WOODY AT UNIVERSITY

CITY ATTORNEY ADDRESSES THE STUDENTS ON "LAW MAKING AND ITS MAKERS."

FAVORABLE SCHOLARSHIP

Only Small Per Cent of Students Received Grades Not Above Passing—Great Improvement.

Yesterday morning at the first official assembly of the second semester, Frank H. Woody addressed the students on the subject of "Law Making and the People Who Make It." Mr. Woody, who is at present City Attorney and who was a representative from Missoula County at the last legislative session, gave a very interesting account of intricate steps through which the state machinery of legislation works in order to frame and carry out the laws.

Scholarship Report.

President Duniway called the assembly to order, and made a number of announcements, chief among which was the standing of the general student body in regard to scholarship. Comparing the work and the scholarship of last year with that exhibited during the past semester, he found a very favorable increase in scholarship. Only a small per cent of the students received grades which were not above passing, and part of these received incompletes which cannot be counted when making up the report.

He then introduced Frank H. Woody to the students, in a few words, as a man who had always been a loyal friend to the university, and who was glad to work for its interests when he could do so.

Present Law Making.

Mr. Woody, in his opening remarks, gave as his intention to give the students an insight into the processes through which the machinery of state legislation works in order to pass the laws.

"We all practically know very little about the intricacies that the bills pass through in our present legislation, and very few of us know a great deal of it, so that I shall endeavor to explain to you something which might prove of interest and of benefit to you.

"As you doubtless have read in your civics, the state governments is modelled closely upon the federal, with the executive, the judicial and the legislative, with its two houses, the senate and the house proper. The only difference between the federal and state governments, especially in regard to the legislature and the federal congress, is that where the federal senate elects two senators from each state, the state elects but one senator from each county."

Duties of Officers.

Mr. Woody then took in regular order the opening duties of the legislatures, the first duties of the speaker of the house and the president of the senate, and the appointing of the permanent committees, and related in detail the processes involved in each.

"In the Montana legislature," he said, "there were about thirty-odd standing committees."

He next took a bill from the time the founder gave notification of its presentation until it was signed by the gov-

MRS. WHITAKER RESIGNED

Instructor in Music and Director of the School of Music Since 1896.

Mrs. Blanche Whitaker, instructor in Music and Director of the School of Music since 1896, has permanently resigned her position with the University. About four weeks ago, Mrs.

MRS. BLANCHE WHITAKER

Whitaker left for California with her daughter, Lucy, on account of the illness of the latter, and has found it impossible to return.

Mrs. Whitaker leaves a position in the University which will be hard to fill. Since 1896, when she accepted

(Continued on Page Two.)

DRAMATIC CLUB ALIVE

WITHIN THE NEXT FEW WEEKS THE FARCE "TULU" WILL BE GIVEN.

CHARACTERS SELECTED

"The Box of Monkeys" and "Mr. Bob" Will Be Given Later—Students Are Busy.

Within the next few weeks, the farce "Tulu," will be presented by the members of the Dramatic Club. This will mark the beginning of dramatic work by the students this year at the University, and will prove a pleasant innovation. Casts for two other light productions, "The Box of Monkeys," and "Mr. Bob" have also been selected and these will likewise be presented in the near future.

Quill and Dagger.

This movement marks the revival of the old Quill and Dagger society, the official dramatic organization in the University. During the past two years, interest had been dropped in such work, and the "Quill and Dagger" was not in existence. Through the efforts of those who were interested in the presentation of light comedies and farces, a dramatic club was formed last year, and successful work was accomplished. Several little plays were put on, among them being "The Jack Trust," a scene from "The Merchant of Venice," and "The Box of Monkeys." Last spring all work of this nature was brought to a close by the presentation of "The Talk of the Town." This proved a fitting climax to the efforts expended last year, and mainly through the efforts of Mr. Donald MacDonald, it proved a great success.

Work Last Fall.

The work was again taken up last fall and a fair start was made, but owing to the number of other school activities, no definite arrangements could be made for the presentation of other farces. Now that the examinations are over and the new semester

(Continued on Page Two.)

