No. 10

VARSITY ELEVEN WINS CHAMPIONSHIP

BANQUET CLOSES SEASON

ASSOCIATED STUDENTS ENTERTAIN "M" MEN AND "SUBS" AT WOMAN'S HALL.

DUNIWAY IS TOASTMASTER

With Song and Chant, Speech and Toast, Students, Faculty and Friends Celebrate.

Without doubt the most general and generous appreciation of the work of the football team in bringing the state championship to the University was displayed last Monday evening at the football banquet given by the Associated Students in honor of the team and subs. About one hundred students, faculty and friends of the institution enjoyed the banquet and joined in the celebration of the victory with speeches, songs and cheers, which added to make the team feel the genuineness of the occasion.

The evening itself is one which will long be remembered for the general University feeling which it produced, and for the "helping spirit" displayed which has been the great factor in this year's victory. The celebration of winning the state championship could not have been more fittingly celebrated. Everyone was brought together for one common cause and the spirit of that cause prevailed.

The team and subs were the particular guests of President Duniway, while many of the town people were present as the guests of the faculty. The management of the banquet, under the A. S. U. M., deserves commendation, working through their committee—Leech, Line, McCowan and Miss Wharton. Miss Brewer should be especially mentioned for the preparation and excellent service of the banquet, also the young ladies who served.

On the menu cards were printed the guests of honor—the winners of the "M" in football, and the substitutes—and a list of the courses served.

Those who composed the Varsity team for the year are: Arthur F. Bishop, captain, LeBaron Beard, William A. Bennett, Daniel M. Connor, William Ittner, Charles Johnson, Holter Kennett, George D. Little, Harry D. MacLay, Emmett Ryan, Morton D. Simpson, F. Thayer Stoddard, William D. Vealey and Edward A. Winstanley. The substitutes were: Hugh T. Forbis, Stephen J. Reardon, Fred E. Thelms, Holmes MacLay, Robert C. Line, Frank E. Gleason, Lamar MacLay, Clarence J. Forbis and Dudley Richards.

The menu was:

Consomme	Olives
Roast Turkey, Cranberry Sauce	
Potatoes a la Gratin	Sweet Potatoes
Plum Jelly	Celery
Fruit Salad	Harlequin Sandwiches
Pineapple Ice	Assorted Cakes
Salted Almonds	Mints
Coffee	

President Duniway was toastmaster and served graciously and jovially. In introducing the list of toasts after the banquet, the president told of those essential qualities which go to make up a successful team. He mentioned besides the men and coach, the loyal students and outside friends who all work for a common end. The first speaker to respond to President Duniway's request, was Captain Bishop.

"It takes a whole team to win," said Mr. Bishop. "One, two or three men cannot do it all. This year ever

"Cupid's" Machine Defeats Montana Aggies by Decisive Score of 15 to 5, and Maintains Their Record of Winning Every Game of Season—Goal Line Crossed for First Time.

"SLIM" MACLAY ALL-MONTANA STAR TACKLE IS ELECTED 1910 CAPTAIN

Stars of Gridiron are: Pool for the Aggies; Bishop, Winstanley, Ittner and Little for Montana—Most Sensational Play of Game Made by Pool, Aggies Left End—Record Thanksgiving Crowd Turn Out—Students Give Boys Good Support—University Team Banquets the Visitors at Savoy.

On Montana field Thanksgiving day the University of Montana Eleven defeated the team from the Montana Agricultural College by a score of 15 to 5. The Aggies, although twice beaten by small scores by the Miners, have undoubtedly the second best team in the state. This victory of the University clinches its claim for the state championship. The Varsity had

Brown Thanks the Varsity.
The University had a better team. We have had a good time and we certainly appreciate the way the University has entertained us.
Captain Brown, of M. A. C.

