Specific Information

Information regarding specific events should be addressed to the chairman in charge of that event. All letters and telegrams should be addressed to the individual or committee, Montana State University, Missoula, Montana.

Housing

No University housing will be available to Interscholastic contestants. A notice suggesting accommodations will be sent each school and assistance in locating housing will be offered at the registration table.

General Information

Competition in track, golf, tennis, debate, original oratory, extemporaneous speaking, declamation and dramatics is offered to Montana high school students during the Interscholastic meet.

Comparative ratings are also offered for high school newspapers through the Montana Interscholastic Editorial Association. The MIEA meet, while non-competitive, offers great value to journalism students.

The Little Theater Festival offers students an opportunity to receive careful evaluation and detailed criticism of their dramatic efforts.

The Interscholastic Committee encourages competition when it gives students an incentive to excel.

General Rules

A contestant may take part in as many divisions of Interscholastic as he wishes. However, he should study the program carefully to prevent conflicts. If he can't be present for an event because of a time conflict, he will forego the right to participate in that event.

All contestants will be expected to participate in the events for which they have been trained and in which they have been entered.

For specific rules governing track, tennis, golf, the editorial association, and drama and speech events, please consult the other sections of this bulletin.

Entry Blanks

An official entry blank for non-track events will be sent to all schools about May 1. This should be filled out and returned at once to Charles Hertler, chairman, Interscholastic Committee, Montana State University, Missoula, Montana.

Full names of all contestants in golf, tennis, journalism, debate and original oratory must be submitted on the official entry blank and in the hands of the committee by May 9.

Late entries can't be accepted. To insure prompt delivery, the entries should be sent by registered mail.

All correspondence relative to the meet in general should be addressed to Mr. Hertler. Letters or telegrams requesting specific information may be addressed to committee members in charge of specific events. The names of committee members are found on the first page.

Housing and Chaperones

The University can provide no housing accommodation on campus for Interscholastic participants. This is so because the MSU dorms are already overcrowded. Lists of motels and hotels will be sent to schools and assistance will be given in securing accommodations in these establishments.

Chaperones must assume responsibility for the conduct of the students.

Badges and Passes

Participants in the Interscholastic meet must register at the registration table in the University Lodge. Contestants' badges will be given to participating students, these badges admitting them to all Interscholastic events.

Coaches will be issued complimentary tickets at the registration table.

Track and Field Rules

The National Federation of High School Associations governs all track and field events. It does not, however, govern the scoring methods, order of events, and other exceptions noted in subsequent paragraphs.

All students taking part in the 1963 meet must be eligible in accordance with the rules of eligibility adopted by the Montana High School Association.

The 1963 meet will include the AA, B, and C divisions. Class A will not be included this year.

Participation in track and field events shall be limited to the first five place winners in each event from each of the division meets. All division meets are established by the Montana High School Association. A High School Association ruling prohibits the entering of fifth place ties in the 100 and 220-yard dashes and hurdle events. Ties in these events must be resolved by each divisional meet manager before Interscholastic entries are made. All entries must be approved by each divisional meet manager and submitted on the proper forms to George Dahlberg, Interscholastic track chairman, on or before Monday, May 20. Entries received after that date will not be accepted. Responsibility rests with the divisional meet managers to submit entries before the deadline.

The first and last names of all contestants must be submitted by the divisional meet manager on the official entry blank.

Participants who have been scratched, as well as coaches, trainers, and attendants, will not be allowed on the field during the meet. This includes college and university coaches not serving in an official capacity. Contestants competing in Friday's events must be in uniform and must wear their assigned number to gain admittance to the field. Only those contestants who are competing

in the Saturday finals will be allowed on the field. Relay runners who have not qualified for other events will be allowed on the field Saturday when it is time for them to warm up for their event.

In determining scores for the awarding of prizes in track and field events, the first place shall count 6 points; second place, 4 points; third place, 3 points; fourth place, 2 points, and fifth place, 1 point. One fourth of the points scored by each team placing in the relay will be credited to each member of that relay team to determine individual high point winners. In case of a tie, the point or points shall be divided.

All contestants must wear jerseys, and the assigned numbers must be pinned on the back of the jerseys.

Any contestant not reporting to the starting official at the last call for any event shall be scratched for that event. Responsibility rests with the contestant.