CHARTER DAY PROGRAM.

The program for the fifth celebration of Charter Day, at the University of Montana—to be held on Friday, February 18th—is announced as follows:

10:30—Exercises, Assembly Hall. Address, Hon. Charles R. Leonard of Butte, member of State Board of Education. "What the State Has a Right to Expect of its Educational Institutions."

12:00 to 1:30—Lunch, Woman's Hall.

1:30 to 5:00—Inspection of the laboratories.

4:00—Basketball Game.

9:00—Reception at Gymnasium.

HERMAN M'GREGOR LEAVES

Goes to Utah—Engaged by Association of Fire Underwriters.

Several days ago, Herman McGregor left for Salt Lake, Utah, where he has been engaged by the Association of Fire Underwriters. Receiving this position has been quite a promotion from

MR. HERMAN M'GREGOR

his previous one which was well deserved.

Mr. McGregor is an alumnus of the University, being a member of the class of '08. While in college he held several positions of responsibility. He was Assistant in the Department of Engineering during his last two years.

(Continued on Page Two.)

EXTENSION IN BOZEMAN

DR. DUNIWAY WILL DELIVER LECTURES ON THE AMERICAN REVOLUTION.

BILLINGS H. S. HAS APPLIED

In Butte the Work Has Met With the Greatest of Approval—Many Advantages Derived.

From present indications, it appears that the University Extension Work is to reach a much wider field than had ever been anticipated when the courses were started. Several letters have been received recently completing the preparations for several new cities, and before another month passes, the Extension Work will be conducted in at least six towns.

At Bozeman.

At Bozeman, President Duniway will deliver his series of lectures on the American Revolution. Through the efforts of Prof. Brewer of the Agricultural College, Superintendent Cunningham of the city schools, and Principal Parkin of the Gallatin County High School, plans have been perfected by which President Duniway will begin his lectures next week.

Superintendent Nye of the Billings High School has been in correspondence with the University, and it has been definitely arranged to have President Duniway deliver a series of lectures in Billings. The work will begin next week. The evening set for the course will probably follow that of the Bozeman lecture.

At Deer Lodge.

Dr. Underwood will commence a course of lectures in Sociology in Deer Lodge next Saturday evening. Through the efforts of those who have undertaken the management of the course, it is understood that a large number will enroll. Deer lodge has also asked President Duniway to give the course in American History. It is expected that this latter course will begin in several weeks.

In Butte the work has met with the greatest of approval. The Woman's club and the Teachers' Association are working together in perfecting the plans. President Duniway will give his series on the Revolution in Butte. As yet no other course has been arranged but it is highly probable that another course will be selected.

