HISTORICAL SKETCH

HAS, today, thirty-five accredited high schools. For the past eight years, representatives of these schools have met annually at the University for friendly contests in Public Speaking, Debating and all forms of track events.

The University pays the railroad fare of five contestants from each of these accredited high schools to Missoula and return, also the railroad fare of the two debating teams taking part in the final debate. Entertainment is furnished free of charge for all contestants and chaperones that come to the meet. In addition the University awards 63 prizes and medals, suitably engraved, for the win-

ners in the various events. Ten gold medals and prizes are awarded in the debating and essay contest. Sixteen gold, 16 silver, 16 bronze

medals, four silver cups and an individual prize are awarded the winners in athletics. Six medals are awarded winners in declamation.

This play festival is maintained by the faculty because we believe in play and competitive games. They are the greatest school masters that the race has had. Young people can not learn unless they play. They should also occasionally be stimulated to do their best. It, therefore, seems fitting that the high schools of the state should meet once a year at the University, for this play festival. We are glad you have come. Missoula joins the University in welcoming you. May our festival prove mutually helpful and result in the restoration of those play traditions and games which mean so much for the healthy growth of the race.

SINGING ON THE STEPS

Thursday Evening, 7:15 to 8:00

IT IS the custom of the students of the University of Montana to gather every little while upon the steps of University Hall about seven fifteen in the evening to sing old songs, tell stories and enjoy a general good time. Promptly as the old clock above strikes eight, the "singing on the steps" closes. No matter what is taking place a hush falls over those present, everyone rises to their feet and the men, with bowed heads, wait in silence till the clock finishes tolling the hour, when all retire from the building in silence.

All visitors are invited to come to University Hall, Thursday evening before the Declamatory contest and enjoy our college life
