March 11, 1930

1. A meeting of the faculty was held at 4:10 P. M. on the call of President Clapp, who presided.

2. The following members were present: Abbott, Ames, Atkinson, Bischoff, Bunch, Burch, Byrd, Carey, Clapp, W. P. Clark, Cook, Daughters, Deiss, Elrod, Erkkila, Feighner, Gleason, Hoffmann, Housman, Howard, Jesse, Krauss, Leaphart, Lennes, Lindsey, Line, Mason, Masselink, Mirrielees, O'Keefe, Phillips, Reidell, Rowe, Sanford, Scheuch, Schreiber, Severy, Shallenberger, Sickels, Speer, A. L. Stone, Mildred Stone, Suchy, Thomas, Toelle, Wahlin, Wallin, Waters, Flora Weisberg, Wright, Yeatts.

The following members were accounted for: Angus, Brown, Freeburg, Larsen, Lowman, Merrill, Miller, Spaulding, Torgerson, Turney-Righ.

3. The minutes of the meeting of December 12, 1929 were approved.

4. Mr. Atkinson, Chairman, Commencement Committee, announced that in accordance with the custom of the preceding year, deans and department chairmen were expected to wear academic costume at Commencement exercises.

5. The Committee on Admission and Graduation, Phillips, Chairman, reported that all the candidates for degrees and certificates who were provisionally approved by the faculty on December 12 completed all requirements, with the exception of the following:

I. For the degree of Bachelor of Arts

Healy, Isabelle Joan

II. For the University Certificate of Qualification to Teach

Healy, Isabelle Joan  
Jordan, Dorothy A.

6. Re: Langton, Claud; petition to waive two credits restricted elective in social science. Referred by Committee on Admission and Graduation without recommendation. A motion by Rowe to grant petition was lost by vote of 13 to 19.

7. The Committee on Admission and Graduation, Phillips, Chairman, recommended that the faculty accept the following students as candidates for degrees and certificates at the end of the winter quarter, 1930, with the provision that they complete the requirements for their respective degrees and certificates in accordance with faculty rules. The recommendation was unanimously adopted. (All of the following candidates were certified by the registrar as having completed requirements March 26, 1930.)

8. The Graduate Committee, Phillips, Chairman, reported that Carl McFarland completed all requirements for the Master of Arts degree during the autumn quarter, and recommended that the degree be granted him as of December 20, 1929.

The title of his thesis is: Administration of State Government in the United States, with Particular Reference to the Central Government of the State of Montana. His major subject is History and Political Science.

The recommendation was unanimously approved.

9. Phillips, Chairman, Committee on Admission and Graduation, presented a recommendation from the President that the faculty recommend to the State Board of Education that the honorary degree of Doctor of Laws be granted to James M. Hamilton, Dean of Men and Professor of Economics at Montana State College. The recommendation was unanimously adopted.

10. Re: Rowe, Victor: petition to waive requirement for degree of Pharmaceutical Chemist by graduating with three units Latin, two units Spanish and Spanish 13b (five credits in fourth quarter Spanish) instead of ten college credits in Spanish. Recommended by Committee to apply to Pharmaceutical Chemist degree only. Approved by faculty.

11. The following recommendations of the Curriculum Committee were presented by Dean Jesse:

1. Scholarship requirement for admission to the junior class.

A student who, at the end of the quarter in which he acquires 96 credits, has 20 or more credits in excess of positive grade points, shall not be admitted to further work in the University. (Effective September 1, 1931.)

2. Grade point requirement for graduation.

A candidate for a degree or certificate granted by the University must obtain a number of grade points at least equal to the number of credits earned on courses taken to the end of the quarter in which he earns his 96th credit (i.e., freshman and sophomore years). This is equivalent to an average grade of C in all courses for which he has received credit. Grade points are computed as follows: 3 grade points for each credit of A; 2 grade points for each credit of B; 1 grade point for each credit of C. Grade points are deducted for absence according to the regulations on page 36 of the catalog. In a subject in which an "incomplete" grade has been received, grade points are counted only after the incomplete has been removed.

In the period succeeding the quarter in which the student receives his 96th credit (i.e., junior and senior years), he must obtain as many grade points as credits for which he has registered. Courses dropped without a grade (i.e., courses in which a "W" is given) are not counted. Courses graded F (failure), I (unremoved incomplete), E (conditional), are given one negative grade point (-1) per credit. The negative grade points must be subtracted from the positive grade points earned to determine the number of grade points acquired toward meeting this requirement. In the case that a student who has failed to make a C average during the first period is admitted to the second period (see p. \_\_\_\_\_), he must make up the deficiency under the regulations which are in force during the second period. However, deficiencies made in the second period cannot be removed by applying excess grade points earned in the first period.

When credits are accepted from another institution, grade points are evaluated at the time of transfer; however, a

student must meet the above requirement on credits earned at this University as well as on his entire record.

(Effective September 1, 1931)

### 3. Committee on Admission and Graduation.

- a. The Committee on Admission and Graduation shall be increased by four members.
- b. The committee as at present constituted (Chairman, Chairman of department concerned, Registrar) shall act as an executive sub-committee for the transaction of business, but the enlarged committee shall consider questions referred to it by the sub-committee or any member of the sub-committee.
- c. The faculty shall empower the enlarged committee to grant exceptions to Faculty rules as applied to graduation.
- d. Such exceptions shall be reported to the faculty at the first faculty meeting of each quarter.

(The President subsequently named the following as members of the Committee: Jesse, Chairman, Phillips, Registrar, Miller (Dean of Men), Mrs. Stone (Dean of Women), Ames, Chairman major department concerned.)

### 4. Maximum registration of junior and senior students.

Sixteen hours shall be considered the normal registration for juniors and seniors; provided, however, that beginning March 1, 1930, a junior or senior of distinctive ability may be permitted by the adviser to take eighteen hours if the student is not on the honor roll, and twenty hours if he is on the honor roll. (Approved, to be effective September 1, 1930.)

### 5. Registration of juniors and seniors in freshman courses.

Candidates for the Bachelor's degree shall be required to earn 65 credits in courses above the freshman group, during the period succeeding the quarter in which they receive their 96th credit. (Effective June 1, 1932.)

The above recommendations were unanimously adopted, serialim, by the faculty, except paragraph number 4, which was adopted with dissenting votes.
