ASUM Office Manager
Resolution to Amend Fiscal Policy 14.0 Travel – passed 3/09/05

Whereas, the Sports Organization Union and the Music Organization Union encounter a need for unforeseen and emergency travel funds when qualifying for regional and national performances;

Whereas, allowing the Board on Budget and Finance to supplement the Special Allocation – Emergency Travel with the Zero-Base Carryover account provides the necessary funds for the Board to unanimously support this kind of infrequent request;

Therefore Let It Be Resolved That Section 14.0 of the Fiscal Policy Associated Students of The University of Montana shall read:

14.0 TRAVEL.

14.2.3 ASUM Agencies, the Sports Organization Union, and the Music Organization Union will be funded travel accordingly during the budgeting process. The Sports Organization Union and Music Organization Union may be eligible for funds from the Special Allocation – Emergency Travel account as outlined in 14.5.2.1-3.

14.3 ASUM rates are:
A. Private Vehicle $.15/mile
B. Lodging (4 persons per room) $80.00 max. ($20.00/person)
C. A "waiver of additional reimbursement" shall be required for travel not covered under State policy.

14.4 The Office Manager or Accountant, under direction of the Business Manager, may approve budgeted travel expenditures.

14.5 Travel requests must be submitted to the Business Manager by the Wednesday of the third week of Fall semester and by the Wednesday of the second week of Spring semester. Requests must be submitted in the semester in which the travel occurs. If a request is placed before the Group Recognition Form deadline, the Group Recognition Form must be submitted in advance of the request.

14.5.1 The Board shall review all requests during the fourth week of Fall semester and third week of Spring semester. Recommendations will be made to be approved by the Senate.

14.5.2 A reserve of no less than 5% of each semester's total travel allocation shall be maintained for unforeseen or emergency travel occurring after travel lobbying for the current semester.

14.5.2.1 These funds shall only available upon 4/5 approval of the Board.

14.5.2.2 Any excess funds remaining in the reserve after Fall semester shall be rolled over into the total travel fund for Spring semester.

14.5.2.3 The Special Allocation – Emergency Travel account may be supplemented by the Zero-Base Carryover account through unanimous support of the Board and two thirds vote of the Senate.

14.6 As with other benefits provided by the ASUM, travel participation approved and obtained through the ASUM shall be limited to activity fee paying members of the ASUM. Representatives of the ASUM organizations as stated on the registration form must verify the status of each applicant described in the travel request documents filed with the ASUM.

14.7 Travel allocation appropriations over $500 will require the group, within two weeks from the completion of travel, to give a brief oral synopsis of the event to the Senate.

At the end of each Fiscal Year, any funds left over in the Special Allocations – Travel account shall roll over.

Resolution to Amend Fiscal Policy 11.0 Special Allocation

Whereas, SB47-04/05 passed the ASUM Senate on March 9th, 2005 but conflicts with Fiscal Policy 11.5 of Special Allocation;

Therefore Let It Be Resolved That Section 11.5 of the Fiscal Policy Associated Students of The University of Montana shall read:

11.0 SPECIAL ALLOCATION.

11.4 Only those organizations that went through the budgeting process for the current fiscal year shall be eligible for a special allocation. Exceptions can be made for organizations that did not exist at the time of the budgeting process or on a case-by-case basis with unanimous support of the Board.

11.4.1 Organizations applying for funding that did not participate in the budgeting process shall only be granted expenditure requests for specific projects occurring in the same academic semester as the request.

11.4.2 Allocation requests for projects in specific line items refused in the prior year's budgeting process shall only be approved through special allocation by unanimous support of the Board.

11.5 The Special Allocation Fund shall not be supplemented by the General Fund or by Zero-Based Carryover for emergency conditions except for the Special Allocation – Emergency Travel account as per 14.2.3 and as outlined in 14.5.2.1-3.

Resolution Reprimanding the Administrators of The University of Montana-Missoula for Lack of Student Participation in Planning of the South Campus Residential Community

Whereas, without students there is not a University of Montana;

Whereas, students were not invited, considered, or encouraged to take part in the preliminary discussions relating to the South Campus Housing project;

Whereas, the Associated Students of The University of Montana (ASUM) is greatly dismayed that we were not approached by the administration during the early stages of this potential project;

Whereas, administrators have provided conflicting and vague answers to students during this process;

Whereas, the administration's decision to circumvent student opinion (i.e. ASUM) indicates an apathetic and condescending attitude towards students and student opinion;

Whereas, this attitude was demonstrated in Vice President Bob Duringer's statements at the ASUM Housing Board meeting on February 28th, 2005 (a meeting which we requested) when he stated that there is no reason to include students in the South Campus Housing Project discussion because the project does not affect students;

Whereas, Judy Spannagel, the director of the ASUM Off-Campus Renter Center, had to request the meeting with Vice President Bob Duringer and the ASUM Housing Board;

Whereas, the first public meeting the ASUM Senate was informed/invited to was the unveiling of the South Campus Housing project plans on April 6th, 2005 at the Double Tree Inn;

Whereas, this meeting on April 6, 2005, was held off campus during an ASUM senate meeting despite adequate meeting facilities on campus;

Whereas, the public meetings on January 31st, 2005, February 28th, 2005, and April 6th, 2005 focused on benefits and appearance of the project rather than the question of whether the project should be built;

Whereas, ASUM has many concerns which have thus far not been addressed;

