Fourth Annual Interscholastic Meet

HISTORICAL SKETCH OF THE INTERSCHOLASTIC
HIGH SCHOOL MEET

General Bird's-Eye View of University Surroundings.

Once more the great interscholastic meet is at hand. The heroes of the track and rostrum are among us. It remains for the fortune of war alone to decide who they are.

The President and Faculty of the University of Montana outlined definite plans in the fall of 1903 for carrying out this great undertaking by which all the High Schools of the state, with their scores of students, might annually meet in friendly contest on the campus of the University of Montana. Consequently, since 1904, the middle of May has always been a gala day on Montana Field, and so successful have these contests been, the promoters of the original scheme have always felt more than gratified over the result. As outlined in their first announcement, the promoters of the great High School meet have undertaken to hold the interscholastic meet annually on University campus, a courtesy due to the University as first inaugurator of the scheme.

To this end various cups have been offered annually to be competed for on Montana Field alone. The big Spaulding Cup, presented by Spaulding Bros., is to be competed for annually for five years. The High School winning the most number of points during this time is to have permanent possession. Meanwhile the winning team of each respective meet during the five years has the privilege of keeping the cup during the following year, with colors entwined around it. Missoula High School had it the first year, Butte the second, and Anaconda the third. The burning question now is, who shall have it this year?

The big Missoula Mercantile Cup, presented by the hard-

ware department of the Missoula Mercantile Company, is to be given outright each year to the High School winning the meet.

The Victor Cup, offered by the Whitney Sporting Co., is given to the High School winning the most number of points in the relay during a competition of three years. Similar to the Spaulding Cup, the High School winning the relay of each respective year, has the privilege of holding it for the year following, with their colors entwined.

A beautiful pennant in the respective high school colors and letters will be presented to each team Friday afternoon. This beautiful gift is with the compliments of the Missoula Mercantile Co.

The Loving Cup, for individual championship, is offered by the University, to be given outright each year to the individual champion of the meet.

Mr. Piggott, of Helena, carried off this cup the first year, and our jovial friend Joe Horn, of Anaconda, has won the cup for the past two years.

Aside from the cups, there are fifteen gold, fifteen silver and fifteen bronze medals given for first, second and third prizes, in the fifteen contested events of the meet. As perhaps may have been surmised, the purpose of the Interscholastic meet is two-fold—to heighten athletic development among the High School students and to develop them along the lines of public speaking. Thus far the declamatory contest has met with unprecedented success. In fact, in last year's meet as well as this year's there are slightly larger number of High Schools competing in the declamatory contest than for athletic honors. These have thus far been hotly contested in the local try-out contest, and especially so in the final contest in University Hall. It has been decided to give two sets of medals this year—one to the young ladies and one to the young men champion declaimers. As a consequence, the Wednesday evening contest will be "for men only," while Thursday evening the young ladies will display their ability.

This year will be a battle of giants in athletics. Anaconda, Flathead County, Fergus County, Butte and Missoula are all trimming their feathers to carry off the big Spaulding Cup. There are many of the old-time champions with us again with their pleasant smiles and "winning ways." Joe Horn, the plucky champion of two years, has his eye after the "horn"-handled cup once more. Platt Belden, the crack sprinter from Fergus County, with his co-partner Briggs, the half-miler, are not to be under-estimated in determining the outcome of the

meet. Denney and Davis, the champion pole vaulter and hurdler, are bringing a husky lot of supporters from Flathead County, Missoula and Dorman, the old-time twins, are in excellent condition to show the crowd a few ideas at clearing the "high sticks." Consequently, it is hard to prophecy who will be individual champion, as many surprises are looked for.

The relay race is always interesting. Vague rumors are afloat that surprises are to be found here. It is reported several High Schools are saving their strength to capture this coveted trophy. The following is a summary by points of last years' contest. The problem is, what shall be the summary this year?

SINGING ON THE STEPS

Thursday Evening,

7:15 to 8:00

All visitors are invited to come out Thursday evening before the Declamatory Contest and enjoy our college life

It is the custom of the students of the University of Montana to gather every little while upon the steps of the College Hall about seven fifteen in the evening. Here in this informal manner old songs are sung, old stories told and a general good time enjoyed. Promptly as the old clock above strikes eight, the "singing on the steps" closes. No matter what is taking place a hush falls over those present, everyone rises to their feet and the men with bowed heads wait in silence till the clock finishes tolling the hour when all retire from the building in silence. Thus ends each singing on the steps.