Practically won this distinction two weeks ago when it defeated the Mines by a score of 14 to 6. But the Thanksgiving game emphasizes the fact that Coach White's eleven is the strongest in the state. The University has not lost a single game out of the six seasons and has won all of them excepting one against the School of Mines, which was played early in the season, to a 0 to 6 tie. The champions have scored 135 points to 5 points made by their opponents.

The Thanksgiving game was probably the hardest fought game of the entire season. From the beginning of the game until the referee's whistle blew at the finish there were things doing. Soon after the play began Captain Bishop and his men made a dash from the 15-yard line to the Aggies' goal in 13 downs, never once relinquishing the ball. Here the Montana team has shown its ability to advance the ball on straight football. Ittner carried the ball the greater part of the way for his score. Two and a half minutes later the visitors had also scored. Pool, who is probably the fastest end in the state, too, the ball for 5 yards on a double pass. The play was an old one, but it was new to the Varsity men, and was carried out successfully before the locals could realize what had been done. The Farmers were never very glib after the one score. They played a good, strong, plucky game, however, until the night throughout the first half both teams were weak on defense, but strong on offense. But in the second half the University "raced up," and the Aggies were unable to make any very large gains through their line. The visitors gave the University by far the hardest game that they have played on their home grounds this year. It seems hard to realize that McIntosh's team hasn't won a single game throughout the season. And it seems all more remarkable that they were twice defeated by the Mines. It may be safely said that the Aggies had the second best team in the state. Before the second half Montana had scored twice, and in the last period Bishop added three more points by a drop from the 20-yard line. The headstrong leader also kicked two goals both team had angles.

Ittner was the distinct star of the

Toosh's Statement.
We were beaten fairly and squarely. Your fullback, Ittner, was simply too big for us.
Coach J. H. McIntosh.

game. He was close pressed by Bishop, while Ryan, Winstanley, Little, Beard and Stoddard showed good form. Ittner is without doubt the best fullback in the state. This was his last game of football. It was also the last game for Stoddard and Bishop. Next year's coach is going to have a hard time filling the vacancies left by these three men. Bishop's place is especially hard to fill, as he has been quarter on the last four University teams and has been captain for the last two years.

Thanksgiving day found Montana field muddy and slippery, with a thin

Bishop's Statement.
We had a hard game and had to fight for what we got. The Aggies undoubtedly have the second strongest team in the state, but had the field been faster the score would have been larger.
Captain Bishop, of U. of M.

coat of snow over it. It may safely be said that the score would have been larger if the field had been faster. The crowd was nothing more than the average Missoula football crowd. Shortly after 2:30 Captain

MACLAY
Captain-Elect.

Brown, at the head of the Aggies, and Bishop, at the head of the locals, came upon the field. After a short signal practice the referee's whistle blew and the game was called.

As the University clock began to strike 3 o'clock White kicked off to Montana, defending the south goal. Kennett caught the ball on the 15-yard line and advanced it 25 yards. Johnson gained three yards through left tackle. Ittner went through the right side of the Aggies' line for six

yards, and then on the other side for four. A forward pass to Little was good for 20 yards. Ittner was called through tackle for six yards and Little gained four from end. Winstanley took two yards on a tackle buck and Johnson three. Ittner made it first down and then in three rushes carried the ball over for the first touchdown. Bishop kicked a difficult goal. Time

White's Statement.
The University team had perfect team work and fought like demons throughout the game. They displayed that helping spirit that counts so much in football.
Coach White.

of play four and one-fourth minutes. Score: Montana, 6; Aggies, 0.

Bishop kicked off to Smith on the 15-yard line. The ball was stopped on the 20-yard line. Chambers was held for no gain on a fake and Montana was penalized five yards for being off side. Then the Aggies worked the Pennsylvania double pass play for a touchdown. Pool getting away and outstripping the entire Montana team for 65 yards. White missed an easy goal. Time of play two and three-fourths minutes. Score: Montana, 6; Aggies, 5.

