TO: Executive Officers
Academic Deans, Directors, and Chairs

FROM: G.M. Dennison, President

SUBJECT: 1995 - 1996 Operating Budgets

I have completed my review of the recommendations for each of the campuses of The University of Montana for FY 1996. This document contains the State Appropriated budgets and the budgets for Auxiliary and Designated accounts for each of the four campuses of The University of Montana. I will ask the Board of Regents to adopt the FY 1996 budgets during the meeting on 28-29 September 1995 in Billings.

We anticipate that undergraduate enrollment will increase from 12,758 full-time equivalent (FTE) students in FY 1995 to 13,178 in FY 1996, and graduate enrollments will increase from 1,091 FTE to 1,189 FTE. Montana resident enrollments will reach 10,566--an increase of 150 FTE students--while non-resident enrollments will increase by 368 FTE to 3,801.

The FY 1996 appropriated budgets for the four campuses of The University of Montana reflect the increased reliance on tuition to fund higher education in Montana. Overall, the FY 1996 appropriated budgets for the four campuses have increased by \$5,256,343 over the prior fiscal year (6.50 percent increase), in spite of a General Fund reduction of \$2,588,429 and a millage increase of \$556,059. Funding from student tuition and fee revenue will increase by \$7,165,044--a 20.50 percent increase over FY 1995. Please bear in mind that the revenue increase results from larger enrollments and changes in the mix of enrollments. The tuition rate increase amounted only to roughly 11.82 percent for undergraduate resident students and 3.07 percent for undergraduate non-resident students.

The FY 1996 appropriated budgets for the four campuses include an increase of 17.07 full-time equivalent (FTE) faculty positions, while the total number of employees on Regents' Contracts will fall by 0.28 FTE. Furthermore, the total classified FTE will increase by 22.10. We have allocated 83 cents of every new appropriated dollar to instruction, academic support (including library resources), and student scholarships.

I want to express my appreciation to the Budget Planning Committees on each of the campuses for the time and attention given to the preparation of the FY 1996 budgets.

Policy:	Budget and Fiscal Controls
Policy Number:	10.0
Date Adopted:	7/27/92
Revisions:	8/1/93, 8/1/94
Approved By:	George M. Dennison, President

The budget and fiscal control policies are intended to assure that The University of Montana operates within its annual State budget and complies with Legislative, Board of Regents, and State accounting mandates. The budget and fiscal control policies described in this memorandum apply to all State, Auxiliary and Designated accounts of the University. The Executive Officer accountable for the specific budget account is responsible for providing account managers with interpretations of these control policies.

Fiscal Controls

Each University Executive Officer—including the Provost, Vice Presidents, and Dean of Students—is responsible for assuring that accounts within his/her area of responsibility are administered within the expenditure authority and resources allocated by the President of the University. Each University manager with responsibility for a budget account is responsible for assuring that the expenditures within the account do not exceed the allocations authorized by the President, except as approved by the appropriate University Executive Officer.

State Accounts

Each State account is allocated a budget as approved by the President. The Controller's Office will review expenditures in each account (Org). The following procedures will apply during the current Fiscal Year if any account is over budget in total.

1. The Chair/Account Manager will be notified of the problem. The notification will be copied to the appropriate Dean, or Director, or Executive Officer and the Budget Office. The problem must be resolved within 30 days.
2. If the account is still over budget or projected to be over budget at the end of 30 days, notification will be sent to the appropriate Executive Officer. There will be 10 days to rectify the problem when it reaches this stage.
3. All transactions will be stopped and the President and Budget Office will be notified of the action on accounts that remain un-resolved after the ten-day period.

Year-end Balances

Within two months of fiscal year end, the Controller's Office will prepare a report detailing all previous year balances in all state accounts, arrayed by Executive Officer. If the sum of all the previous year account balances within an Executive Officer's area of

responsibility is negative, the current year budget allocations for that Executive Office will be reduced by an amount equal to the deficit. The Executive Officer is authorized to reduce budget allocations to individual accounts within his/her area of responsibility that had negative previous year balances.

Budget Controls

Each Executive Officer is responsible for the administration of the budget in his/her area of responsibility, and for assuring that the following budget controls are implemented and enforced.

Note: For purposes of this policy, a budget program is defined as a classification pattern based on function, and the budget programs are: Instruction, Research, Public Service, Academic Support, Student Services, Institutional Support, Operation and Maintenance of Plant, and Scholarships and Fellowships.

1. **Budget Transfer:** A budget transfer is defined as:
 - a. A transfer of budget authority from one expenditure category to another expenditure category within the same account;
 - b. A transfer of budget authority from an expenditure category in one account to a similar expenditure category in another account within the same program; or
 - c. A combination of the above.

One-Time-Only (OTO) transfers affect current year authority only. A Base Budget Transfer is a permanent transfer of budget authority.

Account managers can initiate a One-Time-Only or Base Budget Transfer by completing an RBC form (Request for Budget Change) and submitting it for approval to the appropriate Executive Officer. If the Executive Officer approves the RBC, he/she will forward it to the Budget Office for review for compliance with Legislative, Regential, and State mandates. RBCs in compliance will be entered into the accounting system by the Budget Office. RBCs not in compliance will be returned to the Executive Officer.

