THE WEEKLY KAIMIN

VOL. VI.

UNIVERSITY OF MONTANA, MISSOULA, NOVEMBER 9 1911.

NO. 8

SOPH RULE IS PROPOSED

FRATERNITIES WILL NOT PLEDGE MEN UNTIL SOPHOMORE YEAR IN COLLEGE.

FACULTY TO ENFORCE

Professors Will Punish Infringers of Rule—Heretofore Frats Bound Only by Honor.

Beginning on June 6, 1912, the rule known as the Sophomore pledging rule will be in force in the University of Montana. This action was taken by the faculty in the meeting held on Tuesday evening. It was at the solicitation of a majority of the fraternities that the faculty took this step. The fraternities who favored this rule are Sigma Chi and Iota Nu (local), and woman's Kappa Kappa Gamma. Kappa Alpha Theta and Delta Gamma, Sigma Nu was not in favor of the passing of such a rule, but have taken the right stand on the matter in case the rule was passed.

Better for School and Frats.

The fraternities feel that by having this sophomore pledging rule everything connected with the institution will as far as the fraternities are concerned go better. This will do away with any concentrated rushing which has been in vogue in the past. This rushing is one of the worst things against which the freshmen and the fraternities had to contend. Coming as it necessarily must at the very beginning of the school year, it gave the freshmen the wrong kind of a start. Neither was any help to the older members of fraternities. It broke up the first few weeks almost entirely.

Under this new method every one who is bid to a fraternity will have had sufficient time to become acquainted and will know just what he or she is doing when he or she pledges to any fraternity.

The Rules as Passed.

Below is printed the rules as passed by the faculty. These rules were drawn up by a committee of the faculty and one representative from each fraternity. These rules passed a majority of the assembled meeting and were presented to the faculty as coming

(Continued on Page Five.)

BRUINS DEFEAT POLSON IN SNAPLESS GAME

Montana Scored Almost at Will in Lifeless Practice Game---Polson Braced in Second Half and Made Touchtown---Captain Winstanley and Fullback Owsely Stars of Game.

On Saturday afternoon the University eleven gave battle to an alleged football aggregation from Polson. The game was about the slowest, raggedest and most uncollegiate-like game that has been seen in these parts for some time. The eleven representing Polson was a very poor excuse. Three men out of the entire group knew anything about the great American college game. While knowing that the Varsity men at one time had a fair knowledge of football, they succeeded so well in concealing it in this contest that now it is rumored that they have had a lapse of memory. However, all of the 82 people present expressed pleasure at witnessing such a good burlesque.

After seeing the feeble defense, and the ragged offense which Polson presented, it was expected by the University supporters that the Bruins would be able to run up an overwhelming score. It was expected to see Polson defeated by a score of large size on our side and nothing on theirs. Had the Varsity played anything like old-time form, or if they had kept up the class of game that they used during the first half, Polson would have been shut out. It would have been easy. But the University did not keep up. They slowed up, became careless and Polson put the ball over for a touchdown.

Winstanley was the main power on the Varsity side. He played hard, was every place at once and in every play. It was to his good individual work that Polson did not make more in scrimmage than they did. Polson made its touchdown while Captain Winstanley was on the side lines. Owsley was the Varsity's best ground gainer. Owsley scored three of the touchdowns made. In the line Klebe, Connors and Simpkins were the strongholds. Simpkins was the best line man on either team. Time after time he tore through the Polson line and spoiled a play before it was well

PERFORMANCES.

Yards gained in scrimmage, Montana, 287; Polson, 184.
First downs, Montana, 8; Polson, 5.
Average distance of punts, Montana, 30 yards; Polson, 27 yards.
Number of punts, Montana, 14; Polson, 14.
Attempted forward passes, Montana, 4; Polson, 5.
Successful forward passes, Montana 3, for 50 yards; Polson, 3 for 35 yards.
Touchdowns, Montana, 5; Polson, 1.
Goals kicked, Montana, 3; Polson, 1.
Penalties, Montana, 3, for a total of 25 yards; Polson, 3, for a total of 20 yards.
Officials—Hiles, Illinois Wesleyan, referee; McGee, Idaho, umpire; Stone, Montana field judge.

started. Klebe showed himself a good ground gainer. Several times on his tackle play he made it first down.

In the back field Dobson and Kelly, besides Winstanley and Owsley, were the stars. Dobson watched the game every minute. He analyzed the plays quickly and saved Montana from having two more touchdowns scored against them from forward passes. Kelly never dropped a punt. Kelly's greatest fault is not coming back fast enough on the return. His head work was good when it came to handling the team.

After four minutes of play Montana scored its first touchdown. In five more minutes five more points were added. This was all of the scoring done by Montana in the first quarter. In the second quarter, after two minutes of play, Connors broke through a punt formation, grabbed the ball and ran 47 yards for a touchdown. It was in this quarter that the Bruins did all of the scoring they did for the rest of the game. Five minutes, after Connors had made his spectacular run the ball was pushed over again. Then the Varsity showed the first signs of losing life. It took them nine minutes to get the next score. Of the five touchdowns made three goals were kicked.

Everyone expected to see great things done by the Varsity during the second half. Oh, the sad disappointment when they got into action. There was no life, no fight, and consequently no scores during this session. The three football players of the Polson eleven were Pool, a former Montana Aggie star, Alward and Marsh. The rest of the team, including the much touted Kinnerly, a former Carlisle star, were simply not football players.

The game certainly showed that if Montana is going to give any kind of a game to the School of Mines it must develop the fighting spirit. Such a game as the one played by the Bruins Saturday would be "pickins" for the husky Miners. The line-up was as follows:

Montana.	Position	Polson.
Hunt	Left end.	Pool

Day	Left tackle.	Hart
Conner	Left guard.	Mather
Simpkins	Center	McCormick
Forbes, Plummer	Right guard.	McLure
Klebe	Right tackle.	Arkasia
Wolfe, Armitage	Right end.	Kennerly
Kelly	Quarterback.	Alward
Winstanley, Ronan	Left halfback.	Hanselman
Armitage	Fullback.	Parsons
Owsley, Winstanley	Right halfback.	

MUSICIANS GIVE RECITAL

PROFESSOR FISCHER'S PUPILS MADE GREAT SHOWING LAST SUNDAY.

On Sunday afternoon was given the first of a series of music recitals which will take place at stated intervals during the year. This is the beginning of a movement to bring really good music to the Missoula people, and to raise the standard generally.