Whereas, these concerns should be addressed before this project is approved by the Board of Regents;

Whereas, the mission statement of The University of Montana explains that it "makes its decisions through a governance process involving all groups and constituencies on and off the campus;"
Whereas, the University of Montana mission statement concedes that, "Only through the willingness to consider all perspectives can the University arrive at the most appropriate and well-grounded decisions about policy, process, and procedure;"

Whereas, The University of Montana administration has violated this mission statement by excluding students of the University from the process and ignoring the concerns and wants of the off campus community;

Whereas, the administration owes it to the students of The University of Montana and ASUM to be forthcoming about the specific plans to build a retirement community on University land because students are an essential part of this University;

Whereas, students should have been involved in the planning process for the South Campus Housing project from the start;

Therefore Let It Be Resolved that the Associated Students of The University of Montana reprimands the administration for excluding students from the process of planning the South Campus Housing community and for failing to abide by the University of Montana mission statement;

Let It Be Further Resolved that a copy of this resolution be sent to each member of the Board of Regents, President George Dennison, Vice President of Finance and Administration Bob Duringer, Vice President of Student Affairs Teresa Branch, Walt Brett, Alumni Association Director Bill Johnston, the Montana Kaimin, the Missoulian, the Independent, and KBGA.

Resolution Opposing a Residential Development at the South Campus Area of The University of Montana-Missoula

Whereas, students were not invited, considered, or encouraged to take part in the preliminary discussions relating to the South Campus Housing project;

Whereas, the process of the South Campus Housing project and the administration’s decision to exclude students from the preliminary discussions is one reason for students to oppose the project;

Whereas, the ASUM Senate’s concerns were sent to Vice President Bob Duringer and President George Dennison;

Whereas, the Senate’s concerns were not addressed by Vice President Bob Duringer in his response to ASUM President Gale Price (see attachment);

Whereas, the following attached concerns were sent to Vice President Bob Duringer and President Dennison and were met with the attached response;

Whereas, developers who may see substantial financial gain from the South Campus Housing Project should not be the principle authors of a South Campus Master Plan;

Whereas, alternative uses for South Campus have never been discussed as a part of this process;

Whereas, the loss of a significant amount of public-use, open space will be detrimental to The University of Montana and the Missoula community;

Whereas, a monetary gain of roughly $1 million dollars is less than 0.4% 0.3% of The University of Montana’s $274 million operating budget;

Whereas, the administration has subverted the regular mandatory bidding process that should take place by leasing the land;

Whereas, the mission statement of The University of Montana explains that it "makes its decisions through a governance process involving all groups and constituencies on and off the campus;"

Whereas, the University of Montana mission statement concedes that, "Only through the willingness to consider all perspectives can the University arrive at the most appropriate and well-grounded decisions about policy, process, and procedure;"

Whereas, The University of Montana administration has violated this mission statement by excluding students of the University from the process and ignoring the concerns and wants of the off campus community;
Whereas, the mission of the Montana University System is to “serve students through the delivery of high quality, accessible postsecondary educational opportunities, while actively participating in the preservation and advancement of Montana’s economy and society;”

Whereas, we believe that this project is not consistent with the Montana University System mission statement;

Whereas, students may be forced to bear unforeseen financial burdens as a result of this development;

Therefore Let It Be Resolved that the Associated Students of The University of Montana are currently opposed to the prospect of developing non-student housing on the South Campus;

Let It Be Further Resolved that a copy of this resolution be sent to each member of the Board of Regents, President George Dennison, Vice President of Finance and Administration Bob Duringer, Vice President of Student Affairs Teresa Branch, Walt Brett, President of Alumni Association Director Bill Johnston, the Montana Kaimin, the Missoulian, the Independent, and KBGA.

Gale-

I am going to be out of town from tomorrow morning until next Tuesday evening. I have answered most of the questions below already, some are unanswerable, and some are so misstated that it would take a lengthy response just to get the question in the right frame of reference. In the end, it seems to me that regardless of what I say to Healow it will be ignored or twisted. I have learned over the years that you can only reason with people who are willing to listen; I am not sure that this is the case here. And for the record, thanks for helping this process along.

That said, I was very disappointed in the passive/aggressive behavior exhibited by many of your colleagues last evening. It seems that they prefer being silent when they have the opportunity to question and debate this in open forum, then to attack and denigrate the whole effort after I had left the room.

Do you have any suggestions on how I might actually convince them that this project is in the best interest of the students they represent?

---

Dear Vice President Duringer and President Dennison,

As you both know, ASUM discussed a resolution opposing the South Campus Residential Development last night. Although we recommitted the resolution, Senator Chris Healow, who had authored a new version of the resolution, had included some concerns that he would like to see addressed. I agreed that if he wanted those concerns addressed, they should be conveyed to you, and that you should have the chance to respond. The concerns (which are in Senator Healow's words, and not my own), are listed below. I hope you have a chance to examine these questions and respond before next week, when the Senate will discuss an amended version of Senator Healow's resolution.

Thanks,
Gale Price, ASUM President

Concerns
1. The community has voiced overwhelming opposition to this project at public meetings for a variety of reasons. If it is in fact the University's intention to ignore the sentiments of the Missoula community, then why did they have public meetings in the first place?

2. How does the University plan to placate and/or compensate the community and the students for the removal of the golf course and the compromising of open space?
