All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at http://life.umt.edu/vpsa/student_conduct.php

Certification Cards: If you would like to receive your AAOS First Responder Card (current for 3 years) and your AHA Healthcare Provider CPR card (current for 2 years) - you must drop off a self-addressed, stamped envelope to the HHP office (McGill 101) by the end of the semester. We will mail your cards to you. If you don't give us an envelope, the cards will remain in the office until you pick them up.

Only students who receive an 80% or above on each exam will receive their AAOS First Responder card. Students must receive an 84% on the AHA exam to receive their CPR cards. If you score below the minimum grade, you can complete an remediation exam before the next class exam. Contact Joe for the remediation exam. Completing remediation exams with a grade of 80% or better will allow you to receive your cards—but **will not** change your grade on that exam.
