each credit of I, E, or F) must be subtracted from the positive grade points earned to determine the number of grade points acquired toward meeting grade point requirements. A graduate of an approved school will be considered as having satisfied the requirements. For methods of computing grade points see the General Catalog. When credits are accepted from another institution, grade points are evaluated at the time of transfer; however, where a student has had pre-legal work at Montana State University and at another institution, he must meet the above requirements on credits earned at Montana State University as well as on his entire record.

A veteran of the present war must present the same amount of credits with the same restrictions as to the percentage of non-theory courses and scholastic average as the non-veterans. He may, however, in lieu of, or in addition to, offering for admission credits obtained in regular college or university courses, offer credits for:

- (1) Military training as such (not to exceed 12 quarter credits). For purposes of admission credits so obtained are classed as credits in theory courses.
- (2) Work done on a college campus in class under the direction of regular members of the college faculty while the applicant was a member of the armed forces, if that college will give credit for such work towards its own degree and the work is of superior caliber.

He may satisfy the residence requirements by five quarters or four semesters of study in residence, either as a civilian or in the uniform of his country, in an approved college or university if he has completed at least 62 semester or 78 quarter credits of work acceptable for the bachelor's degree at the institution attended and the quality of his work has been equal to the quality required for graduation by the institution.

Although students are admitted who have met the foregoing requirements, three years of pre-legal preparation are recommended.

It is recommended that pre-legal students at Montana State University complete the curriculum of the Division of Social Sciences.

Special students are not admitted to the School of Law.

### **Requirements for Graduation**

Candidates for the Bachelor of Laws degree are required to complete:

- (1) The requirements for admission listed above.
- (2) Nine quarters of work in a law school of recognized stand-

ing, the last three of which must be completed in residence in Montana State University. Two summer sessions of approximately 6 weeks each will be counted as one quarter.

- (3) The following courses: Contracts, Property, Torts, Criminal Law and Procedure, Practice Court, Forms of Action and Code Pleading, or Civil Procedure, and Legal Writing.
- (4) A total of 126 credits in law with an average of at least one grade point for each credit.

Candidates for the Bachelor of Arts degree with Law as a major must meet the regular University and College of Arts and Sciences requirements for graduation. There is no foreign language requirement for this degree.

Any student who has conditions or failures in more than nine hours of work standing against him at the end of any year will be dropped from the Law School. Any student who has a condition or failure in one course of six hours or more at the end of his first year will be dropped from the Law School, unless he obtained at least eighteen grade points in his other courses; and any student having a deficiency of fifteen or more grade points at the end of his first year will be required to repeat, during the next year in which he is in attendance at the Law School, at least one-half of the hours of work in which he received a grade of D or less. Any student having a deficiency of more than twelve grade points at the end of his second year will be dropped from the Law School. Students who repeat courses will not receive a grade above a D on repetition of a course unless they finish in class above the lower half of those receiving C's.

No student will be recommended for a degree in Law who is markedly deficient in English, or who, in the opinion of the majority of the members of the faculty of the School of Law, is unfitted for admission to the practice of law by reason of a lack of honesty and integrity.

A special senior examination will not be given except to candidates for honors.

#### **Prospective Changes in Requirements for Graduation**

Candidates for the degree of Bachelor of Laws who enter upon the study of law for the first time subsequent to January 1, 1952, having satisfied admission requirements as set forth on page 4 will be required to complete four years or twelve quarters of work in a law school of recognized standing, the last three quarters of which must be completed in residence in Montana State University. Two summer sessions of approximately six weeks each will be counted as one quarter. Students in their third and fourth years in the Law School will take some courses in other departments of the University.

A three-year law course leading to the degree of Bachelor of Laws will be open to students who have satisfactorily completed three full years of work acceptable for a bachelor's degree at an accredited uni-

versity or college. This course will be confined entirely to Law School subjects.

### **Fees and Expenses**

The fees per quarter are: registration, \$5; incidental, \$15; building, \$5; Student Union building, \$1.67; student activity, \$7.50; health service, \$4; general deposit, \$10, paid once each year (charges for loss, breakage and fines deducted—balance refundable). The fee for non-residents of Montana is \$50 a quarter additional. The cost of books for the School of Law will average about \$50 a year.

The above fees are subject to modification by action of the State Board of Education.

### **Montana Law Review**

The Law School Association, of which all students of the Law School are members, publishes once a year the Montana Law Review. The notes and comments in the Review are selected from the best of the case comments and notes which all third-year students are required to prepare. The magazine attempts to cover the fields which would be most interesting to Montana lawyers.

### **Loan Funds**

Loan funds are adequate to supply current needs of students. Besides various general university student loan funds, available to law students, Montana State University Law School Foundation, a corporation established by the Law School Association, has accumulated a fund for loans to worthy law students.

### **Scholarships**

Former Chief Justice Howard Johnson and his wife, Alice S. Johnson, have made the initial gifts toward the establishment of the Montana State University School of Law Scholarship Fund with the hope and expectation that other friends of the Law School will make further contributions to the fund. Acting under the discretion confided in it, the faculty of the Law School will award no scholarships during the ensuing year.

### **Justin Miller Prize in Law**

A \$100 United States savings bond is awarded for the best comment each year in the Montana Law Review. This award was established by Justin Miller, 1913 graduate of the School of Law, who is president of the National Association of Broadcasters and former associate justice of the U. S. court of appeals of the District of Columbia. The current recipient is Glenn W. Clark, Arlington, Virginia.

### **Law Week Award**

This award of one year's subscription to Law Week is offered annually by the Bureau of National Affairs to the student who fin-

ishes with the best record of those graduating during the school year. The recipient for 1949-50 is Harold L. Holt, Missoula, Montana.

### **Combined Degrees**

Undergraduate students in regular standing, candidates for the degree of Bachelor of Arts, electing law as a major subject at the beginning of the junior year may count not to exceed 65 credit hours of the law course toward graduation and the degree of Bachelor of Arts.

Candidates for the degree of Bachelor of Arts with law as a major have no restricted elective requirements in classical or modern languages.

Students may also combine Business Administration and Law so as to secure in six years the degree of Bachelor of Arts in Business Administration and the degree of Bachelor of Laws.

### **Courses for Non-Professional Students**

Courses in the Law School are open to students in other departments and schools in the University who meet its entrance requirements. Credits obtained may apply toward degrees in such departments.

### **The Honor System**

The honor system has been in successful operation since the foundation of the school.

### **Method of Instruction**

The case system of instruction is employed.

Special attention is given to practice court work, in which the students are required not only to argue legal questions, but to try cases, prepare appeals, and go through all the steps incident to the trial of a law suit. A very thorough course is given in the use of law books in which the student learns by practice where to find the law.

### **Courses of Instruction**

The course of study extends over a period of three years and is so arranged as to require a total of 126 credits. No student will be allowed credit in any one quarter for over 15 hours' work in the School of Law; except that in addition, within the discretion of the dean, a student may be allowed to take an examination to remove a condition and be given credit upon satisfactory passage of the same. All first-year work and, in addition, the courses in Practice Court and Legal Writing are required of all candidates for the degree. Aside from the courses mentioned, all other courses in the second and third years are elective. The curriculum is designed to afford a preparation for the practice of law in any state, but special attention will be given in all courses to the codes and decisions of Montana.