White kicked off to Johnson, who recovered the ball behind his own goal line and returned it 20 yards. Ryan went five yards from tackle. And the Varsity failed in a forward pass and was penalized 15 yards. Bishop punted 40 yards to Smith, netting 35 yards. Chambers made no gain. Smith made five and Brown four. The ball went over.

Bishop took seven yards around end and a fumble made no loss and no gain. Bishop kicked 35 yards to Smith who was dropped in his tracks. The Aggies failed on the next play and then Pool gained 15 yards around right end, and Brown made two yards in the next two downs. Chambers lost three, and an attempted forward pass was missed and the ball went over. A forward pass to Kennett netted 20 yards and Ittner went eight yards through right tackle. Ryan made four yards, and Ittner again went for nine. Ittner made three more after Beard had made no gain. Beard then netted 13 on a forward pass, placing the ball near the goal, from where Ittner ploughed through for the second touchdown. Bishop kicked another hard goal. Score: Montana, 12; Aggies, 5.

Bishop kicked off over the Aggies' goal line and Brown brought the ball back 10 yards. White made six yards and Smith seven. Tremper made six yards and then ten. Brown made two and Pool got away for 20 yards on a forward pass. Cooley gained four and Tremper failed to gain. Tailor dropped a forward pass and Winstanley recovered the ball. Ittner took six yards and then Bishop punted 40 yards to Chambers, who came back five. Montana was penalized 15 yards. Brown

STONE AT THE UNIVERSITY

EDITOR OF DAILY MISSOULIAN ADDRESSES STUDENTS AND FACULTY.

26193

SPEAKS OF OUR FRIENDS

Topic of Mr. Stone's Address Was "The Newspaper and the Square Deal."

The University was fortunate yesterday morning in having as speaker for the regular convocation one of its best friends in Missoula, Mr. A. L. Stone, editor of the Daily Missoulian. Mr. Stone addressed the students and faculty on "The Newspaper and the Square Deal," and gave to his audience an insight into the management and operation of a daily paper which they could not well otherwise obtain.

President Duniway made a few preliminary remarks regarding various announcements and, in particular, in regard to the scholarship standing. He then spoke to the students about their many friends in the city, as well as in other parts of the state. "We have with us today," he said, "a man who, although he has not been out to speak directly to us before, has spoken to us through the columns of his newspaper every day in the year. We are glad to have here one of the best friends of the University and it gives me pleasure to introduce Mr. Stone."

Mr. Stone first defined a newspaper. "A newspaper," he said, "is a newspaper. That is the only way it can be defined. There is nothing like it in the world. It is as distinct in its place as a university is in its place." He then said that the newspaper was something that had to please everybody, and if it did not do this, somebody would be sure to oppose it. It must essentially please its readers, and this policy of the newspaper today is the same as the policy which the editor of the Northampton Mercury expressed in his first editorial on May 2, 1720, nearly two hundred years ago.

Another essential to the newspaper is the square deal. Fair play, must be its essential policy. It can decide the people for a little while, but such a policy cannot endure. It must give everybody the square deal, and the square deal is necessary to the newspaper.

Speaking of the history of the newspaper, it shines out from amidst the darkness of the medieval ages as one of the two great factors in advancing learning after the reformation. The newspaper and the universities worked hand in hand and spread the learning of all the civilized world, and certainly is due to them the credit for their share in advancing civilization. The forerunners of the newspaper are numbered among the great men of the world. Addison, Steele, Swift, and Johnson, in England, are among the great men of their time.

We do not have to confine ourselves to England, however, for such names. We can take such names as Franklin, Greeley, Dana, McClure and Cready in our own country, and no one questions the benefits they gave and the service they performed. These men have made history and they stand among the greatest in the history of our country.

In the actual management of the newspaper many interesting things could be mentioned. Among these we

ASSOCIATED ENGINEERS.