The recital was well received by the largest audience ever present at a music recital in Missoula. The spirit of interest prevailing the audience spurred the performers on to put forth their very best effort into the numbers, and this spirit along with the splendid rendition of the program were very important factors in making the musicale a decided success.

This recital was the means of introducing Mr. Hans Fischer, son of Mu-

(Continued on Page Five.)

Varsity IS GROWING

SAME NUMBER REGISTERED AS LAST YEAR—MORE NEW STUDENTS.

MEN PREDOMINATE

Women Are Greatly Outnumbered by Men—Senior Class Smaller Than Its Predecessor.

Each year it is interesting to note the registration figures in comparison with those of preceding years, and to see how far the University has advanced in this respect. Though increase of numbers in itself does not make real advancement, it is at least an evidence of the interest and approval of the people of the state. The University has reached that stage in its history when it is recognized for its worth throughout the state of Montana, and as a result its young people come here in larger numbers every year. Up to November 1, this year, 190 students had registered, exactly as many as there were in all of last year. Of these 190, 81 are women and 109 men. We are glad to see the men are holding their own and have kept the same proportion that there was last year. There are only 25 in the senior class this year, a little less than last year. The proportion of the new and old students has remained about the same in both years, showing a uniform lasting growth. Ninety-one of the students this year are new, though they are not all in the freshman class, for there are quite a number who have spent at least one year in other schools. This is a big increase over any preceding year. It sets us to figuring the registration numbers a few years hence, if the increase is of this same proportion each year.

COLLEGE MEN BANQUET.

Tuesday night the University Club of Great Falls gave their first banquet in the Palm room of the Rainbow hotel.

Toasts were responded to by Governor Norris, Dr. Dunlaway, Senator Dixon and Sam Stephenson.

Y. M. C. A. HOUSE BURGLARIZED SUNDAY

Sunday morning about 5:30 o'clock three burglars entered the House of Saints on University avenue and after pilfering the room of James Thompson and Olaf Rask, made a successful getaway. None of the other occupants of the house were molested and it is the general opinion that the burglars had reason to believe that either Thompson or Rask had a large sum of money stowed away in the room.

Raleigh Gilchrist, who occupies a room directly across the hall from the victims, stated that he was awakened from his sleep by someone walking in the hallway. He leaped from his bed in time to see two men enter the chamber across the hall, but thought that the persons were the regular occupants of the room returning from nocturnal diversions.

Hardly any information concerning the burglars was obtained from the burglarized men—both stating that one burglar was short, one tall and one taller. Neither of them could give any motive for the early morning visit. Thompson's first thought that it was

the intention of the three to haze Rask, being quickly dispelled when he sniffed the nozzle of the short man's gun. The bed clothes were drawn over his head and held, so that he saw none of the proceedings.

Rask kept his wits long enough to perceive that the men were of different size, and that one man carried a lantern with a piece of paper tied around it.

Both men were frightened so badly that upon the departure of the burglars they made no effort to inform the authorities of the matter. They did not leave the chamber until the bell rang for prayers, some hours later. Neither man could state positively whether the burglars carried revolvers or shot guns.

Upon examination it was found that \$4.40 was missing from the purse of Thompson, while Rask's loss was a bunch of keys and an Ingersoll Yankee. This property was found Sunday afternoon in the desk of George

BOZEMAN SEEMS INDIFFERENT ON DEBATE

Some weeks ago the Agricultural College at Bozeman challenged the University to a joint debate. Through Professor Palmer, University debating coach, the challenge was accepted, upon the condition that the debate be held in Missoula this year. Bozeman accepted this condition and Professor Palmer forwarded a contract for a two years' debating schedule. Up to the present time no word has been received from the Agricultural College as to her action in accepting the contract, except the Weekly Exponent said that the contract had been modified in only a few minor details, and the debate seemed assured. The Exponent also said that President Horace Davis of the debating council had called a meeting at which the question to be submitted was to be chosen.

None of these actions in the matter have been officially communicated to Professor Palmer, who notified them that the question must be submitted before November 10 in order that his men might have sufficient time in which to work on the question before

the preliminaries. Up to the time of going to press yesterday afternoon no word had been received from Bozeman, on either question or contract. Since this is the 10th, Bozeman, unless word is received from her today, will have exceeded the time limit set by Professor Palmer, and all possibility of a debate this year may, perhaps, be lost.

The Agricultural College proposed the debate and took the initiative, and no reason can be given for her tardiness, unless it be that she has lost interest in the debate, or is sparing for time. The Aggies were very keen about the debate some time ago and in view of the remarks made in the Exponent, we believe they still want to debate.

The University debaters are anxiously awaiting the arrival of the question. In case it reaches here today, the question will be posted immediately. The first preliminary will be held in about 10 days, and a second later. In case Bozeman accepts, the debate will be held in Missoula some time in February.

THURSDAY, NOVEMBER 9, 1911.

CALENDAR.

Nov. 11.—U. of M. vs. M. S. S. M. at Missoula. Football reception.
Nov. 16.—University Lecture Course.
Nov. 18.—U. of M. vs. Gonzaga at Spokane.
Nov. 21.—University Lecture Course.
Nov. 24.—Co-ed Prom.

November 29, 12:30 P. M., Thanksgiving vacation begins.

November 30.—Thanksgiving day.

TO THE ALUMNI.

The Kaimin has noticed and felt for some time that there is a decided need in the Alumni Association of the University for a publication. Many alumni have often been heard to express the wish that they had some kind of a paper in which the "doings" of the alumni could be recorded, sent to all of the members, and thus at all times keep everyone informed and interested in what is happening in the Association.

Th alumni roll of the University is as yet, of necessity, comparatively small. It is not feasible for the association to start a paper. So far the only way that the out-of-town members have had a chance to learn of the happenings in the organization is through the columns of The Kaimin. The Kaimin makes an earnest endeavor to gather all of the news of interest, but this method at best is a poor one. It is impossible for any undergraduate to know just what the alumni would be interested in. It is also hard to always get accurate information of what and where all of the alumni are.

Because of the poor service that The Kaimin has been giving the alumni this year, in regard to news that will interest them, and because the alumni of Montana have shown such good spirit toward the University at all times, The Kaimin feels called upon to do something. The only thing that can possibly be done is to give the alumni a chance to do some of the writing of the things about which they would like to have their fellow members know. The Kaimin has decided to start an Alumni Department.

The Alumni Department will be entirely in the hands of the alumni. Anything that is contributed by any alumnus will be printed. It is the plan to give at least a column (that is space for about 700 words) to this department every week. All of the communications must be in The Kaimin office by Tuesday night at the latest, so as to be printed in the following Thursday's issue. Every communication must be signed by the contrib-

utor. The name of the contributor will not be printed if so desired, but it is essential that every article be signed.