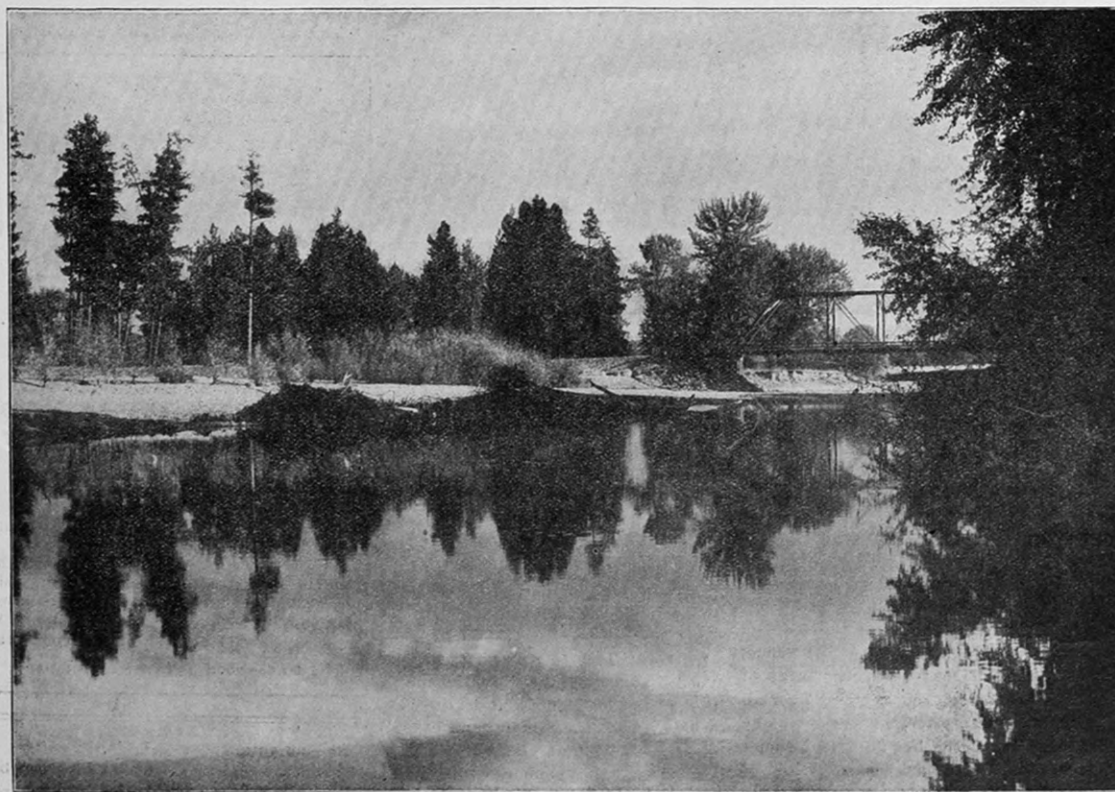

Advantages of Course.

Speaking of the University Extension plan, Rev. Lewis J. Duncan has the following to say in the Butte Evening News for last Sunday:

"The University of Montana now affords a cultural opportunity to this and other communities in the state, that should be seized and used. It is a proposed course of lectures by which the advantages of University scholarships are brought within the reach of those, who, for one reason or another, cannot attend the higher institutions of learning; i. e., Mahomet, not being able to go to the mountain, commands the mountain to come to him and it does so."

The State University belongs to the whole people of the state. The advantages it offers for education and culture should be accessible to the whole people.

Entered as Second Class Mail Matter at Missoula, Montana, under Act of Congress of March 3, 1879.

FEBRUARY 3, 1910.

CALENDAR.

Wednesday, February 9, J. Adam Bede, congressman from Minnesota, will lecture on "Our Nation, Its Problems, and Its Progress."

Friday, February 11—A. S. U. M. Dance.

Friday, February 18—Charter Day Exercises.

DEBATERS AND ORATORS WILL HAVE "M'S."

At a meeting of the Executive Committee of the A. S. U. M. held last evening it was finally decided that the debaters and orators should be granted "M's" and that the insignia should be presented by the students just the same as the athletic "M." A motion was passed which provides for the appointment of a committee to arrange for a fitting emblem or insignia. This morning President Line appointed the following committee: Charles McCowan, chairman; A. W. O'Rourke and Dr. G. F. Reynolds.

It was also decided that no more A. S. U. M. dances should be given until after the Lenten season. A motion was carried by which the date of February 11 was eliminated from the schedule of dances. The next dance will be on the first of April, and a very unique affair may be expected for that evening.

The matter of arranging the method to be used for the preliminary contests in oratory was referred to the Oratorical Committee, the motion including, that this committee be ready to report at the next executive meeting.

The entertainment for the evening of Charter Day was referred to the A. S. U. M. Dance Committee, after some discussion. Definite arrangements will be announced later.

A motion was passed by which the day of meeting has been changed from Tuesday afternoon to Monday afternoon at the same hour.

It is with sadness that we note the resignation of Mrs. Blanche Whitaker from the University Faculty. For

fourteen years Mrs. Whitaker has had charge of the School of Music. It has been through her unceasing efforts that the musical societies of the University have attained such a high degree of excellence. The Orchestra, the Sextette, the Musical Club and the Girl's Glee Club were under her charge and often student sings and even singing on the steps were led by her.