Through eight years effective service and as many years of loyalty and devotion, the Associated Engineers have been the one factor in encouraging a lasting mutual friendship among the denizens of Science Hall, and moulding loyalty and devotion to the School of Engineering. It was fundamentally a technical society founded to discuss topics of engineering interest and listen to speeches and addresses given by prominent engineers of the state and this section of the country. It published a Journal of Technology, which enjoyed a brief, yet successful existence.

The members of the "A. E." styled themselves "The Knights of the Corduroys" and they expressed their hopes and their ambitions in their motto: "Honor before Honors." Annually they gave their Engineers' Banquet in honor of their graduating members and boasted that it was the most pretentious occasion of the year. Their long list of alumni have been successful and have reflected honor on the Associated Engineers by their achievements. Without doubt, the Associated Engineers were the best organized, the strongest and most enthusiastic society in the University.

And now, after these eight years of honorable achievement, a whimsical remnant of that body has proposed to change its distinguished name, seek in vain for a better constitution and wipe away the list of faithful and forget the honored past.

It is at the bottom but a debt-dodging movement, worthy only of men of lesser calling. The organization has been blamed for the inactivity of the past semester where, if facts were known, the individual member is to blame. A mere constitution can pay a petty debt. The success of any organization depends upon the integrity and honesty of its members.

Cling to the tried and true. Make the Associated Engineers again the proud society that it was once. Learn again the yell that was the marvel of the "Lit." and "Co-Ed." Reimburse the honored past. "Honor before Honors," gentlemen.

RANDOM REMARKS.

Hi Jinx.

Traditions are slow to grow in college circles. Montana has few of these, yet considering those that we have, they reflect in no small way upon the University.

One that is interesting at this time, since it pertains to holiday, is the annual "Hi Jinx." What the phrase means or how it originated, is perhaps the records, but one thing is cer-

tain, the custom just grew, like Topsy.

Three years ago the University band had charge and gave an "All-Nations' Show." Each member of the band represented some member of the earth's inhabitants. The German was there with his pipe and stein. Paddy represented the "Auld Sod," and the Chinaman, the Red Man and Fiji Islander were arrayed in their typical costumes.

The following year a travesty on the faculty in special convocation was given by the University Glee Club. Every professor's counterpart was on the platform and gave the faculty a chance to "see themselves as others see them."

Last year the affair was a vaudeville with local hits and stunts, represented by the various classes.

And now it is desirous of making the fourth "Hi Jinx" a success. The Executive Committee of the A. S. U. M. has delegated social committees full charge to arrange for the coming stunt. What society wishes to have the center of the stage? What will the next "Hi Jinx" be?

DEBATE AND ORATORY.

For the past year or more, we have been busy perfecting our societies, our organization, in fact we might say we have been busy with internal affairs. The whole tendency has been to unite the students into one strong University.

And now the institution is ready to compete with outside universities and colleges. Our first attempt this year has been successful. Our football team has given us the state intercollegiate championship.

Already the debaters are preparing for the Washington-Montana debate. It is our turn to submit the question and the members of the Debate Seminar have been debating various questions since the beginning of the school year. We have every member of last year's intercollegiate debating team back again this year. This debate is extremely important and is arousing interest among the debating men.

Oratory, also, is demanding a place in University activities. Montana orators are overjoyed at the prospect of the Interstate Oratorical Association. This league comprises the State Universities of Oregon, Washington and Montana, Idaho having lately been replaced by Montana.

The State Oratorical Association will hold its annual contest at the University this year, and already several persons have declared intentions of entering the contests for both associations. In every case our connections with our neighboring institutions have been pleasant. These contests are paving the way for the Greater Montana. They are good things.

However, the passenger trains and the Gym classes are still running.

Honor is but an empty name, so the

Engineers have changed the name of their society.

The House of Lords is careful of traditions; the Montana Engineer never.

We hope that Prexie Taft is not warring about delinquent legislation.

Ach du! Are you going to the German?

Get your presents ready for Hi Jinx.

The gridiron is a thing of the past.

Here's luck to Captain "Slim."

Now Kessler reigns supreme.

Exit Associated Engineer.

