(10) The Committee on Admission and Graduation Enlarged for Administrative Action, Jesse, Chairman, reported the following exceptions to faculty rules granted during the autumn quarter, 1937.

1. Re: Vernon L. Marsh. Mr. Marsh petitioned to satisfy the foreign language requirement for graduation by offering three quarters of Spanish and three quarters of German instead of five quarters in one language. Inasmuch as Mr. Marsh was prevented from completing the work in German because of schedule conflicts and because he received an offer of graduate fellowship which depended upon his receiving a degree at the end of the fall quarter, his petition was granted. The vote was unanimous.

2. Re: Mrs. Isabel Grant Holgren. Mrs. Holgren petitioned to be allowed to offer toward graduation 28 instead of 35 credits in residence of the last 45 credits required for graduation. Since Mrs. Holgren has attended the University 8 summer sessions, and in view of her excellent record, her request was granted by unanimous vote.

3. Re: Mr. Oskar Lympus. Mr. Lympus petitioned to be allowed to graduate with only four quarters of military science. Inasmuch as Mr. Lympus was employed the spring quarters during the time the class in military science was held, the Committee granted his petition. The vote was unanimous.

4. Re: Marion Rose McGill. Miss McGill petitioned to be allowed to offer toward graduation 29 instead of 35 credits in residence of the last 45 credits required for a degree. Miss McGill is employed in Washington, D. C., and
pleas to take the remaining work at a fully accredited university there. The petition was granted by unanimous vote.

(11) The President read communications from heads of schools and divisions proposing candidates for honorary degrees at Commencement, 1936. After discussion a motion by Lennes to delay action on honorary degrees until a later meeting of the faculty, to be held prior to April 1, was adopted.

(12) There being no further business before the faculty, the meeting was adjourned.

J. B. Speer
Secretary

March 29, 1936

1. A meeting of the faculty was held at 4:10 P.M. on the call of President Simmons, who presided.

The following members were present: Ames, Armsby, Arnoldson, Atkinson, Barkaloff, Bloom, Briggs, Brownan, Campbell, Chatland, Mrs. Clapp, F. G. W. F. Clark, Coad, Cogswell, Coleman, Daughters, Denson, Dugan, Evans, Ferguson, Freeman, Glenn, Harrington, Hartler, Hoffman, Holm, Housman, Howard, Jess Lennes, Lill, Little, Mansfield, Marvin, Mason, Merritt, Merrill, Mollett, Ober, Norris, Platt, J. M. Ramakill, Richards, Sanford, Scheffer, Schlueter, Schreiber, Sewary, Shallenberger, Simmons, E. O. Smith, J. B. Speer, Stone, Suchy, Mrs. Swearingen, T. G. Swearingen, Tascher, Thomas, Thompson, Turner, Turney, Waters, Mrs. Weisberg, Whicker, Wilhelm, Wilson, Yphantis, Yuill.

The following members were accounted for: Adams, Carey, Dahlberg, Deiss, Fessenden, Gurlington, Gleason, Hardy, Hesdorffer, Line, Miller, Mirrieless, Murp, Rowe, R. E. Smith, Teel.

2. The minutes of the meeting of March 7 were approved.

3. Pursuant to action of the faculty at the previous meeting relative to honorary degrees (Paragraph 11), the President placed before the faculty the names of candidates proposed at the previous meeting. Moved by Daughters, seconded by Merritt, that no candidate for an honorary degree be recommended by the faculty to the State Board of Education for an honorary degree in this or subsequent year unless the candidate receives a two-thirds vote of faculty members present. (On inquiry, the President stated that all members of the staff with rank of instructor or above, are entitled to vote as members of the faculty.) The motion was adopted by a vote of 50 to 6.

Following motions and nominations concerning candidates and proposed honorary degrees, a motion was made by Jesse, and seconded, that the faculty proceed to vote on four candidates, and that any one or all who receive a 2/3 vote of the members present be recommended for the degrees. An amendment by W. F. Clark provided that no honorary degree be recommended for a candidate who did not receive a 2/3 vote. The amendment was seconded, and adopted. The original motion as amended, was then adopted. By vote the faculty rejected the proposal to confer an honorary M.A. degree, and agreed that if an acceptable candidate was approved by the faculty the honorary M. Litt. degree be conferred. The faculty then proceeded to vote on the following candidates:

President-Emeritus F. G. Scheuch, for the honorary LL.D.
Professor-Emeritus M. J. Elrod, for the honorary LL.D.
Miss Jeanette Rankin (Class of 1902) for the honorary LL.D.
Mrs. Grace Stone Coates, for the honorary M.Litt.