We shall miss Mrs. Whitaker as well as the alumni and all the former students who have attended the University during the past fourteen years and they shall cherish her remembrance as a faithful and diligent worker.

The last is best of all the game. The last semester of the academic year, then, ought to be a hummer.

Did you see the comet? and Carrie Nation? and the Kaimin subscription collector?

Get busy on some of those prizes and try out for some of those contests.

February is the month of birthdays, and that includes Charter Day.

All is well that ends well. Well, how did you prosper

Eastward the course of Extension makes its way.

System is a great thing, especially in the office.

When you have troubles, think of the debaters.

Watch for the Charter Day Supplement.

Just wait for the Caps and Gowns.

Thank goodness—Rushing is over.

EXTENSION IN BOZEMAN.

(Continued From Page One.)

and not to the fortunate few who can command the leisure and the means of several years' residence at the University. The University extension plan meets just this requirement.

After explaining the plan at some length, Rev. Mr. Duncan concludes by saying: "Here we have an excellent object lesson of the socialism of a public necessity."

In making his trips to the cities where the lectures will be given, President Duniway will no doubt plan to pay some of his regular visits to the high schools over the state, thus combining the lecture work with that of inspecting the secondary schools.

HERMAN MCGREGOR LEAVES.

(Continued From Page One.)

He held the position of Treasurer of the Senior class and is a member of Silent Sentinel.

Since his graduation, Mr. McGregor has held a responsible position with the Missoula Light and Water Company, in Bonner. While the Bonner dam was being constructed he assisted in setting up the machinery and since that time, has been in the employ of the company at the Bonner station.

"Herm" says that he is well pleased with his new position and feels satisfied that he is going to like Salt Lake.

MRS. WHITAKER RESIGNS.

(Continued From Page One.)

the position of the head of the School of Music, she has had sole charge of this department, and as director of all musical organizations undertaken by the students, she has filled a difficult position. During her many years of service, she directed the University Orchestra, the Mandolin Club, the Double Sextette and the other musical or-

ganizations which have been created from time to time.

Mrs. Whitaker leaves not only friends in Missoula and at the University, but countless others from all parts of the state, for she ranks among the foremost musicians in the state. Her musical education was received under Dr. Cedric Bucknall and Edward Roeckel, both masters in the musical world. The students regret very much the fact that Mrs. Whitaker will no longer act as instructor and director, and wish her the best of success.

DRAMATIC CLUB ALIVE.

(Continued From Page One.)

is commencing, the club has again revived. A week ago Friday, a meeting was held to get things started so that when the old semester was over, active preparations could be made. This time the work has been in earnest, and a good program has been started. Characters have been cast for "Tulu," "The Box of Monkeys" and "Mr. Bob." "Tulu" will be the first of these light productions to be given, and will probably be ready for presentation by February 12th. The other two plays will be given as shortly afterwards as possible.

"Tulu" is one of the most entertaining of these plays and will prove a very good study, for presentation of dramatic work. The cast, which will present the play is as follows: The Duchess of Toedmay, a law unto herself and others.....

Margaret McCampbell

Lord Blazonberrie, her son, well descended of course, and still descending.....

Thayer Stoddard

Jack Ryder, an ascending American, in love with "Old Bob's" Petrolia, his cousin.....

Arbie Leech

Petrolia Seersucker, "Old Bob's" eldest, a charming American atrocity, "on approval".....

Fay Kent

Tulu Seersucker, "Old Bob's" youngest, an irrepressible American atrocity, "minds no one but papa".....

Fay Wright

Dick Chetwyn, "nephew" to the Duchess, a photograph fiend.....

Cecil Dobson

Robinson, the butler, one of the props of the British Constitution.....

Hugh Forbis

The Camera.....A most taking character

WOODY AT UNIVERSITY.