LOCALS.

Before a vacation work seems hard; after a vacation it is hard.

May Graham spent Thanksgiving at her home in Livingston.

Roberta Satterthwaite spent Thanksgiving at her home in Iron Mountain.

Florence Sleeman and Helen Metcalf spent the vacation at their homes near Stevensville.

Louise Smith, accompanied by Miss Flora Averill, spent the vacation at her home in Corvallis.

Edna Roseau and Daisy Penman spent Saturday and Sunday visiting friends near Lolo.

Gladys McLean, Florence Catlin and Alice Matthews spent the vacation at their homes in Anaconda.

Cathy Monroe was a guest of Miss Cornelia McFarland at the dormitory during the Thanksgiving vacation.

Nan Vivian, Carrie Wharton, Fay Wright and Gladys Huffman spent the vacation at their homes in Butte.

Isma Eldell, Louise Bell and Fay Kent spent their vacation at their homes in Helena. Margaret McCampbell accompanied Isma Eldell.

Willie Clanton spent the vacation with Misses Mary and Reene Henderson at their beautiful country home near Drummond.

The next social event has been announced by the Dance Committee of the A. S. U. M. It is to be a dance in the nature of a German. The date set is Friday, Dec. 3.

Announcements are out for the wedding of Gil Heyron to Miss Florence McErney, '07. Both were prominent students at the University and have many friends among the student body.

An electric light has been placed at the northwest corner of the campus. The city has been truly justified in putting a light there for it has always been a dark corner and the street crossing there is usually bad. Such an improvement aids greatly in lighting the campus at night.

COMMUNICATION FORM U. OF M.

A communication has been received during the past week from the University of Washington, asking the University whether they would consider an invitation to join the Triangular Oratorical league. Up to this time the Universities of Oregon, Washington and Idaho have been members. This year the University of Idaho desires to withdraw, and in order to keep up the membership of the league, an invitation to the Montana institution has been made. It was stated in the communication that several of the other western institutions were desirous of becoming affiliated with the league, but they did not desire to consider them, wishing to have the membership entirely in universities. It is highly probable that the University will accept.

NEWS FROM THE INTERCOLLEGIATE WORLD

WALLA WALLA'S TEAM.

(Special From Walla Walla.)

Whitman's line men are in a very sore condition, resulting from the fierce charges of W. S. C.'s backfield on Thanksgiving day, when the Aggies won the annual football contest by a score of 23-6. In the first half of the game the Pullman men seemed to gain at will and 20 points were run up. The last half they had to be satisfied with a place kick by DeWitt, while Whitman scored a touchdown and a goal after a 90-yard run by Horieske. Whitman's captain played his usual fast game, and he was ably assisted. Cox gave a wonderful exhibition of tackling. For Pullman, Fishback made consistent yardage when drawn back from guard position. Galbraith also carried the ball well. The officials were: Referee, Varnell, Spokane; umpire, Payne, Colfax; field judge, Bentley, Wisconsin; linesman, Applegate, Walla Walla. A crowd of 1,500 people witnessed the game, which was the roughest ever seen on Ankeny Field. Owing to the stubborn fight put up by the light Whitman men, who were outweighed 30 pounds to the man, the injuries were numerous.

Basket ball will start at once. Whitman has A. Belt, Barnes and Cushman of last year's team. Cox, Felthouse, Johnson, Neill, Neterer and Hawley are possibilities for the other positions. Class games will be played off before Christmas.

The first dance of the season will take place in the Odd Fellows' Temple tonight, with the football men the guests of honor.

There is a great deal of resentment among the Whitman students and their supporters in general over the story that got into the papers concerning Horieske's broken leg. Horieske received merely a "Charley horse" in the practice game, and reporters exaggerated it to a fracture. The students feel that the "bear story" is an injustice in its gross exaggeration.

SOUTHWESTERN, 18; TULANE, 0.

