WELCOME

Each year the Interscholastic Meet at Montana State University is growing to hold a firmer place in the affections of faculty and students. We are particularly anxious to meet high school students and their instructors, to have them learn what a fine institution is theirs at Missoula.

We welcome this opportunity to show each of you our rapidly growing campus, especially the Journalism and Art Buildings, completed in 1937; the new Residence Hall, completed in 1938; and the Natural Science Annex and Chemistry-Pharmacy Building, now approaching completion. In our Library are the latest books in every field of study, in the Student Union Building activities which appeal to all of us. We want you to know that, although you are here for track and field competition or debates and plays, for tennis and journalism meets, the important thing is the possibility offered for a liberal or professional education. Be sure to ask questions about anything that interests you.

GEO. FINLAY SIMMONS,
President.
