The University of Montana in Missoula is located in a mountain forest setting in beautiful Western Montana. It is halfway between Glacier and Yellowstone national parks.

Four wilderness areas are located nearby Missoula. The natural surroundings offer excellent opportunities for hunting, fishing, backpacking, river floating, camping and other outdoor recreational pursuits. Two excellent winter ski areas are located within minutes of the University. Several other ski areas are only a couple of hours away by car. UM owns and operates its own golf course adjacent to campus.

The University of Montana is one of the West’s pioneers in education and was chartered February 17, 1893. The school opened in September, 1895, with 50 students enrolling the first day. Located on 201 acres at the base of Mount Sentinel, UM has grown from 50 students and seven faculty members to a present enrollment of 8,800 and approximately 450 fulltime state supported faculty positions.

Throughout its history, the University of Montana has sustained a high standard of academic excellence in teaching, research and service.

UM offers associate of arts degrees in two areas and bachelor’s degrees in 58 fields. It offers master’s degrees in 54 programs and doctoral degrees in 13.

The College of Arts and Sciences, which is the core of the University, includes a full range of programs and courses in the life sciences, physical sciences, social sciences and humanities. The College also offers curricula in interdisciplinary fields ranging from ethnic studies to interdepartmental studies.

Seven professional schools complete the academic program—Business Administration, Fine Arts, Journalism, Education, Forestry, Law, Pharmacy and Allied Health Sciences.

The aim of the University is to provide its students with a relaxing and meaningful learning experience with the best facilities possible. The administration, faculty and staff strive for this goal.
There's Gold In Them Thar Hills!

The University of Montana ranks 16th in the nation among the 2,400 eligible colleges and universities in production of Rhodes Scholars. UM ranks 4th among schools west of the Mississippi. Rhodes Scholarships provide two to four years at Oxford University in England. Students are chosen on the basis of scholarship, community and political involvement, athletic ability and personal character.

The Yellow Bay Biological Station, located about 70 miles northeast of Missoula on Flathead Lake, is the nation's oldest inland station. Among some 70 inland units in the United States, the UM ranks fifth for its program facilities and student population.

KUFM, a noncommercial public radio station operated by the radio-television department of the School of Journalism, is the only National Public Radio station in Montana.

University of Montana education majors compete very successfully for jobs with 93 percent of those with bachelor’s degrees and 100 percent of those with graduate degrees finding appropriate positions.

The Department of Social Work is fully accredited by the Council on Social Work Education and is the only Montana school that assures its graduates of a year of advanced standing in graduate schools of social work.

The School of Journalism has had 17 of its students selected as Sears Congressional interns — more than any other journalism school in the country. During the four-month internship, students work for a United States Congressman or Senator and also attend classes.

The Department of Art enjoys a national reputation for excellence in ceramics.

The Department of Drama/Dance has a professional theater group — the Montana Repertory Theater — based on campus. The Montana Repertory Theater, which tours throughout the Northwest, is the only professional Actors Equity company between Minneapolis and Seattle.

A University of Montana student has been chosen to receive a Truman Scholarship for three of the last four years. The national scholarship is given annually to students committed to a government career who have superior academic ability and leadership potential.

The Department of Anthropology has the largest collection of artifacts and records of pre-history in the region.

His collegiate coaching career started after his senior season in 1962, when Donovan joined the Cornhuskers as a graduate assistant. That season Nebraska won the Big 8 championship and advanced to the Orange Bowl. He then joined the Army, but stayed close to football, playing service ball in Korea and directing the division team to an 8-0-1 record.

1982 OUTLOOK
Wide Open Passing Attack for Griz in '82

The 1982 University of Montana football team will feature a wide open passing game spearheaded by the return of several key offensive players.

Defensively, the Grizzlies return 5/2 starters, and included in that group are an outstanding core of linemen.

The Larry Donovan-coached Grizzlies finished the 1981 season with a 7-3 overall record — the fifth winningest season in the school's history. Last season marked the first winning year for UM since 1975 (6-4) and was the best overall mark since 1970 (10-1).

"We feel that with the return of Marty Mornhinweg, Brad Dantic, Brian Salonen, David Glenn, and the addition of sophomores Bob McCauley, that once again the passing game will be the featured part of our offense," third-year coach Donovan said.

"Having lost a great tailback in Rocky Klever, we are now looking strongly at fullback Greg Iseman to get the job done for us in that category," Donovan said. "We still have to determine who will be our number one tailback and feel we do have a few quality players in that area."