The Kaimin now feels that it has done all in its power to enlist a greater interest by the alumni. The alumni have been given the chance that many have wished for a long time. Will the alumni make good. We hope they will.

THE SOPH ON HIGH SCHOOL GAME OFFICIALS.

"Say," breathlessly asked the Soph, as he burst into the office of The Kaimin, "is there a high school game here next Friday?"

He was promptly referred to The Kaimin Sporting Editor by the outraged and grouchy editor.

"Will you tell me," he pleadingly asked of the Sporting Editor, when that worthy had been found, "is there a high school game on Montana field next Friday?"

The S. E. consulted his football calendar and answered in the affirmative.

"Well," said the Soph, "I've been going to speak to you about these high school games for some time."

"What have you got to say? I'm busy. Hurry up."

"Well," said the Soph, now much relieved that he was going to get a chance to talk. "It won't take me long and I think that you'll agree with me before I get through. I want to talk about the officials they have at these high school football games."

"I don't think that it is right for any of the University fellows to attempt to act as arbiters for any of these high schools. Every time that we have a University student out there on the field acting in the capacity of referee or umpire the University always gets in bad. I've seen a lot of games here where they had some of the fellows for officials and I have yet to see a game where this occurred that there was not a lot of 'rag chewing.' The University fellows do all right. They follow the rules as laid down in the Spalding book. They always give what seems to me to be fair decisions, but the high schools don't see it that way."

"Whenever one of the undergraduates of the University holds a whistle the visiting school is always looking for a chance to holler 'No fair.' They seem to take the position that because the student of the University agrees to be an official in a high school game that he has been hired to act as special favor giver to the Missoula High School."

"We all know that the University fellows don't favor any high school, but you couldn't make any of these visiting schools believe that. They agree to the men as officials before the game and then kick and kick, perhaps sometimes justly, against the rulings. You know how it is every time a team goes away from the home grounds it kind of expects to get a little of the worst of it. If they do not they always think they do."

"Well, I didn't come in here to tell you of the theory of teams going away from home or anything like that, but I do want to see the officiating at high school games by University students stopped. There is no special reason that I can find why a University student should feel himself called upon to act as official; neither is there any reason why he should be called upon."

"I don't object because I don't want to see a University student on the field. I object because I think that the officiating at high school games by University students has a tendency to 'queer' the institution with the high schools concerned. The best thing that could happen would be for the students and all others connected with the University, in any way, to keep strictly out of the officiating end of all high school football games played in Missoula."

"I want you, if you will, Mr. Sporting Editor, to put this before the stu-

dent body in any way you may see fit. I might add that I have talked with a lot of the 'studes' about this thing, and they all agree that the farther we keep out the better it will be."

"Well, I won't take up any more of your time now. So-long; I'll see you again next week, maybe."

NIGHTINGALES, COME HENCE.

The Woman's chorus is having a sad, sad struggle. Just now it is in that critical condition of which the doctor shakes his head and calls it a crisis. But, unlike the case of the sinking patient, it lies within the power of outsiders to come to the rescue. Every warbler (perhaps warblers) in school that isn't already enrolled, should be ashamed of herself. Think of letting such an organization die from want of support. There are a few faithfuls who appear regularly every Monday afternoon at 4 o'clock, but they are getting fewer. Don't let that word warbler scare you out, because the chorus as it is now is not made up entirely of prima donnas (though there are exceptions, of course.) More voices are needed, and better ones, if possible. There is no reason why twice as many girls as have enrolled should not at least try it once. The work is interesting, not too difficult for the average person and altogether worth while. In a University where there are so many activities kept up by a comparatively small number of students, we are apt to neglect the musical side of school life. But, though unobtrusive, it is important and deserves student support. One-half credit is offered to those who attend the Woman's chorus regularly once a week, and besides Prof. Fischer has suggested as an added inducement that the chorus may perform some day at a recital.

COLLEGE SPIRIT?

We like enthusiasm—the kind that the papers call "college spirit." Saturday was a cold, drizzly day, but not damp enough to dampen the zeal of Montana enthusiasts. Don't you care if it was a little bit unusual in its form of expression. Why not be regular little "cut-ups" once in a while, and when the occasion demands, give vent to our ardor in a perfectly new and original way?

A. S. U. M. dance Saturday night.

ALUMNI NOTES.

Laura Johnson, '10, has gone to Boise, Idaho, where she has accepted a position as children's librarian in the public library.

Berney F. Kitt, '09, who is manager of the Plains electric light plant, spent Sunday in Missoula.

Stella L. Duncan, '07, is attending Northwestern University this year.

Frances Jones, '08, came over from Anaconda on Saturday for a short visit with Missoula friends.

Maude Johnson, '06, accompanied by her mother, is spending the winter in California.

Oral J. Berry, '08, who is stationed at Phillipsburg in the employ of the forest service, is in the city for a few days in the interest of his work.

See editorial "To Alumni."

NEW GYM SUITS.

Physical Director Cary is all smiles. He is pleased with himself and everything in general. The reason is the arrival of the new gym suits, which have been awaited for some time.

The new suits are very fine. They will make the puny bunch of gym fiends look like Hackenschmidts. They are gray trousers and blue jerseys. One of these suits must be worn by every man who enters the gym. This is to be the official costume for every man who hopes to get his credit. The suits will be furnished by Physical Director Cary at the cost price of \$3. Be sure and get a suit before they are all gone.

DOINGS IN SCIENCE.

Engineers' Club will meet Wednesday evening, November 15, at 7:30 in Science Hall. F. E. Thieme, M. Mason and C. F. Dobson will discuss topics of general interest to engineers.

All engineers are urged to be present.

Chemistry Club will meet Thursday evening, November 16, in Science hall. The members of the club will participate in a general discussion of electric furnaces.

Yesterday afternoon the senior engineers majoring in the electric and hydraulic branches of engineering, inspected the power plant at Bonner. The inspection served to verify many text book assertions and to give the students a more comprehensive idea of the workings of a power plant.

Professor Richter entertained the senior engineers at dinner last evening.

Engineers' Night School.

The engineering faculty purposes to carry on an extension course at the N. P. Club rooms for the benefit of the N. P. employees. The plan has met with the approval of the railroad men and a general canvas is being made for the purpose of ascertaining who would enroll for the course.

