Graduate Study in Painting-Art 540 Section 0, 3-6 credits (R-18) Time T.B.A. H FA 305B

Department of Art, The University of Montana, Fall Semester 2007 (<http://umartdepartment.wordpress.com>)

Instructor Professor M.A. Papanek-Miller, ma.papanek-miller@umontana.edu, 406-243-4181

Course Description

Graduate status in the Department of Art or equivalent and consent of the instructor. Independent projects in painting.

Course and Studio Procedures Attached

Grades, Requirements and Objectives for every one credit the equivalent of 2 works 22" x 30" each or equivalent one large works or 3 smaller works are required focusing on an individual student's direction, in painting two dimensionally. In addition an individual 1-page typed student contract/goals is required in writing sent digitally to me which needs to be responded to via the completed works dedicated for this course (no "double dipping" with other courses unless twice the amount of work is completed) with a minimum of 7 individual meetings required spread through-out the semester, approximately every other week. There are no excused absences, this is the students responsibility to schedule the six required meetings in advance this is an independent study course (please schedule meetings with me at least one-week in advance for best results.) 50% of the works for this course is required the second week of October (mid-term), the remaining 50% is due the last week of November (by the 27, pick December 4 or works may be discarded). Works must be labeled and submitted for grades dry and completed. For each one of the required seven meetings attendance is required, for each absences (missed or not scheduled meeting) and for the required projects per credit that are missed the final grade will be lowered one full letter grade. Late work will not be accepted unless circumstances or prior approval is secured. Completed student works will not be stored for this course they must be picked up by the first week of December or they will be *discarded, this is the students responsibility. I require 1-2 completed works to be available for our N.A.S.A.D. re-accreditation review in March 2008, thanks in advance. There is no course fee, so supplies are the student's responsibility.

T.B.A. Individual (minimal 7) Meeting Schedule FA 305B (required)

1. Early-mid September, preplanning meeting draft of contract/goals and signed syllabus, final contracts due digitally the week following by 9. 17.07.
2. Early October, interim progress meeting, the first approximate 50% of the work due mid-October for grades with labels, -mid-term.
3. Mid October, approximately half the work for the semester due labeled for a grade.
4. Late October, pick up graded works.
5. Early- November, interim progress meeting, the final 50% of the work due by November 27 for grades.
6. Late November by 11.27.07, final 50% of the work due for grades, with labels.
7. Early December by 12.4.07, final meeting to return final works, calendar completed, grades summaries, etc.

Outlines A course outline will be given out for each course for the entire semester. There will be occasions either by emergency, error or design that assignments or due dates may be altered, which is why the information presented in them are incomplete and void without the appropriate lecture, demo and class participation.

Class-time Class will start with roll at 3 minutes after the scheduled start time, parking at U.MT. requires planning ahead!

Final Exam December 10-14, no formal exam (Individual appointments will be scheduled as needed, details in class).

Homework A minimum of 5-6 hours of time is needed per week in addition to class time for homework for a 2-3 credit course. Assignment due dates will be on the course outlines and graded assignments will be due at the beginning of class lowered 1 full point for each day an assignment is late (unless arrangements are made with me in advance). I would advise the use of an academic calendar; writing down all course commitments as planning is a vital ingredient of college life and of being a successful human.

Grades Letter Grades will be awarded after the completions of each required assignment see your course outlines, on my 10-point system. Final course grades will be computed by adding up the numerical point equivalencies for each letter grade, then divided by the number of assignments to achieve a final number grade point average that will translate into a letter grade. All assignments are weighted equally and may be affected by the final factors of: Attendance, Tardies and Class Participation. Letter grades and point equivalents in my classes are as follows: A=10, A- =9, B+ =8, B=7, B- =6, C+ =5,C=4, C- =3, D+ =2, D=1, D=.50, F=0. Pass/Fail grades, for pass fail grades a fail will be averaged in only and will lower the final grade by increasing the number of projects that will be divided into the total points a pass grade will leave your points and numbers as is. All late assignments due for grades will be lowered 1 full point for each day they are late,

the time an assignment is due is the beginning of a class unless other wise specified in class. Additional time may be awarded to complete an assignment as needed.

Attendance Tardies

Class lectures and demos are vital and cannot be duplicated. So, attendance is required as is being in class on time; a tardy means arriving more than 3 minutes late to class or leaving before class is dismissed and an absence means your body is not present in class. There are few excused absences, i.e. when the university is closed or for an approved university event (which will affect some class cancellations on my end as well), questions concerns tight schedules see me ASAP in advance, plan ahead. Your final grade will be lowered as follows when absences and tardies occur:

For courses meetings twice a week 2 absences are permitted; on the **third** absence the final grade is lowered **one full point**, on the **fourth absence 4 full points**, on the **fifth absence 5 full points and on the sixth failure** will be awarded with a recommendation to drop this course, if available. **Two tardies* equal 1 absence.** For courses meeting once a week 1 absence is permitted, on the **second** absence the final grade is lowered **one full point**, on the third **absence 4 full points** on the **fourth absence 6 full points and failure** will be awarded with a recommendation to drop this course, if available. **Two tardies* equal 1 absence.** For **Short Courses**, internships, INDP. Courses etc. consult the course outline for specifics.

