## WELCOME

On behalf of the students and faculty of the State University of Montana, I am happy to welcome again to the annual Interscholastic the high school students and faculty of Montana. We are glad you are here. If the work of the world is to be done as the technologists prophesy in twenty to thirty hours a week, the development of a more nearly universal physical, intellectual, social, and spiritual culture is a necessary corollary. It looks now at least as if this culture would have to be one that may be practiced without unlimited incomes and private airplanes, yachts, and country estates. Sports, games, dramatics, music, fine arts, intellectual contests, books, and even studies, must have an important place. Never before has the mettle of the public schools and colleges of the country been subjected to a greater test. The Interscholastic is one way that Montana is meeting the test. We hope, too, that you will take this opportunity of learning what further your State University has to offer.

CHARLES H. CLAPP,  
President.
