## WELCOME

Although our winter has been easy and spring came early, nevertheless the students and faculty of the State University of Montana are happy to have Interscholastic time here again with its host of flowers and the flower of the hosts of Montana high school youth. Even if Montana has lost in population, production, and wealth it has continued to gain in high school and college students. We think that fact presages a rapid recovery, not to prosperity alone, but to greater health and happiness and to a time when intelligence and friendliness play a more stellar role than they have in the past. Even if it is impossible in Interscholastic, in this New World there is a chance for everybody to win, and we are glad that Interscholastic through its encouragement of high school and college attendance and promotion of friendliness is helping to make the New Deal nearer realization.

CHARLES H. CLAPP,  
President.
