This Syllabus is brought to you for free and open access by the Course Syllabi at ScholarWorks at University of Montana. It has been accepted for inclusion in Syllabi by an authorized administrator of ScholarWorks at University of Montana. For more information, please contact scholarworks@mso.umt.edu.
Description
This course offers extremely engaged photography students exposure to intermediate photography techniques and aesthetic issues. Scheduled demonstrations are integral to the course, and are supplemented by impromptu demonstrations based on student need. Students should expect to further understand the expressive/creative possibilities of photography and continue to develop their personal vocabularies through the photographic medium. Students will also begin to garner a sense of photography’s historical and contemporary movements.

The course will contain projects designed to hone your shooting/camera skills, in order to ease the darkroom printing process [choosing a film type for the occasion, bracketing subjects, pushing/pulling film, various camera types (35mm, medium format, etc.)]. In case these new shooting/camera skills aren’t enough, students will also be exposed to new darkroom printing skills. Gradually, after technical enhancement, students will progress into the more complex aspects of strengthening their personal vocabularies. Progression is the operative word—if you focus on advancing technically and aesthetically (through practice, practice, practice) first, you will ultimately have greater results with experimentation/your personal voice. In addition, greater emphasis will be placed on the presentation of images in order to further your personal vocabulary with photography.

Coursework
You will find a detailed syllabus attached, which specifically lists the projects we will undertake. These projects, more than likely, cannot be completed in the allotted class time. You can expect to spend at least 5 hours outside of class per week, per N.A.S.A.D. guidelines, in order to satisfactorily complete the assignments. Individual and group critiques will coincide with the completion of the assignments. Students are required to thoroughly evaluate their own photographs, others’ photographs, as well as understand/accept criticism given by others. I DO NOT ACCEPT WORK TURNED IN FOR ANOTHER COURSE. IF THIS IS ATTEMPTED, THE STUDENT WILL RECEIVE AN “F” FOR THE GIVEN PROJECT AND WILL FAIL THE COURSE.

To be successful in this class, each student must:
- Attend and participate in all scheduled classes
- Actively participate in critiques
- Complete all assignments on time
- Keep notes on technical information
- Help maintain a safe, clean, and organized photography lab

NOTE: THE ART DEPARTMENT’S N.A.S.A.D. ACCREDITATION IS UP FOR RENEWAL IN THE SPRING. THUS, I WILL NEED TO COLLECT ONE SAMPLE OF WORK FROM EACH OF YOU BEFORE THE SEMESTER ENDS. IF YOU WOULD LIKE THE WORK RETURNED TO YOU, PLEASE HAND IT IN WITH AN E-MAIL ADDRESS. IF YOU WOULD NOT LIKE YOUR WORK RETURNED, PLEASE ATTACH A NOTE SAYING SO. THANK YOU FOR YOUR COOPERATION.
Attendance
Attendance at all classes is mandatory. After three unexcused absences your grade will be dropped one letter grade per absence up to six absences, when a failing grade is issued automatically. Come to class ready to work; students are not to leave class to purchase supplies. Demonstrations missed will not be repeated; the absent student must obtain notes from another student.

Safety
The darkroom contains hazardous materials. Material Safety Data Sheets (MSDS) must be read prior to using hazardous materials. All safe-handling procedures for both materials and equipment must be strictly followed. PLEASE CAREFULLY READ, SIGN, AND RETURN THE ATTACHED PHOTOGRAPHIC LAB/DARKROOM SAFETY CHECKLIST TO THE INSTRUCTOR.

Grading
Three factors will be considered in the determining of grades.

1. Quality of the product---inventiveness, sensitivity to materials, technical understanding, compositional effectiveness, and idea development in relation to the assignment. 50%
2. Quality of learning process---risks taken, range of ideas explored, contributions to class, attendance, effective use of time, enthusiasm, and amount of work done. 40%
3. Professional demeanor in the darkroom/photo lab---clean work habits, proper treatment of equipment, attention to studio space, and participation in final darkroom/photo lab clean up. 10%

A= Excellence in all assignments, highly motivated, innovative solutions to assignments
B= Above average in all work, demonstrates technical growth and ability
C= Completion of all projects, satisfactory class participation---for those students who are taking the class on a Credit/No Credit basis, they must, at the very least, meet the expectations of a “C”.
D= Incompletes on some projects, inadequate class participation
F= Incompletes on many projects, poor participation, several unexcused absences

EXTRA CREDIT IS NOT AVAILABLE

Incompletes
Incompletes for the course will only be given in cases of extreme emergency. It is the responsibility of the student to keep the instructor fully informed of such situations.