Course Drops

Last day to drop a course with no grade is by the fifteenth day of the semester, the 16th-30 day a course may be dropped with a "W" grade, the 31st day-end of the semester courses may be dropped with either an "WP" or an "WF" by petition only-please work closely with your advisor. Sometimes by error or design it is better to drop a course and retake it then it is to risk failure. Please note that if a student is not in attendance on the second day of the semester that the instructor of record may drop a student to open up a seat/place.

Cell Phones

All cell phones, pagers, light sabers and "other" devises that go beep must have the sound turned off during class time. These devises may not be used during class; step out of the studio/class for emergencies.

ADA

If you have a documented disability and need accommodations for this course please contact the Dean of Students at 406-243-6413, www.umt.edu/dss. Students have a right to privacy by which limited information maybe released unless this is blocked in writing by the second week of the semester, information is on line.

Clean up

Clean up will start at approximately 10 minutes prior to the ending time of the scheduled class, so class can be dismissed on time to insure that obligations that follow can be met. Clean up is a required responsibility, and it is vital to have a clean space to work in, failure to perform, will be acknowledged by a warning from either me or the lab/work-study assistant and then a final grade may be affected i.e. class participation.

Fine Arts & Art Annex

Spaces are open for homework any time another class is not in session (M-Sundays 7:00 A.M.-11:00 P.M. (excluding finals week). The studios are not open on scheduled holidays or during the breaks. No power tools, toxic materials or casting processes may be used with out faculty or staff presence and spray fixatives and paints must be used outside or under the spray booths. Please be considerate, no walkmans when using sensitive materials or power tools during lectures or demos, no loud music, TVs or other items and sounds that might disrupt a general sense of study. Do to the sensitivity of the art work, supplies and equipment, appropriate clothing and shoes are required at all times, no headphones while using sensitive materials and equipment and **no pets or children under 18 (not enrolled in the scheduled course) may be present at any time in the studios/class rooms in or out of class-time and no food or drink in the studios.** Abide by all college wide policies as listed in your student Conduct Code; www.umt.edu/studentaffairs/policy/code.htm (including procedures for bad weather) and all departmental policies, please adhere to all security and safety procedures you may only use the equipment/supplies that I have instructed you with. Do not work alone in any of the university facilities and do work and travel within a buddy system (like camping and hiking), and never leave valuables or supplies un-attended anywhere, even for a minute.

Course Fees

Course fees are utilized to provide consumable supplies for individual use in specific courses only.

Safety First

You are responsible for the safe use of supplies, materials and equipment at all times. By enrolling in an art course you accept all responsibilities, **no unauthorized use.**

Academic Honesty

The use of visual appropriations is a contemporary arts approach in which all intents and liabilities require full student responsibility. Academic Misconduct and the Student Conduct Code; All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at www.umt.edu/SA/VPSA/Index.cfm/page/1321. Student Course work for my classes must be dedicated and can not be submitted for any other course or risk failure for that dual used assignment.

FINAL WEEK SCHEDULE - AUTUMN 2007 [NOTE: Information about Autumn 2007 Finals Schedule can be found at [www.umt.edu/registrar](http://www.umt.edu/registrar) under FINAL WEEK SCHEDULES, or at [http://cyberbear.umt.edu/instructions/finalsschedule\\_aut07.htm](http://cyberbear.umt.edu/instructions/finalsschedule_aut07.htm)

The final week of the semester is scheduled in two-hour segments, one for each course. The segments should be considered as class meetings, to be treated by the instructor as he or she thinks appropriate. Classes starting at 4:10 follow the regular daytime final schedule, or if the class meeting extends past 5:00 P.M., the evening final week schedule. All classes starting after 5:00 P.M. must follow the evening schedule.

The final examination week is the only time period during which final examinations are to be given. If an instructor elects not to give a final examination during this week, under no circumstances are the final examinations to be given during the week preceding the final week.

Students may seek relief from writing more than two examinations during the same day. Students who are scheduled for more than two examinations may contact the appropriate faculty to arrange an alternate testing during the final examination week. If satisfactory arrangements cannot be made, the student should seek the assistance of his or her dean.

Courses meeting for hour and a half with beginning times near the half hour may meet according to the schedule for the preceding hour or the following hour. For example, a class meeting 9:40-11:00 TR can meet during the final week according to the 9:10 or the 10:10 schedule. Approved beginning times for the half hour are 9:40, 12:40 and 3:40. Other half hour beginning time deviate from scheduling guidelines and instructors will need to take care to avoid final week conflicts, particularly if the class normally meets for only one hour.

**\*\*\*COLLEGE OF TECHNOLOGY STUDENTS MUST CONFIRM FINAL SCHEDULES WITH THEIR INSTRUCTORS.\*\*\***

Hour and day on which the final examination meeting occurs, according to the day of the week on which the class normally meets: **(Autumn 2007)**

| Hour on which class has met during the semester (Autumn 2007) | If the class meets daily, 4 times a week, or M, MWR, MWF, MF, MW, MTW, WF, TWF, MR, TW, TWR,WR, W, F or MT, the final exam will be held at this time: | If the class meets TR, T, R, MTR, RF, TRF, R, or TRS, the final exam will be held at this time: | Meeting date for the final exam: |
