Whereas, the amount of student groups that request funds and the amount student groups request are gradually increasing,

Whereas, money not used by student groups is pooled into the Zero-Based Carryover account,

Whereas, the Zero-Based Carryover account does not require money in excess of $100,000,

Whereas, an additional $5,000 could benefit a number student groups in annual budgeting,

Therefore Let It Be Resolved that the Senate of the Associated Students of the University of Montana (ASUM) amends Fiscal Policy Section 23 to read:

23.1 At the end of each fiscal year, any unexpended amounts remaining in organizational accounts not specified in line 10.5 will revert to the Zero-Based Carryover Account.

Passed 4/4/04
Resolution to Increase Montana Kaimin Mandatory Fee - $2.00/Academic Semester

Whereas, the Publications Board has initiated an effort to increase ASUM oversight of the Montana Kaimin financial budgets,

Whereas, after examining the Montana Kaimin’s FY2004 budget, it has become apparent that a fee increase of $2.00 per academic semester is needed to ensure the Montana Kaimin remains a viable organization on campus, and competitive within its respective market,

Whereas, a $2.00 increase in the mandatory Montana Kaimin fee would raise approximately $45,000 a year which could subsequently be spent on increased compensation for the over 50 student employees,

Whereas, the newly generated funds would help pay for much needed technological upgrades such as new computers, new computer software, and new digital cameras,

Whereas, the newly generated funds would allow the Montana Kaimin to publish longer papers with more content,

Whereas, the newly generated funds would also address the rising costs of operating the Montana Kaimin, printing costs alone continue to rise on average, 7%-10% a year,

Whereas, an alternative to not increasing the mandatory fee could mean reduced numbers of the Game Day issue during football games, a decrease in the circulation of the weekly paper from 6,000 to 5,000, or possibly reducing the number of days the Montana Kaimin is published,

Whereas, the above alternatives would be severely detrimental to the prestige of the Montana Kaimin, and detrimental to the general campus population and their ability to receive important campus information,

Whereas, it is clear that a modest $2.00 per semester (autumn and spring) fee increase would help to sustain an important student run, campus institution,

Whereas, fee increases of this nature should be decided by the student body during the general elections as a referendum,

Therefore Let It Be Resolved that the Senate of the Associated Students of The University of Montana (ASUM) supports an increase of $2.00 per semester (autumn and spring) to the current mandatory operational fee for the Montana Kaimin.

And Let It Be Further Resolved that the Senate of ASUM send to referendum for a student vote, the following language:
Referendum to Increase Kaimin Operating Fee

The Senate of the Associated Students of the University of Montana (ASUM) has approved a referendum motion to increase the Montana Kaimin operating fee. Currently, students pay $4.00 a semester (autumn and spring only) to receive the Montana Kaimin. $2.00 goes towards Montana Kaimin operating costs, while the other $2.00 pays for recycling. The Senate proposes an increase in $2.00 a semester to help pay for rising operating costs, to make technological improvements and adjust employee compensation.

___ YES - I Support the $2.00 a semester fee increase.

___ NO - I Do Not Support the $2.00 a semester fee increase.

MEMORANDUM OF UNDERSTANDING
DATE TO BE ESTABLISHED PURSUANT TO PASSAGE

The University of Montana
The Associated Students of The University of Montana

ADMINISTRATIVE ASSESSMENT

The University of Montana collects an Administrative Assessment from the ASUM for services related to general administration. The amount is detailed in the calculation of the Administrative Assessment provided annually to the President, Executive Officers, and the Budget Planning Committee for review and approval. The University of Montana administration will provide by 1 February of each year, a preliminary estimate of the amount of the assessment for purposes of ASUM budgeting.

GENERAL FUND SUPPORT OF ASUM

The ASUM will not receive funding from the General Fund via ASUM Support in amounts agreed upon by the President of The University of Montana and the President of the Associated Students of The University of Montana.

BUDGETING OF ASUM FROM THE GENERAL FUND

Beginning with funding for Fiscal Year 2005-06, the Associated Students of The University of Montana retain full discretion in the ability to allocate the general fund appropriation, amount stated below, to any organization and student group as the ASUM so chooses. The ASUM will annually submit a budget request to The University of Montana outlining funding allocations to organizations and student groups as decided upon by the ASUM, in accordance with the budget preparation instructions for the entire campus.

GENERAL FUND BASE

Total Funding Base to equal $45,000.00

The Memorandum of Understanding of 16 August 1994 shall be void upon collected signatures from both parties listed below.

