Autumn Semester 2007 Art Department, The University of Montana

Instructor
Professor Mary Ann Papanek-Miller, ma.papanek-miller@umontana.edu

Prerequisite
Graduate departmental admittance or status as a senior undergraduate art major with permission.

Course Description
Preparation to teach foundation and entry level art courses (on the college level).

Courses Objectives
This course is intended to assist students with the design and implementation of: 1. Drawing Fundamentals 123 or a selected foundation level art course on the 100 level, 2. A specialized art course of choice on the 200 level, both on the college level currently offered in the Department of Art at The University of Montana, 3. An employment application packet, each worth 1/3 of your final grade and a final “screening interview” oral presentation will be required pass/fail.

Homework
You can expect a minimum of three to six hours of homework each week, pending your idea development, by which the minimum standard is 5-6 hours for a 3-credit lecture class, plan ahead and keep up. All Homework Assignments will be checked off at the beginning of class. Late work is only accepted the following class meeting after an assignment is due at ½ the credit.

Assignments
There are 3 graded project/assignments and one pass/fail final presentation assignment. Two project/assignments (Projects #1 and #2) will be complete course planning packets, one foundation (100) level course and one Introductory (200) level course and Project #3 will be an employment application packet which will include the first two projects with additional materials and they will each receive letter grades following the university grading scale. The final project will be an oral job screening interview pass/fail. All late assignments due for grades will be lowered 1 full point for each day they are late, the time an assignment is due is the beginning of a class unless otherwise specified in class. Additional time may be awarded to complete an assignment as needed.

1. and 2. Graded Course Planning Packets (typed) specifics in class; each packet will include:
   A. Course/Studio procedures: (nuts and bolts, building hours, additional supply list, departmental and school wide information, office hours, general health and safety needs and expectations, etc.),
   B. Course Outline: (syllabi) =15-16 week semester including: a. projects, (5-7 Studio Projects/assignments with demos, tools and equipment safe use etc. or 3-4 lecture projects, quizzes or tests/written assignments, homework assignment dates and deadlines,), reading assignments, grading sheet, with a course title, a course description (from the school catalog), course objectives for your course description, course fee uses- (never give out supplies until the last drop date with refunds has passed (16th day at U.MT.) following the U.MT. School of Fine Arts and Department of Art Guidelines.
   C. Budgets (2):
      1. Student Course Fees (consumable supplies) dollars x number of students -20% for error drops supply and shipping increases. Vendor Name, address, telephone/fax number, course title, number of students, course fee unit=total budget dollars.
      2. Budget Format/spread sheet: 1. Vendor, 2. Supply Item number from Vendor, 3. Quantity, 4. Description, 5. Unit Price, 6. Item Sub-Total, 7. Projected Shipping (if not listed usually add +10%) or work with a local vendor for students to pick up supplies locally, 8. Total (must not exceed your total budget.)
      3. Equipment Requests, below 5,000.00$ and above 5,000.00$ processes and procedures, not out of student course fees (details in class.)

3. Graded Employment Packet, one and two above, plus vitae, references, teaching philosophy,
4. **Job Screening Interview**, 25 minutes, Oral presentation, details in class, pass/fail.

**Text & Supplies**

1. One, 1” inch black binder, for all assignments and handouts with clear sleeves.
2. A Calendar (Bear Facts in the book store is a great buy!) and a calculator.
3. Two- text books for the two courses you are planning (“Launching the Imagination” if planning 123, 125 or 135.) and/or A World of Art if preparing for Art 100.
4. Art Supply Catalogs-for the courses that you will teach, ordered from vendors of choice.
5. Copies of pass/fail presentations handouts for each class mate (your cost.)
6. Consider purchasing a copy of the First year reading book, “Three Cups of Tea”, Mortenson, Relin
7. University of Montana Undergraduate Catalog.
8. Join one professional art organization, strongly recommended.
9. Other items if needed, details in class.

**Course Outline**

(Please note this outline is subject to change and errors, revisions given in class, attendance is required).