The ballot resulted as follows:

Scheuch - 47
Elrod - 60
Rankin - 23
Coates - 9
Number of faculty members present - 74

 Moved by Freeman that the faculty vote again on the two highest (Elrod and Scheuch).
and that the candidates receiving a two-thirds vote of members present be recommended for honorary degrees. The motion was seconded and adopted. A ballot was taken with the following results:

Scheuch - 52
Elrod - 67
Members voting - 71

The President therefore announced that Messrs. Scheuch and Elrod were recommended by the faculty to the State Board of Education for the honorary degrees of LL.D. (The President requested the faculty to consider the actions concerning honorary degrees confidential). It was further suggested that the general problem of elimination, selection, and recommendation to the faculty of candidates for honorary degrees be in the hands of a smaller group, whereupon the President stated that he would present this problem for discussion by the Budget and Policy Committee.

4. There being no further business before the faculty, the meeting adjourned.

7. The Committee on Admission and Graduation Enlarged for Administrative Action, Jesse, Chairman, reported the following exceptions to faculty rules granted during the Winter Quarter, 1938.

1. Re: Peggy J. Ross. Miss Ross petitioned to be allowed not to include the credits which she will earn in the course, Introduction to Biological Sciences, in the maximum allowance of 65 credits in her major department, Psychology. Inasmuch as there has been considerable confusion among advisers as to the interpretation of the rule requiring that all the credits earned in a survey course given by the division of which the department is a member be included in the maximum major department credits, and since refusal of the petition would have forced Miss Ross to attend the University an additional quarter, her petition was granted.

2. Re: Adele Cohe. Miss Cohe petitioned to be allowed not to include the credits which she earned in the course, Introduction to the Humanities, in the maximum allowance of 65 credits in her major department, German. In view of the above-mentioned confusion among advisers in interpreting the rule and since Miss Cohe has already attended the University for 15 quarters and would be forced to attend additional time to make up the excess credits for graduation, her petition was granted.

3. Re: John L. Swift. Mr. Swift petitioned to be allowed not to include the credits which he earned in the course, Introduction to the Humanities, in the maximum allowance of 65 credits in his major department, Fine Arts. Since a part of Mr. Swift's excess credits in his major has been due to curriculum changes in the department as well as confusion among advisers in interpreting the rule, his petition was granted.

4. Re: June W. Eldridge. Miss Eldridge petitioned to be allowed not to include the credits which she earned in the course, Introduction to the Humanities, in the maximum allowance of 65 credits in her major department, Fine Arts. Since part of her excess credits in Fine Arts has been due to curriculum changes in the department and to the difference in departmental courses in her transfer credits, her petition was granted.

5. Re: Marie O'Connor. Miss O'Connor petitioned to be allowed to offer toward graduation 30 instead of 35 credits in residence of the last 45 credits required for graduation. Since part of the work will be completed in extension courses on the campus, and in view of her
excellent record at the University, her petition was granted.

6. Re: Louise Voorhees. Miss Voorhees petitioned to be allowed to offer toward graduation 34 instead of 35 credits in residence of the last 45 credits required for graduation. Her petition was granted.

7. Re: Charles C. Pollman. Mr. Pollman petitioned to receive credit in Mathematics 12, Survey of College Mathematics, which he repeated without also repeating Trigonometry, a course for which Survey of College Mathematics is a prerequisite. Since Survey of College Mathematics contains some trigonometry and since Mr. Po l has been prevented from repeating the course in Trigonometry due to schedule conflicts as he had planned, his petition was granted.

8. The Curriculum Committee, Jesse, Chairman, submitted the following recommendations for the approval of the faculty. The recommendations were unanimously approved.

CHANGES AFFECTING GENERAL UNIVERSITY REGULATIONS

1. New degrees.

(a) Medical Technology. Upon the completion of the prescribed
three-year curriculum in the University, in which all restricted
elective requirements are fulfilled with the exception of the
two survey course rule (Biological Science the only survey course
required), and a calendar year of practical laboratory work, it
is recommended that the degree of Bachelor of Science in
Medical Technology be granted.

(b) Nursing Education. Upon the completion of an eight-quarter
curriculum of 135 credits at the University, in which all
restricted elective requirements except foreign language and the
two survey course rule are completed (Biological Science the
only survey required), followed by three calendar years of train-
ing in the nursing school of an approved hospital, it is
recommended that the degree of Bachelor of Science in Nursing be granted. The hospital school must follow a curriculum approved by the Committee of the National League of Nursing Education. It is hoped that at least two hospitals in the state will meet this standard.