2. **Program Transfers:** A program transfer is the transfer of budget authority from an ORG in one program to an ORG in another program, i.e. Instruction, Research, Public Service, Academic Support, Student Services, Institutional Support, O & M, and Scholarships.

Account managers can initiate a One-Time-Only or Base Program Transfer by completing an RBC form (Request for Budget Change) and submitting it for approval to the appropriate Executive Officer. If the Executive Officer approves the RBC, he/she will provide the Budget Office with the RBC prior to submitting it to the President. The Budget Office will review the RBC for compliance with Legislative, Regental, and State mandates and advise the President. The RBC will be entered into the accounting system by the Budget Office only upon authorization of the President.

3. **Salary Adjustments:** Salary adjustments for faculty represented by the UTU and staff represented by unions are subject to collective bargaining agreements. Salary adjustments for contract professionals and individuals not covered by collective bargaining agreements are made annually by the Board of Regents on recommendations of the President. Mid-year or special salary adjustments for University employees are permitted only when authorized by the appropriate Executive Officer, the President, and the Board of Regents. Such adjustments are rare.
4. **Reclassification:** All costs, including fringe benefits, associated with the reclassification of a classified position to a higher level are the responsibility of the employing Department.
5. **Extra Compensation/Overtime:** The responsible account manager must initiate an RBC for approval by the appropriate Executive Officer if payments for extra-compensation or over-time exceed budget authority.
6. **New Positions:** All requests for new positions must be submitted on a Position Request and Authorization for Recruitment to the appropriate Executive Officer, who will, in turn, submit the request to the President for approval before recruitment begins. The source of funds for the anticipated base salary and associated fringe benefits (calculated at 22 percent of the base salary) must be identified and transferred via RBC to the appropriate position line and Fringe Benefit Pool.
7. **Part-time Faculty and Teaching Assistants:** Academic Departments must request budget authority from the Provost to create new part-time faculty and teaching assistant positions. The source of funds for the anticipated salary and associated fringe benefits must be identified and transferred via RBC to the appropriate position line and Fringe Benefit Pool.
8. **Refilling Positions:** A Position Authorization and Recruitment (PR&AR) form may not be processed for a vacant position until after a Termination Form has been received by the Office of Human Resource Services. Department managers responsible for the recruitment will certify that sufficient funds are available to fund the position before forwarding it for approval to the appropriate Executive

Officer. In the event the salary offered is greater than the available budget authority, the source of funds for the anticipated increase and associated fringe benefits must be identified and transferred via RBC to the appropriate position line and Fringe Benefit Pool.

9. **Fee Waivers:** The mandatory and discretionary fee waiver budgets are institutional accounts. Transfer of funds between accounts in the Scholarship and Fellowship Program may be authorized by an appropriate Executive Officer. Transfer of funds from the Scholarship and Fellowship Program to another budget program can only be authorized by the President.
10. **Fees and Charges:** Except as included in the Montana University System authorized fees and charges, no new fees or charges can be assessed to students without prior written approval by the President.
11. **Vacancy Savings:** Vacancy savings includes salary savings generated when 1) a position remains vacant (net of any sick and annual leave payoff costs); 2) a position is filled at less than the salary rate of the previous incumbent; or 3) the incumbent in a position takes leave without pay.

Each Executive Officer will establish policies for the "capture" and use of vacancy savings for accounts within his or her area. RBCs can be initiated to transfer vacancy savings to other expenditure categories, other accounts, or other programs in accord with #1, Budget Transfers or #2, Program Transfers.

Auxiliary and Designated

Budgets must be established for each Designated and Auxiliary account on the assurance there will be sufficient funds available to meet expenses.

Expenditures will be authorized up to the approved budget as approved by the President.

Budget amendments to increase spending authority may be requested by submitting revised budget plans to the appropriate Executive Officer for approval by the President.

The Budget Office will enter amendments approved by the President.

The following procedures will apply, during the current fiscal year, if an account exceeds budget or has an insufficient fund balance to process transactions.

1. The Controller will notify the Chair/Account Manager of the problem, with copies to the appropriate Dean or Director and the Budget Office. The Budget Office will assist with resolving the problem **within 30 days**.

2. If the account remains over budget or with a deficient funds balance at the end of 30 days, the Controller will notify the appropriate Executive Officer. That Officer has **ten days** to rectify the problem.
3. The Controller will halt all transactions on accounts with budget /fund balance problems that remain unresolved after the ten-day period, with notice of that action to the Budget Office and the President.

In selected and rare instances, the Controller may authorize an account manager to incur expenses in anticipation of future revenue provided the account manager identifies in writing the source of the prospective revenues and alternate sources of revenue in the event the anticipated source is not sufficient to cover the expense.

Please remember that designated and auxiliary accounts, as self-supporting entities, must have sufficient funds to meet expenses as incurred. Failure to satisfy this requirement will result in denial of budget approval. The procedures described above apply to all designated and auxiliary accounts, except for those designated accounts funded directly by indirect cost recoveries. For indirect cost recovery accounts, the Associate Provost for Research notifies the Budget Office and the Controller's Office of the accounts consisting of indirect cost recoveries. Once authorized the accounts can accept expenditures against the funds but in no instance may expenditures exceed fund balances.
