5. The following recommendation from the Committee on Admission and Registration was presented:

"Regular Admission: Graduation from a four year accredited high school including at least 15 units of credit. Students are advised to include among the required 15 units the following:

- |                                       |         |
|---------------------------------------|---------|
| 1. English Composition and Literature | 3 units |

Conditional Admission: The entrance requirement of graduation from a four years accredited high school, including at least 15 units of credit may be modified in individual cases by premitting the conditional admission of a student if he is (1) entitled to at least 15 entrance units, (2) and has been in regular attendance in the high school for four years.

A student granted conditional admission must present a total of 16 entrance units or equivalent to acquire regular admission. The student must make up the number of entrance units he lacks in one year from date of registration, or the University credits earned will be automatically transferred to make up the deficiency."