Tulane was defeated by the Southwestern University of Texas team, 18 to 0. The Texas team showed superior offensive and defensive work.—Anaconda Standard.

PENNSY, 17; CORNELL, 6.

Wallowing and sliding around on a field deep with mud, slush, ice and pools of water, the University of Pennsylvania football team defeated Cornell in the annual game on Franklin field by a score of 17 to 6. It was a poorly-played game, for which weather and field conditions were in a great measure responsible. Twenty

thousand persons saw the game. There was hardly any choice in the teams in the first half, which ended 6 to 6, but Pennsylvania showed the better form in the second half.

DRAKE, 11; AMES, 0.

Drake won the Iowa championship by defeating Ames, 11 to 0. The most sensational play of the game was the 60-yard run by Burcham of Drake for a touchdown. The only forward pass of the game was made by Drake, but was unsuccessful.

WESTERN RESERVE CASE TIE.

Western Reserve University handed the state championship to Oberlin College here today by playing Case School of Applied Science to a tie with a score of 5 to 5.

LONGMONT AT BUTTE.

Since Thursday's victory over Granite High School of Salt Lake, the Butte High School has turned attention to the coming game with Longmont High School of Colorado, last year's conquerors of Englewood, that is to be played on the gridiron at Columbia Gardens a week from today.

Longmont recently defeated the Colorado Springs High School for the scholastic championship of Colorado by a decisive score of 23 to 0. Coach Downer of the Butte High School is now making the closing arrangements for the game, and it is thought that by Tuesday all the negotiations will be completed. The game with Longmont will not prove an easy task for the Montana team, and if they can win from the Colorado school it will be quite a feather in their caps.

Thursday's game showed just what the high school team can do when the players get into training and go into the game in earnest, and this is just what they will have to do in order to stand any chance at all with Longmont. The local line, from tackle to tackle, when the forwards are in good condition and playing good ball, will be hard to equal on any scholastic team in the country, and the back field, while light, gave an excellent account of themselves in the game with Granite on Thanksgiving day.—Anaconda Standard.

ORATORICAL ASSOCIATION.

At the last meeting of the State Oratorical Association a movement was set on foot to secure a medal to present to the winner in the state contest. Since the University is to entertain the orators this year, the committee has taken steps toward securing the medal. Mr. Leech, president of the association has selected the following members of the local committee to act: Miss Smith, O'Rourke, Bullerick, Leech.

ENGINEERS MEET.

The students registered in the Engineering Department, together with the engineering faculty, met today in the Engineering lecture room to perfect the organization of the Engineers' Club of the University of Montana. The constitution of the club was presented and adopted, and the club became a reality today.

The club has a membership at present of twenty-five members, all students registered in the Engineering Department, with the faculty, being eligible. The purpose of the organization is to present and discuss topics of interest to the engineers and for the promotion of fellowship. Besides the active members, provision has been made by which honorary members may be elected from time to time.

The officers of the organization are as follows: President, Ralph W. Smith; Vice President, Fred Thieme; Secretary, Clarence Buck; Treasurer, Milton Mason; Sergeant-at-Arms, Fred Buck; Member-at-Large on the Executive Committee, Will Tait. The club will hold its meetings every other Wednesday evening, at which time programs will be rendered.

The club held its first meeting a week ago Wednesday. A provisional constitution was adopted, and the President, Vice President and Secretary elected. The constitution was then formed and submitted today for approval and adoption. The club will fill the vacancy caused by the disbandment of the Associated Engineers last semester, and will be a very large factor in bringing the engineers into more closer relationship.

FURNITURE FOR LIBRARY.

Carpenters have been busy in the library since the first of the week, putting in the last of the furniture. All of the desks, tables and racks are now in place, and it is expected that the main reading room will be ready for use by the first of next week.