(Continued From Page One.)

ernor, or vetoed, as the case may be. The bill is read the first two times by title only, after which it is referred to the standing committee which should properly consider it. After their adoption or report of disapproval, the bill is taken before the house, which sits in the committee of the whole, where it is discussed and adopted. It is then read for the third time and voted upon by the house. From the house the bill goes to the senate where it is treated in like manner, and is then sent to the enrolling committee, who write it out in long hand, preparatory to the signature of the speaker of the house. After the speaker has signed it, and the president of the senate, the bill is presented to the governor or his secretary.

Qualities of Legislator.

"The governor has the option of signing or vetoing the bill. He takes either of these courses within 15 days after the bill is presented. If vetoed, the bill may be returned to the legislative assembly, and if passed again by a two-thirds majority, the bill becomes a law, despite the governor's veto."

In his concluding remarks, Mr. Woody spoke of the essential qualities of the legislator. "It is the best 60 days' schooling a man can obtain," he said. "All that is necessary is good practical common sense and enough backbone to do what is honest to yourself and those you represent."

NEWS FROM THE INTERCOLLEGIATE WORLD

MINNESOTA'S HARD LUCK.

Two years ago Minnesota football circles were shocked when the news of the death of Captain Dunn was received. The report came as a bomb and robbed the Gophers of one of the most promising players ever developed at the big state institution.

Last year, everybody knows the Minnesota team met with a series of misfortunes which ordinarily would disrupt most teams, but in spite of the calamities, which came in quick succession, the Gophers went through the season with a remarkable record, winning the western conference title and losing only to Michigan.

Not only during the football season, however, are the Gopher players under the influence of this unshakable hoodoo, for it was only the first part of the past week that Johnny McGovern, the sensational captain of the 1909 team, joined the ranks of the appendicitis club and went to the hospital to have the veriform appendix severed from his anatomy.

Not satisfied with picking out the little star for a seige in the hospital the hoodoo again got to working and "Jimmy" Johnston, the captain-elect for the 1910 team, was made a victim, the little half back receiving a severe mat burn while wrestling at the "U" the other day, from which infection set in and he has been suffering from blood poisoning for several days.

It is rumored in educational circles that President Albert Rose King of the University of Missouri has been tendered the headship of Minnesota University to succeed President Cyrus Northrup, who is soon to retire. Dean Frederick S. Jones of the College of Fine Arts and Science at Yale has also been considered.

Professor H. E. Slaught, of the University of Chicago, is preparing a text on geometry which is expected to make its study by young men more popular by giving the science practical application in daily lessons. There is a theorem which deals with the vital question of how far to bring a football out to get the best angle from which to kick. There is also one by which, in the author's words, "a tree can be measured without climbing," and all these are simply the old abstract theorems practically applied.

Attendance statistics compiled by the bureau of education place Minnesota at the head of state universities and other universities partly supported by state funds. Minnesota's enrollment for the year ending June 30, 1909, numbers 5,066. Illinois comes second with an attendance of 4,972; Cornell third, with 4,859, and Michigan fourth, with 4,554.

GREAT TRAINER FOR TIGERS.

Keene Fitzpatrick, who will have charge of Princeton's athletic teams beginning next fall, is well known among the local followers of amateur athletics. He has made his home in Natick for a number of years, is a cousin of Pooch Donovan, the Harvard trainer, and an intimate friend of Mike Murphy. It was Murphy who gave Fitzpatrick his first start as a club and college trainer.

Fitzpatrick has shown ability to develop sprinters, as well as distance runners, and was instrumental in founding what is known as the "Yale pole vaulting system." The five-year contract between the University of Michigan and the athletic director is said to terminate in June, and the Princeton athletic authorities, realizing that fact, went to work quietly, with the result that it is said that Fitzpatrick agreed to sign to look after the general training of the Tiger teams.

Cornell University's new alumni field of 57 acres, for the equipment of which \$100,000 has been raised, will be partly put in shape this spring. The work will consist of varsity football and basket ball fields, a stadium and other training houses to meet the immediate demands of the athletes. To equip the field as originally planned will cost \$350,000.

