FOR IMMEDIATE RELEASE

The Montana Almanac, a handy reference work on the people, business, politics, resources and production of the Treasure State, will be published by the Montana State University Press this month, Jack Ryan, Circulation Manager for the MSU Press announced.

The book has been more than a year in preparation and represents the joint effort of more than 50 authorities in the fields of history, economics, geology, forestry, sports, and other areas of information covered by the almanac, Ryan said.

"This is a much needed reference book, and we believe it will be an indispensable tool for students, editors, businessmen or anyone else who needs quick and accurate information about Montana," Ryan said.