There are four fine oak tables at each end of the large reading room. A new card catalogue has been installed, and two large cases for magazines and maps have been added. A special desk has been placed back of the counter for the assistant in charge. The librarian's room has been fitted with several fine new tables, a special librarian's desk and a stenographer's table. In the reading room have been placed two bulletin boards for notices. Back of the stacks there are several small reading tables to be used when books are taken off of the stacks.

In each of the recitation rooms on the second floor a six-foot bookcase has been added for the use of the books in the department. With such an addition of furniture the equipment is entirely complete.

SCIENCE ASSOCIATION.

The Scientific Association meets tonight in the Biology laboratory. The program is entirely on prevalent diseases which are attracting considerable attention of late. The program is as follows:

The Hook Worm Disease Mary Elrod
Sleeping Sickness.....Willie Clanton
Malaria Edith Steele

MR. FRANK DIXON SPEAKS.

On Thanksgiving eve Mr. Frank Dixon spoke in the Harnois Theatre as the fifth number on the University Lecture Course. His subject was "The Man Against the Mass," which is the lecture which he delivers preparatory to the one on "The Square Deal."

Mr. Dixon is a good speaker and has a wonderful command of language. His sentences were striking, as were his illustrations and stories.

'VARSITY ELEVEN WINS CHAMPIONSHIP.

(Continued From Page One)

made no gain and the Aggies lost the ball on an attempted forward pass. Winstanley made no gain and Ryan made 13 yards from tackle. After two more downs Bishop punted 30 yards to Tailor, who brought the ball back five yards. After two downs the Farmers made 30 yards on an inside kick. After three more downs the half ended with the ball in the hands of the enemy on Montana's 25-yard line.

In the second half Beard took Johnson's place at right half and Simpson went in for Bennett at right guard, while Maclay took Beard's former position. The Aggies played the same lineup as at the beginning. Bishop kicked off to Pool, who returned the ball 10 yards. After three good gains by the Aggies, Winstanley caught an inside kick 30 yards back of the line of scrimmage. Montana made three gains, with Ryan, Ittner and Beard. And then 15 yards was netted on a forward pass to Maclay. Ittner, Winstanley and Beard made the next down. A forward pass to Little was dropped and the opposition recovered the ball. The Aggies made two gains and then Ryan blocked an attempted inside kick. Bishop dropped back for a drop kick and scored three more points for the Varsity. Score: Montana, 15; Aggies, 5.

Bishop kicked off over the Bozeman goal and the Aggies put the ball in play on the 25-yard line. A forward pass to Pool netted 10 yards. On a second attempt the Aggies failed and were penalized 15 yards. Smith made one yard on a cross buck. Brown punted 25 yards to Winstanley. Ryan gained one yard from tackle. Ittner made four through the line. A forward pass to Little netted 15 yards. This placed the ball on the enemies' seven-yard line. The visitors held Ittner on the next two successive line smashes. Bishop tried for another field goal, but the kick was blocked. Montana recovered the ball, but it was donated to the Aggies. Smith took one yard around left end. Brown punted 20 yards to Little. On an attempted forward pass the Varsity lost the ball and Smith made two yards on a cross-buck. White made two yards and Brown punted 30 yards to Winstanley, who returned it ten. Ittner made four yards and Ryan six. Beard gained two yards on a crossbuck. Bishop

tried a field goal, which failed. Brown punted from the 25-yard line. Winstanley recovering the ball out of bounds. Montana lost the ball and Pool gained 20 yards on a forward pass. And Little recovered an attempted repetition, the leather rolling out of bounds. Montana tried a spread play twice, but in both cases failed to gain. Bish punted 50 yards to Chambers, who returned it 15. Brown made three yards and then kicked 20 yards to Winstanley, who was dropped in his tracks. Time was called with the ball in Montana's possession on the Varsity's 40-yard line.

The lineup was as follows:
Montana—Left end, Little; left tackle, Beard; Maclay; left guard, Conner; center, Stoddard; right guard, Bennett; Simpson; right tackle, Ryan; right end, Kennett; quarterback, Bishop (captain); left halfback, Winstanley; right halfback, Johnson; Beard; fullback, Ittner.