In the last twenty-five years Yale football teams have scored 8,963 points to their opponents 425. Three hundred games have been played, of which number Yale has lost only twelve—four to Harvard, six to Princeton, one to Columbia, and one to West Point. Her highest score during this period is 130 to 0, against Wesleyan.

The Alpha Club of the University of Oregon have received a charter entitling them to membership in the National fraternity of the Alpha Tau Omega. The local club had been organized three years.

H. R. Henbrook, Michigan's All-American guard, has been elected to captain the 1910 team in place of Joy Miller, who was first elected and then decided ineligible for deficiency in his studies.

The preliminaries to select the Oregon man for the Interstate Oratorical Contest will be held Saturday. In this preliminary, the judges will decide upon general effect, irrespective of written compositions, and the contestants will be limited to eight minutes each—The Oregon Herald.

SUBSCRIBE FOR THE KATMIN.

AMONG THE ALUMNI

ALUMNI DINNER.

The Alumni Association of the University have taken active steps towards bringing their members together, by introducing a novel scheme, namely that of holding monthly dinners. These dinners, however, are not given in the ordinary manner with invitations and other formal innovations, but are rather the opposite. In order to bring the members together, the Association has requested all of its members who live in Missoula and who conveniently can, to take dinner at the Coffee Parlor on a designated day. In this manner, they are brought together informally, and a good evening is insured to all. The first of these dinners occurred last Saturday evening and was a decided success, some of the out of town members being present to meet old friends. The next dinner will be held on Saturday, February 19th, and an even larger attendance is anticipated.

McLAREN LEAVES FOR COAST.

Gilbert McLaren, '09, who has been employed for the past few months by the Missoula Mercantile Company, will leave shortly for Astoria, Oregon, where he has accepted a position with a prominent lumber company at that city. He was a very prominent member of his class, and leaves many friends who wish him well. Walter McLeod, ex-'10, will accompany him to the coast.

Susie Garlington, '07, dropped down from Stevensville last week to attend the first Alumni dinner.

Fred Buck, '06, came down from the Bitter Root for a few days last week, and while here attended the dinner last Saturday evening.

Robert Carey, ex-'08, has accepted the position lately vacated by Gilbert McLaren at the Missoula Mercantile Company.

Miriam Hatheway, '03, has gone to California for the remainder of the winter.

Eloise Ribby, '03, has resigned her position at the Missoula Public Schools and will remain at home in Carlton.

Wednesday was pledge day for the women's fraternities. The following have been pledged:

Kappa Kappa Gamma—Mabel Cowel, Mildred Ingalls and Gladys Lewis.

Kappa Alpha Theta—Gladys McLean, Louise Smith, Flora Averill, Lottie Greenough and Margaret McCampbell.

Sigma Tau Gamma—Florence Matthews, Eula Butzerin and Gladys Huffman.

Miss Buckhouse visited with her folks at the Bitter Root over the vacation.

Mrs. Tylar Thompson entertained at cards for the members of the Sigma Tau Gamma Sorority and a few other guests on Friday evening of last week.

The Kappa Kappa Gamma fraternity was delightfully entertained at dancing last week at the Toole residence.

Mrs. Warren Wilcox entertained the Kappa Alpha Theta girls at an informal breakfast last week.

Sigma Chi is planning on an informal dance at Barber & Marshall hall tomorrow evening.

C. W. Griffin, who has been enrolled on the short Forestry course, left for Nixon, Mont., last Tuesday, where he will resume his work as forest ranger.

William Hollenstainer of Lo Lo, who has been taking the special forestry course, decided that there was something better than forestry and dropped out to take up a position offered at Lo Lo.

Kappa Alpha Theta and a few guests enjoyed a trip to Bonner and dinner at the Hotel Margaret on Monday and in spite of the rain every one seemed to have a good time. Mrs. E. A. Winstanley chaperoned the party.

The Engineers' Club requests the pleasure of the presence of the stu-

dents of Forestry at a Smoker to be held February 4th, at the home of Professor Richter, 305 University avenue, from 8:00 to 12:00.