In the near future Professor Richter will deliver a lecture on the transformation of energy in the electric power station. This lecture will deal with the latent energy contained in coal, the changes which take place, and the losses which occur as the energy of the coal is transformed to electrical energy and finally to mechanical energy, heat or light. This lecture will be followed by lectures given by Professor Biegler and Mr. Cunningham.

Three courses will be offered at the beginning, mechanical drawing, shop arithmetic and electric machinery, but as the plan develops other courses will be introduced.

HIGH SCHOOL EXCHANGES

Fort Benton High School.

Previous to this time the Fort Benton High School football team, owing to scarcity of material in school, has been obliged to draft players from among boys not attending school. This condition is now a thing of the past, and a strictly high school team has been organized with Charles Carroll captain, and Albert Boyle manager. The first game will be played with Chinook High November 18.

Class honors for October have been awarded as follows: Nora Harber, seniors; Lois Russell, juniors; Minnie Ludtke, sophomores; Irene Jacoby, freshmen.

Chinook High School.

We noted in the news from Fort Benton that our High School football team was defeated by Fort Benton High School team 37 to 0. This news item needs a little explanation. When our team got to Benton the captain of that team told us that their team was not a high school team, as only three of their players were attending school. The rest were clerks employed about town. As we had come to play for the sake of the game, we accepted this explanation as true sportsmanship and went into the game to defeat. We learned a lot of football in that game. The Benton players treated us royally and surrounded us with every comfort the town afforded. We voted them right royal good fellows. They outweighed us, outran us and outplayed us. They were nearly all seasoned players, while we were nearly all new at the game.

Arrangements are being made for a strictly high school football game with Fort Benton. The Bentonites always were noted for being square in everything. We hope the game can be pulled off.

The Alpha Literary society gave an excellent Pioneer day program last Friday. Mr. Gregg of Minnesota gave an interesting talk on the difficulties of pioneer life.

The girls of the grades are practicing hard for a game of basketball with the girls from Harlem. We are informed that the Harlem can play some. Here's hoping we win.

November 4 we were to play the Havre city football team, but for some reason they refused to come down. Perhaps the wonderful improvement in our team since the Benton game has given them cold feet.

Billings High School.

In the Billings High School athletics are now in full swing. The third football game of the season was played in Miles City on the 28th, and resulted in a tied score of 5 to 5. The Billings team made their touchdown in the first five minutes of play, while Miles City did not score until the third quarter. The two teams were evenly matched and consequently the struggle was intensely interesting. Five more games are scheduled before the season's close.

Girls' basketball was organized some time ago, but the first practice was not held until Friday the 27th. Twenty girls attended practice and although many of them are new at the game there is material for several good teams, and Billings stands a good chance of living up to her previous basketball record. Miss Lee Daley, a member of the faculty, and John Todd, a former high school pupil, are coaching the girls.

Dawson County High School.

The second meeting of the High School Athletic association was held last Monday, October 30. The meeting was called for the purpose of voting on the awarding of letters and the amendment of last week.

Quite an argument followed about

letting the Awarding committee select the letters and style, so it was put to a vote of the members present and the following style of letters were adopted: Block letter for football, old English for baseball, fancy letter for basketball and a monogram for track work. It was also decided that the Awarding committee have the power to award letters to persons for managing, faithfulness and to persons hurt in games.

The "Sentinel," the University year book, was presented to the high school with the compliments of the State University, which is very much appreciated by the school.

—Oliver Phillips.

Anaconda High School.

Last Saturday night the D. D. Literary society of the high school gave a masquerade ball at the Mabel hall, which was gayly decorated for the occasion. The guests and entertainers were arrayed in motley apparel, some in suits of many colors, like the coat of Joseph of old, while others sported themselves as prizefighters, policemen, gentlemen of the road, tillers of the soil or rockbreakers. Mutt and Jeff were cleverly represented.

A Halloween luncheon of pumpkin pies, candy, pop corn, nuts and apples helped to make the guests think their stomachs as well as their time were well filled.

A preliminary debate on the state question was held in the Assembly hall of the high school about a week ago. The following is the list of the ones chosen for the first and second teams: William Peterson, Jean Kelly, Catherine Searles, Carl Dragstedt, Katherine Ahern, Marie Ritz, Tina Smith.

The Anaconda team defeated the boys representing the Granite County High School on the Anaconda gridiron on the 21st, by a score of 10 to 3. The game was full of brilliant plays by both teams, Anaconda working 10 of the 12 forward passes with an average gain of 15 yards. Kaiser's toe saved the Granite boys from a shut-out, by making a place kick from the 35-yard line. The Phillipsburg rally came in the last quarter with five minutes to play, but the reserve power to carry the ball over was lacking.

Sullivan, Flood, McCarthy and Kelly were in the limelight for Anaconda, while Kaiser was the lone star for the Granite County team; yet the Phillipsburg boys as a whole did some fine team work.

—Carl A. Dragstedt.

Havre High School.

An excellent program was rendered at the last meeting of the High School Literary society. The numbers were as follows.

Piano duet, Clara MacKenzie and Vivien Harvey; current events, Frank Taylor; vocal solo, Phyllis Smith; recitation, Charles Emery.

Some excellent remarks and suggestions were made by Miss Davis, the appointed critic, with regard to our programs in the future.

Since the class of '12 consists entirely of girls, they have appropriately chosen for their class motto, "Dux femina facti."

A series of weekly candy sales, given by the senior class, will begin Saturday, November 11.

We are all anxiously awaiting Fort Benton's return football game with Havre, which will be soon.

Gallatin County High School.

Preparations are being made for a boys' basket-ball team this winter. Last year was the first time for a number of years that Gallatin has put a team in the field, and though we did not win big honors in the tournament at M. A. C., our team played accredited-

ably and should be much stronger this year.

Our foot ball team returned from Butte Sunday, and by outplaying the Butte High School, Gallatin is recognized as having the strongest team in the state. Flemming, our quarter, was the star of the game, and Jolly, left half, receives worthy mention. An effort is being made to bring Butte to Bozeman in the near future.

The debaters on the girls' and boys' literary societies are working hard for the annual debate to be held the 20th. The boys are confident of winning, but the girls may spring a surprise, as girls are talkers.

KRIT KRAT.

To Plains High School.

We have heard from the Plains this week asking for space. We will be very glad to give space to any news articles that you may care to send to us, Plains. We hope to have your copy not later than next Monday, so that we will be able to print it in the next issue.—Ed.

Missoula County High School.