**Class 1**

8.27.07

Select 2 art courses from those offered at U.MT. in the catalog in the Department of Art, as the matrix for the required two course Planning Packets Projects #1 and #2.

Secure a university catalog, a calendar with full month sheets for August, September, October, November, December and make copies and enlarge as needed for initial planning. Go on line or pick up a copy of the university holiday and semester schedule and pencil it in on your calendar, note spring registration times, and the exam-week schedule and any other known departmental or community “events”. Choose a 2-day a week teaching schedule (M/W or T/H) in 2 hour blocks studio or 1.5 hour blocks lecture courses, note 5-6 hours required in addition to each class meeting for 2-3 credit courses minimum(must be communicated to your students.)

Complete initial research for courses, research a book selection or for Art 123, 125, 135 work with “Launching the Imagination” and contact the publishers via U.MT. e mail and request a desk copy. Processes and procedures to contact publishers and vendors for a supply catalog(s) or print out vendor website specific pages with item numbers unit prices and shipping requirements, due next class.

**Break**

Share: two selected courses, catalog and calendar work, book info, supply catalogs, recalibrate. Dues and don’ts when working with vendors and publishers, contacts for “free” desk copies. The Planning Sketch course #1, begin a draft. First dream, read through the text book, dream again. 30 class meetings and a final exam meeting day, per semester average, taking attendance, return of projects, grades and exams, privacy, dollars to spend, student conduct code, etc..

**Homework**

Contact vendors and secure book delivery. Finalize Vendor lists on line or secure hard copy catalogs and Read the U.MT. Student Conduct Code on-line at www.umt.edu/studentaffairs/policycode.htm and find the student access “accomadations” make notes prepare to discuss next class.

**Class 2**

9.3.07

Holiday-no class

**Class 3/4**

9.10&17. 07

**Studio (on average):** Projects, 5-7 projects, criteria: idea/topic, size, materials, time factors, Homework, 5-10 assignments as lead-up to projects-checked off regularly, taking attendance. Written assignments, exhibition reviews, a quiz or tests, research paper(s) i.e. reading assignments, etc.
Lecture courses (on average) 3-4 graded/evaluated assignments per 3 credits course recommended.

What are projects/assignment requirements or criteria, topics, relationships to time and scale with storage and dollars available for supplies. GRADES-clear communications, returning work, student privacy issues, ADA (Access), copyrights, U.MT. syllabi guidelines, calendars, etc.

Linking projects with homework and reading assignments, and future projects “applied and transferable learning”-what artist’s/scholars do in our work, now we teach. Discuss the second course; secure a text and a supply catalog as needed.

Homework

Grading Summary Sheet
Professor M.A. Papanek-Miller, Department of Art, The University of Montana

Student Name ________________________________________ Date _____________________________

Grades Grades will be awarded after the completion of each required assignment and they will be based on your ability to address the assignment criteria requirements. Each assignment will be graded within 7-10 days of the due
date, then returned to you. Feel free to converse with me at any time regarding your grade evaluation. These individual assignments grades will then be averaged together in addition to your class participation (which includes homework and class preparation that will be checked weekly as a √, +, - or 0 grade which can swing a border line final grade). Then one final grade will be computed, which is subject to the attendance policy. 

**Letter grades and point equivalents:** A=10, A- =9, B+ =8, B=7, B- =6, C+ =5, C=4, C- =3, D+ =2, D=1, D- = .50, F=0. All late assignments due for grades will be lowered 1 full point for each day they are late, the time an assignment is due is the beginning of a class unless other wise specified in class. Additional time may be awarded to complete an assignment as needed. Attendance and punctuality is required, please refer to the specifics in the course outline which will affect your final grade. Pass/Fail grades, a fail will be averaged in only and will lower the final grade by increasing the number of projects divided into the total points, a pass grade will leave your total points as is based on the listed number of graded assignments

Exhibits  
Please be aware that there are three formal exhibition spaces on campus as follows: The Gallery of Visual Arts, in the Social Science building, the U.C. Gallery in the student center and The Montana Museum of Art and Culture in the PARTV building, in addition to numerous public art works on campus. In addition and please note if you are interested in exhibiting your artwork on campus please work with your advisor, professors and Cathryn Mallory our Exhibitions Director for guidelines as health and safety, ADA access and fire codes must be adhered to or “great works” will need to be removed risking damage, interested in a student run gallery join the S.A.C. and share!