2. Survey courses. It is recommended that the present rule be changed as follows:

Two of the general survey courses must be completed for the Bachelor of Arts degree. Five of the credits earned in survey courses given in the major division (whether the course was taken for one, two, or three quarters in those which are non-continuous) are to be included in the maximum of 65 credits allowed in any one department. The two survey course requirement may be waived for students entering Montana State University with junior standing.

3. Teaching minors. It is recommended that the following procedure be observed in the future in administering teaching minors:

(a) All minor requirements in the various departments or schools shall be determined and set for future administration by the Chairman of the Department and of the Division concerned or by the Dean of the School concerned, and the Dean of the School of Education.

(b) At the beginning of the junior year, students who expect to secure the University Certificate must file with the Dean of the School of Education a statement of their intended major and minor fields; at the same time, they will be assigned a definite quarter of the senior year in which they must complete Education 25, Observation and Teaching.

Note: There was a discussion concerning the designation of new degrees proposed in the recommendations as submitted. It was clearly pointed out that the new degrees were as follows:

Degree of Bachelor of Science in Medical Technology.(in the College of Arts and Sciences)

Degree of Bachelor of Science in Nursing (in the College of Arts and Sciences)

9. An announcement was made by Freeman, Chairman of the Student-Faculty Council, concerning election of faculty members to the Council, and after discussion concerning methods of election, Freeman moved that the present five faculty members of the Council submit a list of ten candidates for election to the Council for next year. The motion was seconded and approved.

10. An announcement was made by Merrill, Chairman of the Schedule Committee that the Public Exercises Committee proposed that convocations next year be held at 11:00 on Friday during the Fall Quarter, at 11:00 on Thursday during the Winter Quarter, and 11:00 on Friday during the Spring Quarter.

11. A questionnaire on faculty living costs was circulated and explained by Professor Ames.

12. There being no further business before the faculty, the meeting adjourned.
A meeting of the faculty was held at 4:10 P.M. on the call of President Commons, who presided.

Pursuant to the call for the meeting, the President announced elections
follows: Budget and Policy Committee, Service Committee, Student-Faculty
Council.

The President announced his appointment of Professor Shallenberger as a
member of the Service Committee. The President announced that any member
receiving a majority on the nominating ballot for the faculty elected
member, would be declared elected, and that (on suggestion of Thomas) in
the event no member received a majority that the faculty then vote on the three
members on the nominating ballot.

The faculty proceeded to cast a ballot and Professor Mason received a
majority of all votes cast and was therefore declared elected. The
President announced that the new committee would take office September 1;
the appointment by the Executive Secretary of the University (Dr. Swain)
shall be made prior to September 1.
11. The following members were nominated by the retiring members of the
Student-Faculty Council, Freeman, Chairman, in accordance with action
of the faculty at the previous meeting (Paragraph 9), with the
recommendation, which was unanimously approved by the faculty, (on mot
of Atkinson) that the ballots be counted by the Secretary and that any
votes be resolved by lot: Castle, Coleman, Ephron, Fox, Howard, Mansfield,
Mason, Merrill, Merrill, Tescher. The faculty then proceeded to cast a
ballot, which was delivered to the Secretary. (The Secretary hereby
reports the result of the ballot as follows: Castle, 65; Howard, 65;
Merrill, 65; Mansfield, 66; Coleman, 46; Merrill, 39; Fox, 34; Ephron, 2;
Tescher, 27; Mason, 21; scattering, 2. The following members were, there
fore, duly elected: Castle, Howard, Merrill, Mansfield, Coleman.)

12. The faculty then proceeded to the election of the chairman of the
Faculty Budget and Policy Committee, with the announcement by the
President that the procedure of the preceding years be followed (a
majority on nominating ballot would result in election; otherwise a vot
would be taken on the two highest). Professor Rowe received a majority
of all votes cast on the nominating ballot, and was therefore declared
duly elected as Chairman of the Budget and Policy Committee.

The faculty then adjourned to their respective groups, and reports
elections were subsequently made, as follows:

Arts Group: Miller (hold-over member, Thomas)
Science Group: Merrill (re-elected) (hold-over member, Howard)
Professional Schools Group: Richards (hold-over member, House)

13. There being no further business before the faculty the meeting
adjourned.

August 11, 1936

1. A meeting of the faculty was held at 4:10 P.M. on the call of Dr. Shallenberger,
who presided in the absence of President Simmons.