M. A. C.—Left end, Pool; left tackle, Conley; left guard, Hodgskiss; center, Walchli; right guard, Hansen; right tackle, White; right end, Taylor; quarterback, Chambers; right half, Smith; left half, Tremper; fullback, Brown (captain).

Referee—Rucker, University of Missouri.

Umpire—Hartsuck, Montana School of Mines.

Timekeeper—H. Forbis.

Head linesman—Torrey, University of Montana.

BANQUET CLOSES SEASON.

(Continued From Page One)

man and every 'sub' got into the game and helped. The student body also assisted in every way. If the same spirit is shown next year, especially if you consider the material there is in sight, the state championship will come to us again."

The captain closed his remarks by wishing all possible success to next year's team and its captain.

Coach "Cupid" White was the second speaker. He told of the pleasure that was his in being able to be with the team; this year, of the great helping spirit which had been displayed, and of the hope that he had of being here to help the team next year.

Captain-elect Maclay was the next to be called upon. He expressed his hope that next year's team would be as strong as this year's and that one year from now, the school might be

celebrating another such victory. "If we can do as well as they did, I'll be satisfied."

Mr. Speer, an alumnus, expressed an appreciation on the part of the Alumni Association. He was followed by Miss Satterthwaite, who talked on football from "A Girl's Point of View." She spoke of the affection which the co-eds have for the game and the men who play.

Prof. Reynolds and Prof. Elrod represented the faculty. Prof. Reynolds told of the pride which the faculty had in the team and of the appreciation which they felt for its work. Prof. Elrod called to mind some of the early days of football in the University. He told of the first team which practiced on the flat west of town and which played where the Puget Sound freight depot now stands. He told of the first captain, Dan Heyfron, and of the early days of the game, and concluded by calling to mind that score against the Aggies of 79 to 0.

Mr. Lusk, one of the loyal friends of the institution, spoke briefly on the team work which was displayed. He was followed by Miss Stewart, dean of women, who gave one of the cleverest toasts of the evening. She championed the cause of the scrubs, "the people who do the rough things, to make the other fellow make the grand stand play." Intermingled with many clever plays on words, she concluded by reciting a few verses in honor of the scrubs.

Robert C. Line spoke briefly as one of the "scrubs." He was followed by E. A. Winstanley and F. C. Stoddard, both of whom have been vitally interested in the season on account of having sons on the team. They expressed their appreciation of the occasion and told of the pleasure they had had watching the team. C. H. McLeod then told a story and complimented the men on their team work.

A cheer and a song finished the celebration of the banquet.

STONE AT UNIVERSITY.

(Continued From Page One.)

may speak of the reporter. Of all the public officials none except the policemen hold in their breasts more secrets than the reporter. If they told all they knew and saw their stories would create a bigger sensation than many of our big stories which we write daily.

In order to carry on his work properly the men employed by the newspapers, and this refers especially to the reporters, must possess these characteristics: Truth, vigilance, persistence, team work and cleanliness. These qualities do not apply especially in regard to newspaper men. They are morals which everyone should possess in order to make a success, and if they do possess them then they are just that much in advance toward the attainment of their goal than those who have not as yet acquired these qualities.

GIRLS' BASKET BALL

The girls of the Gallatin county high school have begun their practice of basket ball in earnest during the past few days, and are entering the season with the determination of winning again the pennant as the inter-scholastic champions of Montana. Only three members of last year's champion team have returned, and they realize that some hard work is ahead of them if they fill these places.

The first game of the season will probably be played with Livingston in the near future. There are seven games already scheduled, although the dates have not been set. The teams to be played include Billings, Helena, Anaconda, Red Lodge, Livingston and the Fort Shaw Indian girls. So far only one game has been scheduled for the home grounds. Girls' basket ball is the only form of athletics which will be pursued during the winter season, owing to the shortage of funds and lack of sufficient facilities for other sports.