Kleaver, a 6-3½, 220-pound TB from Anchorage, established himself as the number one career rusher in Grizzly history with 2,228 yards rushing. He was a second-team All-Big Sky pick last season and rushed for 783 yards. He was drafted in the ninth round by the New York Jets.

Mornhinweg has already broken the UM career completion record with 169 and has two seasons remaining. He is fourth in career passing with 2,061 yards and needs only 236 yards to become the Grizzlies' all-time leading passer.

Last season Mornhinweg set a single season completion record by connecting on 108 of 181 for 59.7 percent. The all conference honorable mention selection also set a single game percentage record in a 42-21 win over Northern Iowa by completing 14 of 17 passes for a lofty 82.4 percent.

Juniors Salonen and Dantic are ranked 8th and 10th, respectively in career receiving. Tight end Salonen has accumulated 598 yards, while Dantic has 544.

Glenn, a professional football candidate, was number two last season in the receiving yardage with 259 yards. He caught 21 passes and had an outstanding spring. Sophomore McCauley, a local all-state product two seasons ago, showed great maturity in spring ball and will be counted on heavily in '82.

Iseman, despite splitting playing time at fullback in '81, rushed for 227 yards for a lofty 4.5-yard average and also caught 11 passes.

"Our linebacking core is manned by athletes that can compete and have tremendous talent and proved themselves in action last season," Donovan said. "We are especially strong in inside linebacker with four players who have a lot of playing time under their belts. This should develop into a strength position. Outside linebacker is also a good area for us we feel but we need a little more experience there."

The defensive front was hit hard by graduation, however the outstanding linebacker core returns intact. This group is led by honors candidates Ben Kiefer, Curt McElroy, Scott Gratton and Joe Nuu.

McElroy is the top returning tackling from last season with 87 tackles and led the team with 37 unassisted tackles. He also had five tackles for losses and two interceptions. He was named by his teammates as the Outstanding Junior award winner.

Kiefer had 64 tackles and led the linebackers with 7 tackles for losses. Missoula product Gratton was selected by his teammates as the hardest hitter and received the Golden Helmet Award. He is the number two returning tackle with 66 stops and Nuu had 50 tackles.

"Our linebacking core is manned by athletes that can compete and have tremendous talent and proved themselves in action last season," Donovan said. "We are especially strong in inside linebacker with four players who have a lot of playing time under their belts. This should develop into a strength position. Outside linebacker is also a good area for us we feel but we need a little more experience there."

The defensive line will sorely miss first-team All-Big Sky pick Pat Curry as well as Dave Paoli and Dave Chaplin. The most experienced player returning is junior Andre Stephens who emerged as the top player at noseguard after spring drills. JC transfers, Cliff Lewis and Harold Guse showed signs of promise in the spring and red-shirt Mike Crouse should also help in this area.

"Having lost a great tailback in Rocky Klever, we are now looking strongly at fullback Greg Iseman to get the job done for us in that category," Donovan said. "We still have to determine who will be our number one tailback and feel we do have a few quality players in that area."

Brad Dantic
5-9, 175
Jr., Wide Receiver
Brad has consistently come up with the big play and averaged more than 25 yards per reception the past couple of seasons. He is also very effective on the end-around play, scoring two touchdowns in 1981. Despite only being a junior, he already ranks 10th in career receiving with 544 yards. "Brad has been our big play guy and we look for him to do that again his junior season," said head coach Larry Donovan. "We believe that Brad has matured as a player and his ability to catch the ball inside will be greatly improved."

David Glenn
6-4, 205
Sr., Wide Receiver
A second-team All-Big Sky Conference pick, Dave was the number two receiver on the team last year with 259 yards on 21 catches for a 12.3-yard average. "We believe Dave Glenn should be considered one of the top receivers in the conference and that defenses will be keying on him to slow down the Grizzly passing attack," Donovan said. "His size, hands, speed, and strength make him a top player at his position in the Big Sky."

Greg Iseman
6-1, 200
Sr., Fullback
Greg is the leading returning rusher this season. In 1981 he had 227 yards on 51 carries for a lofty 4.5-yard average. He scored two touchdowns. He also caught 11 passes last season. "Greg Iseman was a recruiting find two years ago and after splitting time as a junior we expect him to be the best at his position in 1982," Donovan said. "Even though he split playing time, he was still one of our most productive backs."

