Passed 9/22/04
Resolution to Read Letter Regarding Campus Safety to the Board of Regents of Higher Education

Whereas, the Associated Students of The University of Montana (ASUM), passed a resolution on May 5, 2004 that supported using the building fee funds to purchase equipment to increase student safety on campus;

Whereas, the Board of Regents voted down this proposal with a 3-4 vote;

Whereas, this September Board of Regents meeting is when the Regents decide on the Budget;

Therefore Let It Be Resolved that a copy of the following letter be read by ASUM President Gale Price to the Board of Regents at the November 2004 meeting.

Last May, ASUM proposed an increase of $1.45 per credit hour to the building fee to improve safety measures on our campus in light of a number of assaults on campus. This fee could have been used to purchase security cameras, emergency telephones, or streetlights. We brought this proposal to you. We offered a solution to a problem. You, the Board of Regents shot down the solution. Now the problem remains. We are disappointed in your decision.

Last year in a three-month period, there were five assaults on campus. This year, another rape has already occurred on campus. The problem has not gone away. It is continuing. Our students do not feel safe.

The Montana Kaimin reported on September 22, 2004 that students again are interested in new security measures around campus. We lack the money to implement this solution. As Regents, you are accountable for the safety of our students. We urge you to find the money to provide a safe campus.

Respectfully,

The ASUM Senate
