Welcome

Education consists largely in developing our powers and forming the aims and purposes for which we shall use them. Interscholastic Week at the State University of Montana is planned to arouse and stimulate high school students all over the State to a fuller development of their powers; and also to turn their attention to the great opportunities for Higher Education provided by the State itself in the various institutions of the Greater University of Montana.

From every corner of the State you come to the campus of the University; you have won in your own school and in your own section; nothing can take away that satisfaction; now you are to measure yourself against the best from the whole State; this fills you with enthusiasm and a passion for further achievement. May it carry you further on the road to your highest powers and your best aims.

To all our guests—teachers, students and friends—the State University gives heartiest welcome.

EDWARD O. SISSON,
President.