Marty Mornhinweg
5-10½, 185
Jr., Quarterback
An honorable mention All-Big Sky Conference pick as a sophomore, Marty has already established himself as one of the top QBs in Montana history. He needs only 236 yards passing to become the all-time leader in that category. Thus far he has passed for 2,061 yards in his career. "Marty as an on-the-field performer has done his talking with the way he plays," Donovan said. "He is a winner and a leader and most importantly a very good passer." Marty set a single season completion record by connecting on 59.7% (108 x 181) of his passes.

Dean Rominger
6-2, 210
Jr., Kicker
Dean emerged as one of the premier kickers in the Big Sky, if not the Northwest, keying four of Montana's seven wins in 1981. He connected on 11 of 18 field goal attempts and his FG against Idaho State in the closing seconds pulled out the win for UM. He led Montana in scoring with 56 points which ranks him tied for fifth in a single season. "Dean had a hand in winning games for us last season and came on as the kicker we knew he was," Donovan said. "We hope he has realized his potential and we feel with his added leg strength he will continue to be a key factor for us both as a field goal kicker and in kickoffs. He will be a defensive weapon for us in 1982."

Brian Salonen
6-2½, 235
Jr., Tight End
A second-team All-Big Sky pick as a sophomore, Brian ranked as one of the top receivers in the conference with 30 catches for 418 yards and two touchdowns. He already ranks 8th in career receiving with 598 yards. "When we talk about honors candidates this is the first person that comes to mind," Donovan said. "He is an outstanding student, athlete, and receiver. He improved his size from 190 to 235 pounds and his attitude is something inspirational to the rest of the team."
Honors Candidates

Defense

Scott Ellig
6-2, 195
Sr., Free Safety

One of the most consistent defensive backs last season, Scott's 41 tackles in 1981 ranks him second in that category for defensive backs returning. He had one interception and also recovered two fumbles last season and is a very heady player. "Going into his fifth year of collegiate football, Scott gives us the leadership and experience we need in the secondary," Donovan said. "We expect a lot of leadership from our free safety and with his excellent range, Scott should give us the edge we seek."

Tony Fudge
6-2, 200
Jr., Strong Safety

Tony is the leading returning tackler in the secondary and registered 47 tackles last year. He is very active and had several pass deflections and also forced two fumbles. "Tony is another honors candidate who has grown tremendously from a standpoint of strength and experience," Donovan said. "We expect to be one of the best hitters in the Big Sky Conference. This will be his third season as a starter. We are looking for good leadership from Tony."

Scott Gratton
6-0, 210
Sr., Linebacker

An inspirational leader on defense and special teams, Scott is the second leading tackler from last year's 7-3 team. Last season he had 86 stops including four tackles for losses. Pound-for-pound he is probably one of the best players in the Big Sky. "In describing honors candidates he doesn't fit the physical mold, but for the Grizzlies he is a true honors candidate as a hard hitter and team leader," Donovan said. "Whatever he lacks in height and weight he makes up with in speed, punch and leadership." Gratton was given the Golden Helmet Award last season which goes to the hardest hitter on the squad.

Ben Kiefer
6-4, 225
Sr., Linebacker

A very rangy player, Ben seems to always have the ability to get to the ball and knocked down several passes last year. He was also one of the leading tacklers on the squad with 64 including 7 for losses of minus 51 yards. "Ben has the size and speed (4.75 in the 40) and the ability to be called one of the top outside linebackers in the league," Donovan said. "He is also known for knocking passes out of the air and corralling sweeps."

Curt McElroy
6-1, 220
Sr., Linebacker

A ferocious competitor, Curt has been selected as team MVP on defense the past three seasons by the players. He is the number one returning tackler from last season and ranked second behind former standout Pat Curry last year. Thirty-seven of his 87 tackles were unassisted and he also had two interceptions and a blocked kick. "Curt has been our leading tackler at linebacker since his sophomore year," Donovan said. "His teammates pick him as the best player in his class every year and that's the way he plays every Saturday. He is a very intense, never-say-die type of player. He combines good pass defense experience with hard hitting."

Joe Nuu
6-1, 230
Sr., Linebacker

Another one of the Grizzlies' honors candidates at linebacker, Joe had 50 tackles and two sacks last season. He is expected to be even a more important player this year because of valuable experience gained last season. "Joe is a punishing type of tackler and is extremely effective against the running game," Donovan said. "With a year of collegiate ball under his belt we look for Joe to be a consistent player for us in 1982. He has a very good attitude and works hard to be the best at his position." Nuu is the No. 4 returning tackler at linebacker.

Big Sky Conference

The Big Sky Conference was formed in February 1963, when the presidents and athletic directors of six Rocky Mountain universities met in Spokane. The original conference members were Gonzaga, Idaho, Idaho State, Montana, Montana State and Weber State. Gonzaga entered the conference as a non-football playing school.