George M. Dennison, President
The University of Montana
University of Montana

Aaron Flint, President
The Associated Students of The
Resolution Urging Ratification of Memorandum of Understanding

Whereas, the current memorandum of understanding, signed in 1994, which governs the $45,000.00 general fund allocation, is outdated,

Whereas, within the current memorandum of understanding, certain portions of responsibility have changed over time, including the recommended funding levels,

Whereas, updating the memorandum of understanding is important because it clarifies old guidelines and establishes new ones, which will be better for future Senates and Administration alike,

Therefore Let It Be Resolved that the Senate of The Associated Students of The University of Montana (ASUM) submit for ratification to both Aaron Flint, President of ASUM, and George Dennison, President of The University of Montana, the following memorandum of understanding:

Resolution to Amend By-Laws, Article IV, Section 8 - Publications Board

Whereas, it has been suggested by members of the Montana Kaimin that a useful role Publications Board should play is the monthly review of the Montana Kaimin finances,

Whereas, this role is important in order to ensure the Montana Kaimin finances receive adequate review on a month-to-month basis to verify financial accuracy and increase financial accountability,

Whereas, in order to ensure that an accurate financial review is attempted each month, the ASUM Office Accountant should be added as an ex-officio, non-voting member,

Therefore Let It Be Resolved that the Senate of the Associated Students of The University of Montana (ASUM) amends By-Laws, Article IV, Section 8 to read:

Section 8. Publications Board:
A. The Publications Board will consist of seven voting members, chaired by the ASUM Business Manager, who votes only in case of ties. The Pub Board will include one ASUM Senator and one student-at-large position, the Kaimin Editor, Business Manager, and Faculty Advisor, and a Business School faculty member appointed by the Dean of the Business School, who will be voting members of the Board. The ASUM Office Accountant shall serve as an ex-officio, non-voting, member on the Publications Board.
B. The Board shall be responsible for appointing the Editor and Business Manager of the Montana Kaimin. Additionally, the Board shall appoint the Editor and Business Manager of Cutbank and any other ASUM-funded student publications.
C. The Board shall oversee the general operations of ASUM-funded publications, without infringing on First Amendment rights.
D. The Publications Board, upon request to the Montana Kaimin Business Manager, shall review the financial budget(s) of the Montana Kaimin operations. The Publications Board shall conduct a financial review at least once a month during the academic year.

Passed 4/7/04
To Send to Referendum - Resolution to Increase Student Activity Fee

Whereas, the Senate of the Associated Students of The University of Montana (ASUM) recently approved the amended recommendations for the fiscal year 2004-05 budget,

Whereas, on a budget of $695,000.00, the Senate received requests of over $1,000,000.00 from various student groups and ASUM agencies,

Whereas, the current $30.00 a semester activity fee has not been raised in a long time and it has been impossible to keep up with increased budget requests,

Whereas, the activities that ASUM is supporting, while worthwhile to students, has caused the ASUM Administrative Assessment to rise $10,000.00 dollars in the last year,

Whereas, many important agencies such as ASUM Legal Services have had to increase the size of their budgets in order to meet the demand for services offered,

Whereas, an example of expanding student participation is in the Sports Union, which asked for almost $200,000.00 and was budgeted a little over $30,000.00,

Whereas, more students groups are requesting money from the ASUM for yearly operating fees, and the size of the ASUM budget is remaining static,

Whereas, a modest increase of $2.50 per semester, per full time student, would generate approximately $60,000 to help ASUM keep up with the ever increasing demands by agencies and student groups,

Therefore Let It Be Resolved that the Senate of the Associated Students of The University of Montana (ASUM) supports sending to student referendum the following:

Referendum To Raise Student Activity Fee

In order to meet the increasing demand on the ASUM yearly budget, the Senate has proposed to increase the Student Activity fee by $2.50, to $32.50 a semester, or $65.00 a year. All graduate and undergraduate students registered for seven (7) or more credits are required to pay the fee. The fee is optional for students taking less than seven (7) credits.

YES - I support the $2.50 per semester increase to the student activity fee.

NO - I do not support the $2.50 per semester increase to the student activity fee.

Authored By: Senator Robert J. Welsh
Resolution To Send Athletic Fee Increase to Student Referendum

Whereas, the Athletic Department and the University Administration have proposed increases to the student athletic fee from $30.00, currently, to $45.00 for 2004-2005, to $60.00 for 2005-2006,

Whereas, the proposed fee increase is highly significant, and an accurate method to ensure student participation in the decision making-process is to hold a referendum,

Whereas, the Administration recently withdrew the fee proposal from the Montana Board of Regents agenda, but has indicated that a fee increase is still the Administration choice of action,

Therefore Let It Be Resolved that the Senate of the Associated Students of The University of Montana (ASUM) send to referendum the following, based on existing knowledge of the fee increase proposal:

Referendum Regarding Athletic Fee Increase

The Athletic Department and the University Administration are proposing an increase to the current $30.00 a semester, athletic fee that full-time students pay. The extra funds would be utilized to ensure Departmental fiscal stability. The Athletic Department and the University Administration propose raising the $30.00 fee to $45.00 a semester for 2004-2005, and finally $60.00 a semester for 2005-2006.