The following members were present: Ames, Armsby, Atkinson, Bennett, Browman,
Castle, Chatland, Clapp, John Clark, W. F. Clark, Dietrich, Fee, Fox, Glenn, Harrington,
Haynes, Herlter, Heter, Hobson, Hoffman, Houseman, C. W. Howard, J. W. Howard, Howel,
Haddock, Merrill, Mollett, Mowat, Sanford, Schaeffer, Severy, Shallenberger, P. O.
Smith, Struppeck, Tescher, Mrs. Weinberg, Wilhelm.

The following members were accounted for: Feighner, Gleason, Hansen, Rowe,
MRS. Swearingen, T. C. Swearingen, Thomas, White.

2. The minutes of the meeting of June 3 were approved.

3. The following announcements were made:

(1) By Dr. Shallenberger. Grades are due in the Registrar's Office at 4:00
P.M. on Monday, August 15.

(2) By Dr. Merrill. A readjustment of the summer salary schedule was made so
that those instructors paid on a student-credit hour basis who earned and would
receive an amount below their maximum have had added 10% of their possible
maximum. If this still left them below their minimum they received the minimum
salary. If the salary was above the maximum they still received the maximum;
if between maximum and minimum the actual amount was paid.

4. In the absence of Dean Jesse, Dr. Ames submitted the following report for the
Committee on Admission and Graduation Enlarged for Administrative Action. The
recommendation was unanimously approved.

(1) Re: Julia Arthur: Miss Arthur petitioned to be allowed to satisfy the
restricted elective requirement in science by offering 8 credits in Geology 311ab
and 3 credits in Geology 316, a total of 11 credits instead of the required 12.
Since this work in Geology during the Summer School covers substantially the
same material as in the regular year, and in view of Miss Arthur's excellent
record at the University, the petition was allowed.
(2) Re: Cora Owsley: Miss Owsley petitioned to be allowed to offer toward graduation 24 credits in residence instead of 35 of the last 45 credits required for graduation. Since Miss Owsley was not able to attend the 1937 summer session due to illness and in view of her excellent record at the University, her petition was allowed.

The Committee on Admission and Graduation, Ames, Chairman, recommended that the faculty accept the following students as candidates for degrees and certificates in accordance with faculty rules. The recommendation was unanimously approved.

The following announcement was made:

By the Secretary. Instructors were reminded of the regulation on class cards concerning the acceptance of students for whom they have no class cards and that for more than two class meetings. Unless this is carefully observed, particularly after students have presented "Change of Enrollment" cards, students are negligent about completing the changes and much confusion results.

Mr. Merrill, Chairman of the Retirement Committee, explained retirement plans which were the special subject for consideration at this meeting of the faculty.

After explanations and discussions, a motion was made by Miss Mansfield that the faculty endorse the plan of the Montana Education Association. The motion was seconded and unanimously adopted.

There being no further business before the faculty, the meeting adjourned.

9. Dean Jesse presented a recommendation from the Deans' Conference that the minimum scholarship index required for eligibility for a State University Scholarship exempting students from payment of certain fees for a period of one academic year (see minutes of March 9, 1934) be raised from 1.75 to 2.00. He explained that the present index of 1.75 makes eligible about four times more students than the number of scholarships available under the State Board of Education rule (adopted December 4, 1933, Item 6801), which included the following provision:

"II. Each unit of the University of Montana be authorized to award to students already in attendance therein scholarships exempting the holders from the payment of customary fees for the following year on the basis of demonstrated scholarship, character, and promise; the number of such scholarships not to exceed five per cent of the students enrolled in the classes above the freshman year, and to be available only within the unit awarding the same."

Under the proposed revision, there would be about twice the number of eligibles as scholarships to be awarded. From a study of the awards during the past four years, the proposed change would not have debarred any person selected. In addition, this revision would result in a considerable economy in the administration of the scholarship awards.

10. The President asked for the opinion of the faculty concerning class attendance of students preceding and following the Thanksgiving vacation granted under a gentleman's agreement. Following statements from the faculty, the conclusion was reached by the President that as long as the attendance continues as satisfactory as at present the Thanksgiving vacation (Friday) should be continued; that the vacation was subject to withdrawal; that instructors should caution their students to observe the conditions of this vacation.

11. The custom of lighting a Christmas tree on the campus was explained by Maintenance Engineer Swearingen. After discussion, a motion by Atkinson that the faculty share expense with student organizations to the extent of $15.00 from the faculty fund was adopted.

12. There being no further business before the faculty, the meeting adjourned.