The High School initiated its Freshmen last Friday evening, and from now on they are immune from "hazing." The Freshmen were invited for eight o'clock, and when they arrived all the rest of the student body were there to meet them. An inclined plane had been built up one stairway, and the guests were compelled to put fear aside and walk up this. They were assisted by the Sophomore boys who did little to soothe their ruffled nerves. The halls of the building were in total darkness or dimly lighted up with violet globes. When the Freshmen had climbed up the slippery planks, they were led into the assembly room. Here they were sent through stunts which tended to break their proud spirits and surely if they didn't, the incoming class will never acquire humility. After this amusement had lasted for an hour or two, the crowd adjourned to the lower half where they danced until half past eleven.

We sincerely hope the Students' Association will give another party as good as the last.

On last Monday the executive committee of the Students' Association held a meeting. Its purpose was to discuss the prospects for a High School paper. About eighty-one dollars have been pledged to support a paper, and its success is pretty certain. The editor-in-chief will be chosen in an essay competition between the members of the Junior and Senior classes. The members of the staff and the name of the paper will be announced later.

The foot ball men have begun to practice again in anticipation of another interscholastic game. Though the weather is unpleasant, the interest does not wane. A second team has been organized and there will be a good many practice games between the first team and the uneligibles. It has been rumored that Mr. Baade, zoology teacher, will play full back on the second team.

Butte High School.

The method decided upon by the teachers of the High School to get students to compete for the State Debating team this year, is different than the method of preceding years. All students, who wish, may try. The candidates will be divided into teams and a series of preliminary debates will follow. The team will be picked from these and will consist of the best debaters among the candidates.

Before a fair-sized crowd, on Saturday, October 28th, the Butte Foot ball team defeated the College of Montana team of Deer Lodge by a score of 43-0. During the contest, the local team had the game their own way.

Each student must be up in his studies before he can play on the foot ball team. The principal is very strict on this point. Each Friday the list of players is gone over and the delinquents are dropped from the team until up in their studies. The whole team is eligible this week.

On October 31st, the President of the Senior class called a meeting, the purpose of which was to decide upon an entertainment to be given by the class. It was decided that if the principal and the faculty approve, the class would give a party for themselves and the faculty.

The Comedy Club rendered its first program of the season on Friday, November 3rd, and it proved a success. It consisted of: Biography of Klein, by Mortimer Donahue; reading from "The Music Teacher," by Dolores Naughten; vocal solo, by Sarah Heyman; reading from "The Third Degree," by Antonette Simon; vocal solo, by Isma Nicol; summary of Klein's works, by Mr. Jamison of the faculty.

The regular quarterly examinations will be held Thursday and Friday of this week.

The three girls' literary societies held their weekly meetings on Thursday, November 2nd. The Alpha and Beta chapters had their regular monthly business meetings. The Kappa chapter enjoyed a debate: "Resolved that girls should have a basket-ball team in the High School."

The mock trial of Roy Thomas, second vice-president of the Senate, charged with misconduct, took place before the Senate body on Thursday, November 2nd. Mr. Stevenson was judge, and all his rulings were strict and impartial. Rene Rouleau was clerk of the court. Seven jurors were appointed. The lawyers for the prosecution were Donahue and Carlson. The defense was upheld by rnetie. Donahue cross-examined and held direct examination for the prosecution, while Carlson made the plea to the jury. The Senate was crowded to standing room and all present enjoyed the trial. At eleven o'clock, the judge, seeing that the trial could not be finished that evening, adjourned court until next Thursday, when the case will be completed. Phillipsburg cancelled their game with Butte for November 4th, giving as a reason injury to players. They played Anaconda, however, on that date. Following the 0 to 0 score between Butte and Bozeman, Anaconda cancelled their November 11th date with Butte, giving as a reason that the Butte boys are too rough.

Mrs. Weizel Hostess.

Friday evening Mrs. George Weizel was hostess at a delightful card party given at the residence of Mrs. J. R. Toole on Gerald avenue. Five tables were placed for the guests and the evening was spent playing "500." After refreshments had been served the party repaired to the ball room on the third floor and danced until midnight. About 30 people were present.

Faculty Ladies Entertained.

Monday afternoon Mrs. A. W. Richter entertained the ladies of the faculty at her home on University avenue. The guests spent a very pleasant afternoon over their needlework.

A. S. U. M. Dance.

The A. S. U. M. dance, given in honor of the Polson football men last Saturday evening was a great success. A reception was held in the University gymnasium from 8 until 9 o'clock, after which the dancing took place. A good sized crowd attended. Several members of the faculty chaperoned the party.

Miss Leech Honored.

Miss Grace Rankin entertained the members of Kappa Kappa Gamma sorority Thursday afternoon at her home on Madison avenue in honor of Miss Florence Leech. The party was in the form of a spoon shower, and the guest of honor received many gorgeous gifts.

Dinner.

Mr. and Mrs. J. P. Rowe entertained Mr. and Mrs. Thompson and Mr. and Mrs. Plank at dinner Wednesday evening.

Hallowe'en Party.

The "Dorm" girls gave their annual Hallowe'en party last Friday night in the parlors at Craig Hall. At 8 o'clock the weirdly decorated rooms were filled with ghoulish figures gliding back and forth. This sheet and pillow-case reception lasted for about half an hour and then "stunts" were given. These "stunts" took place much in the same manner as a vaudeville performance and they were all very clever and amusing. Such numbers as "The Angeworm Crawl," "The Bearded Lady," "The Celebrated Magician from Switcherland," "Madame Medicine, the Medium," etc., could not help but prove interesting. Various fortune telling booths were visited during the evening. Appropriate refreshments, consisting of apples, doughnuts, sandwiches, salad, coffee and cider were served in the dining room at the close of the evening. The ladies of the faculty were the guests of the residents of Craig Hall.

Dance Next Saturday, November 11.

Saturday evening, November 11, the students of the University will entertain the members of the Montana State School of Mines football team at a reception and dance in the University gymnasium. A large attendance is expected.

Kappa Alpha Theta Spread.

Thursday evening the members of Kappa Alpha Theta sorority entertained the girls whom they pledged at an informal spread in their chapter suite at Craig Hall.

Birthday Party.

Dr. and Mrs. Duniway were very pleasantly surprised last Thursday when about 45 members of the faculty and their friends appeared at their home to celebrate Dr. Duniway's birth-

day. No sooner had the guests entered the house when a crowd of students appeared on the lawn cheering and singing. An appetizing supper brought by the guests aided in making the evening a most enjoyable one. Besides the members of the faculty there were present J. H. T. Ryman of the local executive board, and Dr. K. C. Babcock of Washington, D. C., who is a specialist in higher education for the United States bureau of education.

