---

The State University of Montana welcomes the students and teachers of the high schools of the State and rejoices in their presence on the campus. Students and faculty of the University alike desire to make your visit both happy and profitable. We want to make Interscholastic Week consist entirely of red-letter days both for you and for us.

Those who come to the Interscholastic know what it is to win by developing their powers of mind and body. The State University and her sister institutions of the greater University of Montana open wide the doors of opportunity to high school graduates who possess the ambition and the energy needed for still higher training; such young people are the hope and safe-guard of the State and the Nation.

WALTER L. POPE,  
Chairman.