The conference derived its name from a pair of Montanans and a Washington sports editor. A. B. Guthrie, Choteau, Mont., wrote a novel titled "The Big Sky," and Jack Hallowell, former Montana State Advertising director, promoted the Big Sky theme as a nickname for the state. Harry Missildine, Spokesman-Review sports editor, picked up the name and in a sports column promoted the name Big Sky as the name of the conference. On Feb. 25, 1963, the conference adopted the name—Big Sky Athletic Conference.

In 1970 the conference expanded to include Northern Arizona University, Flagstaff, Ariz., and Boise State College, Boise, Idaho. Both entered as football playing schools.

Nevada-Reno became the newest member of the Big Sky July 1, 1979.

Jack Friel became the first commissioner in 1963, and the offices were established in Pullman, Wash., Friel's home. Following Friel's retirement in July 1971, the offices were moved to Boise, Idaho, and John Roning was named commissioner. Steve Belko was named commissioner and assumed duties July 1, 1977, following Roning's retirement.

Ron Stephenson became the fourth Big Sky commissioner in May, 1981. A native of Idaho, Stephenson's most recent position was Assistant Athletic Director at Boise State. He has 17 years of working experience in intercollegiate athletics as a student, coach and administrator.

Grizzly Cup

Initiated in 1921, the Grizzly Cup is the University of Montana's oldest athletic award. Dr. W. E. Schreiber, a long time head of the UM physical education department, began the award which is given to the athlete who best represents the University on and off the playing field.

The Steve Carlson award is given to the teams' most valuable player in memory of the former Grizzly running back. The Larry Miller Award is given in memory of the great Grizzly lineman and wrestler who competed for UM from 1967 to 1970. Miller died in an automobile accident in 1974. The award honors UMs' outstanding lineman and was established by the citizens of Ronan, Mont.

The Golden Helmet Award honors the hardest hitter on the team. It was set up on a nationwide basis by the Coca-Cola Company in 1967.

The Terry Dillon Award, honoring the outstanding back, was established in 1954 following the accidental death of former Grizzly Terry Dillon. Dillon played defensive and offensive halfback for UM from 1960 to 1962. He started at defensive halfback for the National Football League Minnesota Vikings.

The Paul Weskamp Award was established in memory of Paul Weskamp, a tackle on Ed Chinske's 1954 Grizzlies. The award honors UMs' outstanding lineman and was established by the citizens of Ronan, Mont.

Initiated in 1921, the Grizzly Cup is the University of Montana's oldest athletic award. Dr. W. E. Schreiber, a long time head of the UM physical education department, began the award which is given to the athlete who best represents the University on and off the playing field.

The Steve Carlson award is given to the teams' most valuable player in memory of the former Grizzly running back. The Larry Miller Award is given in memory of the great Grizzly lineman and wrestler who competed for UM from 1967 to 1970. Miller died in an automobile accident in 1974. The award honors UMs' outstanding lineman and was established by the citizens of Ronan, Mont.

The Golden Helmet Award honors the hardest hitter on the team. It was set up on a nationwide basis by the Coca-Cola Company in 1967.

The University of Montana Grizzly football team will become ambassadors for the United States in November of 1984—traveling to Tokyo, Japan to play in the 8th annual Mirage Bowl.

Montana will play the U.S. Military Academy (Army).

The Mirage Bowl was initiated in 1977. The bowl game is sponsored by Tele-Planning International, Inc.

"This is an outstanding honor for the University of Montana," said Athletic Director Harley Lewis. "It will be a tremendous experience for our players and coaches. It also should give our football program an outstanding recruiting tool."

The Grizzlies were first invited to play in the Mirage Bowl prior to the 1981 football season, and speculation was that UM would play in 1983. However two teams had already signed a contract to play that year.

This year's Mirage Bowl will feature 1980 NCAA champion Georgia against Kentucky.

Brainchild of Tele-Planning International, Inc. President Atsushi Fujita, the Mirage Bowl was named after a car produced by the sponsoring Mitsubishi Motors, a subsidiary of Tele-Planning Int., along with the Yomiuri newspaper.

Lewis said the University was aided by former Montana U.S. Senator Mike Mansfield, who is now the U.S. Ambassador to Japan.

The Mirage Bowl will be played in National Stadium in Tokyo, site of the 18th Olympic Games held in 1964. It has a seating capacity of 80,000 and the game has been a sell out for the past few seasons.