Students with Access/Special Needs
Students with disabilities or special needs should meet with the instructor as soon as possible.

Fine Arts Building Guidelines
1. Fine Arts Building hours are for currently enrolled students only; art studio use requires being currently registered in a specific studio course as course fees facilitate specific supplies. If not currently enrolled, students will be asked to leave.
   Hours: 7 A.M. – 11 P.M., Monday – Sunday
2. No creatures or children not enrolled in courses allowed in studios during class time or open studio times – they will be asked to leave.
3. Studio clean-up is required.
4. Pick up all art work by the scheduled exam day or the last class period. This needs to happen or art work will be discarded. Please do not leave art work in the art office.

Academic Misconduct and the Student Conduct Code
All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at www.umt.edu/SA/VPSA/Index.cfm/page/1321.
Syllabus

Mon. Aug. 27  Introductions.
Course description, objectives, etc.
Supply list and supply price list.
Syllabus.
Homework: get all pertinent materials and begin shooting (with Tri-X 400) for your first assignment: a series of 7 resin-coated (RC) 8" x 10" prints on a single subject drawn from a hat. These subjects are common in the field of photography; attempt to photograph your subject with a unique twist/interpretation. These prints should demonstrate your current black and white printing abilities, the grid-printing technique and your ability to create a series.
Due Wed. 9/17.

Wed. Aug. 29  Darkroom tour, etiquette, and safety.
Demonstration on grid-printing technique. Please take notes.
Homework: Read Introduction to Historical Categories of Photographic Criticism with handout- Joel Eisinger's Trace and Transformation American Criticism of Photography in the Modernist Period, photocopied pages 1-12.

Mon. Sep. 3  LABOR DAY, HOLIDAY

Wed. Sep. 5  Discussion of Eisinger's introduction in Trace and Transformation American Criticism of Photography in the Modernist Period.
WORKDAY.

Mon. Sep. 10  WORKDAY.

Wed. Sep. 12  WORKDAY.

Mon. Sep. 17  Due: Series of 7 RC 8" x 10" prints [WITH CONTACT SHEET(S)] on the single subject drawn from the hat. ALL ASSIGNMENT WILL BE ACCOMPANIED BY THE APPROPRIATE NUMBER OF CONTACT SHEETS. Critique. MOST OF THE CRITIQUES FOR THIS COURSE WILL BE ORAL, GROUP CRITIQUES. HOWEVER, FOR SOME ASSIGNMENTS, A WRITTEN CRITIQUE FORM MAY BE UTILIZED TO SUPPLEMENT ANY ORAL COMMENTS PROVIDED BY PEERS AS WELL AS THE INSTRUCTOR.
**Wed. Sep. 19**  
Lecture on pushing and pulling Tri-X 400 film two stops and processing pushed or pulled film.  
*Homework: Push one roll of Tri-X 400 film two stops in a low-light situation and pull one roll of Tri-X 400 film 2 stops in a bright light situation. Create a RC 8" x 10" contact sheet for each roll of film. Please refer to the attached “Push” and “Pull” Processing handout. Then create: 4 11" x 14" fiber-based prints from pushed and pulled film (two prints from each roll). Mount, window-mat, and tone/tint the “best” of the four prints. Due Mon. 10/8.*

**Mon. Sep. 24**  
Fiber-based printing demonstration  
**WORKDAY.**

**Wed. Sep. 26**  
Tea-toning and Sepia-toning demonstration. Please refer to appropriate handouts. The steps on the Staining Your B+W Photographs With Tea handout can also be used to tone your photographs with Kool-aid or any other crystallized fruit drink brand.

Introduction or review of dry-mounting and window-matting.  
**WORKDAY.**

**Wed. Oct. 3**  
**WORKDAY.**

**Mon. Oct. 8**  
*Due: 4 11" x 14" fiber prints from pushed and pulled film (two prints from each roll), with the “best” of four prints mounted, toned and window-matted.  
Critique.  
Lecture on long/night-time exposures and film reciprocity failure. Please refer to the attached Correcting for Film Reciprocity Failure handout.  
*Homework: 4 11" x 14" fiber-based and toned prints, 2 of which will be printed as multiple exposures. These prints will be printed from long/night-time exposures (at least one minute), using T-Max 100 film. The 2 multiple exposure prints may be a pairing of one long/night-time exposure and one or more daytime exposure, RATHER THAN NUMEROUS LONG EXPOSURES, if desired. Mount and window-mat the “best” of the four prints.  
ALL 4 PRINTS SHOULD BE TONED.  
Due Wed. 10/24.*

**Wed. Oct. 10**  
Demonstration on multiple exposure printing from the enlarger. Please take notes.