Kappa Kappa Gamma Spread.

Wednesday afternoon the members of Beta Phi chapter of Kappa Kappa Gamma sorority gave an informal spread in their chapter suite in Craig Hall. Those present were the members of Kappa Gamma residing in Missoula, and the girls who were recently pledged to that sorority.

With Dr. and Mrs. Duniway.

Dr. and Mrs. Duniway entertained Dr. Babcock, Senator Dixon and J. H. T. Ryman at dinner Saturday evening.

Mrs. J. Wilson Moore.

Thursday evening Mrs. J. Wilson Moore entertained about 38 young people at her home on East Main. The evening passed very pleasantly by means of a program consisting of unique "stunts" and music. Those who enjoyed Mrs. Moore's hospitality were the Misses Buchanan, Tietjen, Hurlbut, Sloane, Feighner, McLaughlin, Coffee, Elrod, Hosking, Conlon, Krumholtz, Burns, Ward, Champlin, Shunk, Rankin, Maloney, DeMers, Patton, Mary Conlon, Messers, Bailly, O'Hern, Conlon, Meagher, Kelly, Graybeal, Hoepfer, Ferree, Flaherty, Harpster, Forbis, Dornblaser, C. Forbis, Stone, Ward, Logan, Maloney and Burnett.

Miss Stewart Hostess.

Miss Stewart entertained several members of the faculty at an informal Sunday night supper in the private dining room at Craig Hall.

Varsity Inspected

Dr. Babcock of Washington Expresses Himself as Being Pleased With Institution.

Dr. K. C. Babcock, special representative of the federal bureau of education, visited the University of Montana last week as part of his official duties. During his visit at the institution Dr. Babcock visited classes, inspected laboratory equipment, investigated the administrative system with special reference to standard requirements, and the extent to which the University lives up to its standard. Dr. Babcock expressed himself as being agreeably surprised to note the advanced stage of development the University had attained. He said that Montana had cause to be very proud of its State University and that it compared very favorably in development and progress with its sister institutions. Dr. Babcock's visit in Missoula was made doubly pleasant by the fact that he is a personal friend of Dr. Duniway.

Mr. Berney F. Kitt, '09, was a Missoula visitor this week. Mr. Kitt is now at Plains, Mont., where he is superintendent of the Plains Light & Water company. For the past few years Mr. Kitt has been working in Arizona, where he was connected with the Calumet & Arizona Mining company of Bisbee, Ariz.

Y. M. C. A. STARTS TABLE

MANAGER HAINES INITIATES HASHERY IN HOUSE OF SAINTS SUNDAY.

At 8:00 o'clock last Sunday morning the bell rang for the first meal to be served in the Y. M. C. A. house, under the management of the Young Men's Christian Association. Then at 2:00 o'clock the first dinner was served. Four members of the board of control were guests of honor.—Dr. Duniway, C. F. Forbis, J. B. Speer, E. Fredell. As a fitting way to mark the inauguration of the table at the house, a fine course dinner was served, and from all reports the dinner was of such a quality that it will be long remembered by those who were fortunate enough to take part in it. After dinner brief talks were made by the guests of honor, in which they commended the work already done and gave advice and encouragement for the work to be accomplished.

The installation of a table in the Y. M. C. A. house has already made a difference in the attitude of the members. Whereas before the boys were inclined to think of the house as merely a place to sleep and study; now they regard it much as a home—a place for spending all their leisure time.

The members who room there now take an active part in the appearance and management of the place. There are now fourteen steady boarders and fourteen roomers. The management has announced that there are table accommodations for four or five more boys and accommodations for three or possibly four men who wish rooms. The price of board per week is four dollars and a quarter; of rooms five dollars a month.

As the primary purpose of the Y. M. C. A. house is to furnish a home for the men not otherwise provided for, it would seem that a good deal of credit is due those who by their labor and care made it possible for this condition to be brought about. Certainly it was a big undertaking to start a house and a table all in one year and just as certainly its project is going to be successful.

With the question of board and room practically settled, the management has set to work to provide a reading room for all the men of the University. The parlors will be used for this purpose. A sustaining fee of twenty-five cents a man will be charged in return for the use of the room. Current magazines and newspapers will be subscribed for and effort put forth to make a real club room for men.

Thus far the Y. M. C. A. has been successful financially. The new venture has met with a great deal of favor by the men and has been so far well supported by them. The fact that it has speaks well for the character and spirit of the University.

DR. BOOK HONORED

Popular Professor of Psychology Again Asked to Deliver Lectures at Columbia University.

Dr. W. F. Book, head of the department of Education at Montana, has been honored by an invitation to give a second course of lectures at the University of Columbia during the summer course. Last year Dr. Book was invited to give a special course of lectures and the fact that the invitation was extended a second time would imply the great satisfaction that Dr. Book gave.

It is customary for four or five men, high in the educational world, to be invited to give these special lectures and Montana cannot but feel proud that one of her professors has been

so honored. We can get some idea of what place Columbia University holds from the following newspaper clipping:

"The opening of the 158th academic year at Columbia finds the instructors with a registration of about 8,000 students, exceeding by at least 1,000 the highest number ever enrolled at any

other University. Columbia has also the largest staff of professors in its history, the number having been increased to 745 by the addition of six new professors and 22 assistants."

Miss Irene Godby of Anaconda is a Missoula visitor, the guest of Miss Bess Wilde.

DONE BY THE OWL.

Before a handful of listless spectators and on a field slimy with mud and snow the Varsity won its third game of the season from a team of reported stars from Polson by the score of 28 to 0. The score does not give one an idea of the difference in the two teams, for had the University men been able to play on a hard, fast field, the score would have been twice as large. The Reservation men had no license to score at all, even to gain a first down had the collegians played with that snap and determination, which they sprung on the Utah men of a week before. However, Polson scored by line bucks when the Varsity men somewhat disorganized by the substitution of second team men and the absence of the Captain, who was taken out after the second period to allow new men in the backfield to have a chance.

Speed Shown.

As poor an exhibition as the game was, there were spots of brilliancy and unexpected turns, which made the game really interesting. At the beginning of the second period, Connor grabbed a fumble and ran half the length of the field for a touchdown. Connor never showed more speed than he did on this occasion, for three Montana men were right behind him and Connor thinking they were Polson men ran all the faster expecting every minute to be tackled before the last white line was reached and the touchdown scored. Owsley also showed a "burst of speed" when he got away with an inside kick, dodged a couple of deep field men and spirited away for another touchdown. During the second half, when the Varsity seemed to be asleep, the Polson "bunch" pulled off a play that never should have worked. The Polson kicker dropped back for a punt, but on receiving the ball the left end came around behind him and with all his speed "shot" around the Varsity left end. The "Owl" does not exactly remember where the Montana left end was just then; but it is a sure thing that he was drawn in and smothered somewhere, allowing the fast ex-Aggie sprinter to make their longest gain of the game.

