Before another winter comes, plug the holes in your house. It will help in the summer, too, keeping out some of the hot weather. Caulking around the windows, doors and where the siding meets the concrete foundation will reduce air infiltration — both hot and cold.

Welcome to the University of Montana

The University of Montana in Missoula is located in a mountain forest setting in beautiful Western Montana. It is halfway between Glacier and Yellowstone National Parks.

Four wilderness areas are located nearby Missoula. The natural surroundings offer excellent opportunities for hunting, fishing, backpacking, river floating, camping and other outdoor recreational pursuits. Two excellent winter ski areas are located within minutes of the University. Several other ski areas are only a couple of hours away by car. UM owns and operates its own golf course adjacent to campus.

The University of Montana is one of the West's pioneers in education and was chartered February 17, 1893. The school opened in September, 1895, with fifty students enrolling the first day. Located on 201 acres at the base of Mount Sentinel, UM has grown from fifty students and seven faculty members to a present enrollment of 8,250 and approximately 450 full time state supported faculty positions.

Throughout its history, the University of Montana has sustained a high standard of academic excellence in teaching, research and service.

UM offers associate of arts degrees in two areas and bachelor's degrees in 58 fields. It offers master's degrees in 54 programs and doctoral degrees in 13.

The College of Arts and Sciences, which is the core of the University, includes a full range of programs and courses in the life sciences, physical sciences, social sciences and humanities. The College also offers curricula in interdisciplinary fields ranging from ethnic studies to interdepartmental studies.

Seven professional schools complete the academic program—Business Administration, Fine Arts, Journalism, Education, Forestry, Law, Pharmacy and Allied Health Sciences.

The aim of the University is to provide its students with a relaxing and meaningful learning experience with the best facilities possible. The administration, faculty and staff strive for this goal.

Dr. Richard C. Bowers
UM President

Dr. Richard C. Bowers assumed duties as the 13th president of the University of Montana on July 4, 1974.

He also represented Northern Illinois University to the Illinois Board of Regents, the Board of Higher Education of the State of Illinois, and the State Legislature.

Prior to being named vice president and provost in 1969, Bowers served as the Dean of the College of Liberal Arts and Sciences at NIU from 1965-69.

Bowers received his B.S. degree in chemistry from the University of Michigan in 1948 and his Ph.D. in chemistry from the University of Minnesota in 1953.