W. J. Winninghoff, '10, is spending the first week of the semester at his home at Phillipsburg. "Winnie" has completed the required work for graduation, but will return for post work this semester.

The date for the next meeting of the Science Association has been set for Wednesday evening of next week at 8 o'clock. At that time Dr. Elrod will occupy the evening with lantern slides. An excellent number has been arranged and prepared, and the evening is anticipated with much interest. It is highly probable that many who are not members of the society will desire to see the pictures. To these an invitation is extended.

The few days' vacation between semesters was taken advantage of by many of the girls at the dormitory, who either spent their vacation at home or visiting with friends. Among those who left Missoula, were Fay Kent, who is visiting with her mother in Butte; May Graham and Opal Cronk, who spent the vacation with Edna Hollenstainer at Lo Lo; Florence Sleeman and Helen Metcalf, who went home during the week end; Mary and Renie Henderson, who spent their vacation at home at Hall, with Willie Clanton as their guest.

CLARKIA LITERARY SOCIETY.

Clarkia hopes to hold one of the most interesting meetings of the year next Monday, when the following program will be given.

Paper, "Halley's Comet," Edith Steel.

"Ballinger - Pinchot Controversy," Lizzie Leaf.

"The American Drama," Dr. Reynolds.

It is hoped that every member will be present as Dr. Reynolds has kindly consented to talk to the society on the "American Drama," a subject in which he is particularly interested.

Y. W. C. A.

At the meeting of the Young Women's Christian Association of this week

the nomination committee submitted the following report:

Nominations for President, Willie Clanton and Eva Coffee; Vice-President, Edith Steel and Fay Kent; Secretary, Carrie Wharton and Florence Leech; Treasurer, Fay Wright, Florence Leech and Gertrude Whipple. The election will be held at the next regular meeting to be held next Wednesday.

INTERSCHOLASTIC DEBATE.

Dr. Reynolds has received word from many of the high schools in the debating league to the effect that the debates are progressing very rapidly, and that the inter-district contests will be started soon. It is anticipated that the final contest in Missoula will be livelier than ever.

In the eastern district the local contests have been completed and Friday of this week has been set for the district honors to be decided between Miles City and Lewistown. The local contests in this district seem to have been exceedingly encouraging and some of them were excellent.

In the Southern District, Bozeman won over Livingston in the first local contest. As Butte is the only other contestant in that division, the final between Butte and Bozeman will be held inside of the next month.

The Northern District has been progressing rather slowly, so that at this time it is impossible to give any results. The local contests have been arranged, but have not been completed.

In the Western District the finals have not been contested. They will be completed this month, however.

In speaking of the league this year, Dr. Reynolds, the president of the Montana High School Debating League, states that a greater interest than ever seems to be existing among the schools. About the same number of schools as ever have been contesting and the contests have been particularly good. The semi-finals will be completed in the next two months. Meanwhile, plans for the final contest this spring are being made in Missoula. The contest here will occur on Monday evening of interscholastic week.

INTERCOLLEGIATE NEWS.

The American University at Washington, D. C., is beginning the erection of buildings which will cost \$2,000,000. These will be used for post-graduate work.

John "Twister" Bender, coach of the Haskell Indians, has declined an offer to coach the Nebraska baseball team, and will continue with the Indians.

Students of Syracuse University petitioned for exemption from June examinations of all who averaged 80 per cent. The petition, however, failed.

Seven of the best men on Michigan's crack baseball squad were disqualified by the board of control on the ground that they were professionals.

The statement that Harvard is about to abandon the elective system with respect to courses of study is receiving widespread attention in college editorials.

Haskell Institute, the second largest Indian school in the United States, is to be transferred to the state of Kansas and will be converted into a day trade school.

President George E. MacLean of the University of Iowa champions the cause of Esperanto, and expresses his belief that in time the new tongue may become a universal language.

Statistics have been compiled at the University of Iowa, which show the average of undergraduates in that institution to be 23.9 years. The oldest