Poor Showing By Line.

If one thing was more evident than another it was the poor showing of the Montana forwards. After outplaying the heavier line of the Utah Aggies they did not seem to be able to get together on the weak line of the Polson team. The Varsity clearly showed the lack of "snap" and "pull together." If there is one place above another where the men must charge all at once, it is in the line. If they do not charge as a unit, their play is going to amount to nothing and until they get down and "buck" the line as a machine, the opposing line is going to gain. This was clearly shown when the Polson men went through for their touchdown in the second half. Parsons and March were used successfully in alternating bucks for a touchdown from almost the center of the field and the Varsity line were powerless to stop them.

Game an Advantage.

Though the game was a heavy financial loss to the A. S. U. M., it was a distinct advantage to the foot ball team. It showed to the coaches what might happen if some of the regular men should get "laid out." After the retirement of Captain Winstanley the team had no field captain, and there really was no head to the team. Kelly in the backfield was in no position to stay the attack, and none of the men on the line were old enough to take

the lead. With Winstanley or Dornblaser backing up the line, the team holds up to some coherence.

Secondly: The coaches were given a chance to try out some of the "subs," which they have wanted to do all season. Several of the men have not had a chance to play in a game all season and this was a good opportunity to give them a trial. Some of the reserves showed up well while others were severely lacking in the "fighting spirit," which they were supposed to have.

Thirdly: There are a few plays being worked on every night in preparation for the Mines game, which the "staff" were anxious to try out, and this gave them the chance, without the danger of losing the game to open up some of the secrets held in readiness for the game next Saturday.

There are many who do not realize all that a game means to a team, and without a game last Saturday it would be almost impossible to keep the men going in the usual stride. From the beginning of the season to the end there must be some improvement each week, and without a game each week the "board" can not look back over the week's practice and say that the men have accomplished something. They did learn much in the last game.

A Few Injuries.

The Varsity came out of the Polson game with few injuries as such games go. Usually it is just such games that cripple more men than any others. Roman got his usual "bumps" by a wrench of the neck. Owsley was hit on the nose to his future advantage, for where he once had a crooked nose he will now have a straight one without the pain of having it broken to be straightened. Kelly got a bad "rap" on the leg, but will soon be able to do more than a "hobble."

"Pool Didn't Come Back."

A couple of years ago when Pool was attending the State, he ran against Dobson and Winstanley in the State-triangular, and beat them both in the 100 and 220 dashes. However, the order was reversed last Saturday. Pool had a couple of chances to get away from Dobson after grabbing a forward pass and once in getting around the end Winstanley out ran him. Both these runs were the center of considerable amusement and joking with Pool after the game.

"Dorn." Back.

After an absence of two weeks Dornblaser is back in the game again. "Dorn." always puts the "pep" into the team and makes the practice go. Why do not the other ten men put in as much "ginger" as he does? We would surely have a "ripping" team then.

Backfield Improving.

Monday and Tuesday were devoted to more charging by the line men and receiving passes by the backs. The men must be constantly drilled in this work or they forget how to get down. The backfield is also learning how to handle themselves better and how to dive into a man. There is nothing that the Varsity has been so weak on as taking men out of the interference on the offence. It is a hard thing to learn and almost impossible to learn without a good second team. Where is the Varsity's reserves?

GOOD GAME COMING.

If everything goes well, (— s — h) and by that the Owl means if no one is taken out by the scholarship committee, which is really a more dangerous thing to the foot ball team than any physical injury. Some day the Owl is going to write on the Why?

and Wherefore? of the Scholarship Committee—(notice the capitals.)

We are going into the Mines game with the strongest team we have ever put against them. Of course we know what a hard thing it is to beat the Miners, but everyone has the fight now and we must win. This is going to be the best game of the season, and it will be worth while. Everyone in town should see that game. Not only because of the sport, but because they will see an exhibition of as good foot ball as will be seen in the Northwest. Montana has the players and we are going to win. The probable line-up will be: Hunt or McCarthy, left end; Dornblaser, left tackle; Connor, left guard; Simpkins, center; Forbes, right guard; Kiebe, right tackle; Wolfe or Day, right end; Kelly, quarter; Winstanley, Dobson, Ronan, half backs; Owsley, full back.

Y. M. C. A. HOUSE BURGLARIZED.

(Continued From Page One.)

Armitage at the Sigma Nu house. Sheriff Dornblaser immediately arrested on suspicion George Armitage, Cecil Dobson and Kenneth Wolfe, all members of Sigma Nu. These three men answer the description of "short, fat, taller," given by the victims.

No other occupants of the house were disturbed. The room of G. G. Montgomery was entered, and a watch lying upon the table was inspected. Questioned as to the ownership of the watch, Montgomery stated that it was his property. The fact that the burglars did not take the watch, gives foundation to the belief that the burglars expected to find a large sum in the possession of one of the two men robbed, and being disappointed took the other articles to prevent disappointment on the part of Thompson and Rask. The official exchequer is not in the Y. M. C. A. house, and as neither of the men were officers of the association, the burglars had no designs upon the funds of the Y. M. C. A.

SOPH. RULE IS PROPOSED.

(Continued From Page One.)

from Sigma Chi, Iota Nu, Kappa Kappa Gamma, Kappa Alpha Theta and Delta Gamma, with the request that the faculty adopt them, which was done with one exception.

Rules for Sophomore Pledging.

We, the undersigned fraternities, in the University of Montana, ask the faculty to adopt the following rules:

(1). No freshman entering the University of Montana shall be bid or pledged by any of the fraternities in the University of Montana until he or she shall have reached sophomore standing, or shall have earned 24 college credits in the University of Montana. Such bidding or pledging shall not take place until after 9 A. M. Monday, following the close of the second semester of each college year.

(2). In case of special students, such students may be bid or pledged after having pursued college work in the University of Montana for one year, but must have earned at least 12 college credits in the University of Montana.

(3). Students from other colleges entering the University with advanced standing, providing such students have not less than 24 college credits, may be bid or pledged any time after three weeks after registration.

(4). The bidding or pledging of high school pupils or bidding or pledging of any kind during the summer vacation, unless said persons are eligible under the above rules, shall be considered an infraction of these rules.

(5). No college student, unless he or she be a member or pledge of some fraternity in the University, shall be permitted to live in any fraternity house or suite, unless by written consent of all of the fraternities concerned.

Rule 6 was withheld by the faculty in order to give the faculty and the

fraternities more time to think it over and revise.

(7). Penalties for the infraction of any of these rules shall be imposed by a committee consisting of the faculty committee on student affairs and one representative from each fraternity, such penalties to be enforced by the faculty.

(8). These rules shall go into effect June 6, 1912.

Sigma Nu, while not signing the request that the faculty pass the above rules, has shown that it is ready to do the best thing possible now that the rules have passed the faculty. The following statement was sent by the Sigma Nu fraternity to Chairman Rowe of the student affairs committee:

"In compliance with your request for an expression of opinion in regard to the sophomore pledge regulations now under consideration, we wish to say that the members of the fraternity have grave doubts as to the success of the proposed change, but should the faculty adopt these regulations we will cheerfully comply with the same.

"SIGMA NU FRATERNITY.

MUSICIANS GIVE RECITAL.

(Continued From Page One.)

sical Director Gustav Fischer. Hans studied the cello for the last two years in the Royal Conservatory at Wurtzburg, Germany, before returning this fall with his father, who is now controlling his work. Sometime later on he expects to return to Germany to take a four years' course in music.

Though Sunday was his first public appearance, Hans bore himself like an old and seasoned veteran for whom the footlights had no terror, and in every way his work was very creditable.

The other players, Prof. Gustav Fischer, Mrs. Agnes Lombard, Miss Bernice Berry and Miss Rieve Stone Ferbrach, need no introduction, and it is unnecessary to say anything of their performance—everyone knows it was splendid in every way. Following is the program:

Trio in G Major.....Joseph Haydn
Serenade for Piano, Violin and cello.....Widor

Violin cello solos—
a. Romanze.....Paul Juon
b. Bourre.....Haendel
Vocal solo, "Oh, Divine Redeemer".....Gounod

Violin Solos—
a. Aus der Heimath.....Smetana
b. Butterfly.....Teno Hubay
Peer Gynt Suite.....Edvard Greig

1. Morning.
2. Asi's Death.
3. Anitra's Dance.
4. In the Hall of the Mountain King.

SMOKE WREATHS

Miss Cecil Shairpe spent the week end at her home in Stevensville.

Miss Mary Henderson, '15, of Hall, Mont., was a dorm visitor last week.

Miss Alene McGregor came in from Victor last week for a short visit.

Miss Laura Johnson, '11, has gone to Boise, Idaho, where she will be in charge of the children's library department there.

Mr. B. S. Piper of New York, representing the Newmann company, jewelers, is a guest at the Sigma Nu house.

Dr. Reynolds went to Helena Friday, where he gave the initial lecture in the University Extension Course. His subject was the Art of the Drama, and in the course of the evening he read and interpreted Sudermann's play, "Magda."

Dr. Reynolds is to deliver these lectures once a month. The Extension Lecture Course has been carried on very successfully in the past and judging from the interest shown in the first lecture this year a most interesting and successful course is anticipated.

Dr. Duniway will also give a course of lectures in Helena, similar to those given by him last year.

BURGLARS ARE RELEASED PLAY MINERS SATURDAY

JURY DISAGREES IN MOOT COURT TRIAL—DEFENDANTS ARE DISMISSED.

At 7:30 last Tuesday the First District Court of the University of Montana tried the case of the State against Dobson, Armitage and Wolfe for burglary. The three young men were accused of burglarizing the Y. M. C. A. house on November 5.

The defendants pleaded not guilty and employed as counsel Attorneys Cole, Smith, Maddox and Cameron. The state was ably represented by Prosecuting Attorney Miller, who had as his assistants Attorneys Kelly, Meagher and Warren.

The principal witnesses for the prosecution were Raleigh Gilchrist, D. B. Conrad and E. W. Fredell. The former testified that he saw three men enter the room from which the valuables were taken and that he recognized two of them as Dobson and Wolfe. The witness also testified that he heard the rattle of keys while the three men were in the room.

D. B. Conrad testified that he was awakened by the opening of the front door of the house and that he heard what he supposed to be two or more people going up the stairs. When they returned the witness testified that he saw a hand holding a watch fob close the front door. The thumb of this hand was badly bruised and Conrad maintained that the hand was that of Defendant Armitage, whose thumb was badly bruised.

Fredell testified that he heard a voice which he recognized as Dobson's, ask Wolf where Rask roomed. To make matters still worse for the defendants the stolen articles were found in a desk belonging to Armitage at the Sigma Nu house.

Several witnesses for the defense testified that the defendants had not left their rooms at the time the robbery was committed. Witnesses were also called who testified as to the good character of the defendants.

In a masterful speech Prosecuting Attorney Miller summed up the argument for the defense and asked the Attorneys Maddox and Cole then spoke for the defense, and maintained that as the evidence was purely circumstantial the jury should render a verdict of not guilty.

PROSPECTS FOR ANOTHER VICTORY FROM BUTTE ARE BRIGHT.

Day after tomorrow the game with the State School of Mines comes off. Since Bozeman has cancelled its whole football schedule this game with Butte constitutes the last game of the Montana series. When the Varsity played the Mines in Butte the Varsity was victorious with a score of 12 to 0. Since then, however, the Mines team has been greatly strengthened, until now they are confident of giving the Varsity one of the best fights they ever put up. Needless to say, the Varsity team is also confident of victory. The team has been faithfully training in spite of the announcement that Bozeman would not play any more football this year. At the game Saturday the Varsity team will use some new plays which they have been keeping dark and saving for the Mines game. The Varsity expects a large crowd at the battle as this is the last game the University will play in Missoula this season.

A. S. U. M. DANCES 50 CENTS.

At a special meeting of the executive committee of the A. S. U. M., held Wednesday noon, it was decided to make 50 cents the price of all dances given under the A. S. U. M. This will be done merely as a trial for this semester. Next week The Kaimin hopes to be able to print a statement of the manager of the A. S. U. M. regarding the financial status of that organization. The above is all that could be secured before going to press this issue.

cumstantial the jury should render a verdict of not guilty.

After due deliberation the chairman of the jury announced that the jury could not agree and that the vote stood ten for conviction and two for acquittal. The case was then dismissed.

Students 50c for dance Saturday night.

At the Reception and "Prom"

you'll want to feel that you are correctly attired. When we tailor your *Dress Suit* expressly for you,

You'll Feel Comfortable