Outlines  
A course outline will be given out for each course for the entire semester. There will be occasions either by emergency, error or design that assignments or due dates may be altered, which is why the information presented in them are incomplete and void without the appropriate lecture, demo and class participation.

Class-time  
Class will start with roll at 3 minutes after the scheduled start time, parking at U.MT. requires planning ahead!

Final Exam  
December 10-14, no formal exam (Individual appointments will be scheduled as needed, details in class).

Homework  
A minimum of 5-6 hours of time is needed per week in addition to class time for homework for a 2-3 credit course. Assignment due dates will be on the course outlines and graded assignments will be due at the beginning of class lowered 1 full point for each day an assignment is late (unless arrangements are made with me in advance). I would advise the use of an academic calendar; writing down all course commitments as planning is a vital ingredient of college life and of being a successful human.

Grades  
Letter Grades will be awarded after the completions of each required assignment see your course outlines, on my 10-point system. Final course grades will be computed by adding up the numerical point equivalencies for each letter grade, then divided by the number of assignments to achieve a final number grade point average that will translate into a letter grade. All assignments are weighted equally and may be affected by the final factors of: Attendance, Tardies and Class Participation. Letter grades and point equivalents in my classes are as follows: A=10, A- =9, B+ =8, B=7, B- =6, C+ =5,C=4, C- =3, D+ =2, D=1, D-= .50, F=0. Pass/Fail grades, for pass fail grades a fail will be averaged in only and will lower the final grade by increasing the number of projects that will be divided into the total points a pass grade will leave your points and numbers as is. All late assignments due for grades will be lowered 1 full point for each day they are late, the time an assignment is due is the beginning of a class unless other wise specified in class. Additional time may be awarded to complete an assignment as needed.

Attendance  
Class lectures and demos are vital and cannot be duplicated. So, attendance is required as is being in class on time; a tardy means arriving more than 3 minutes late to class or leaving before class is dismissed and an absence means your body is not present in class. There are few excused absences, i.e. when the university is closed or for an approved university event (which will affect some class cancellations on my end as well), questions concerns tight schedules see me ASAP in advance, plan ahead. Your final grade will be lowered as follows when absences and tardies occur:
For courses meetings twice a week 2 absences are permitted; on the third absence the final grade is lowered one full point, on the fourth absence 4 full points, on the fifth absence 5 full points and on the sixth failure will be awarded with a recommendation to drop this course, if available. Two tardies* equal 1 absence. For courses meeting once a week 1 absence is permitted, on the second absence the final grade is lowered one full point, on the third absence 4 full points on the fourth absence 6 full points and failure will be awarded with a recommendation to drop this course, if available. Two tardies* equal 1 absence. For Short Courses, internships etc. consult the course outline for specifics.

Course Drops

Last day to drop a course with no grade is by the fifteenth day of the semester, the 16th-30 day a course may be dropped with a “W” grade, the 31st day-end of the semester courses may be dropped with either an “WP” or an “WF” by petition only-please work closely with your advisor. Sometimes by error or design it is better to drop a course and retake it then it is to risk failure. Please note that if a student is not in attendance on the second day of the semester that the instructor of record may drop a student to open up a seat/place.

Cell Phones

All cell phones, pagers, light sabers and “other” devises that go beep must have the sound turned off during class time. These devises may not be used during class; step out of the studio/class for emergencies.

ADA

If you have a documented disability and need accommodations for this course please contact the Dean of Students at 406-243-6413, www.umt.edu/dss. Students have a right to privacy by which limited information maybe released unless this is blocked in writing by the second week of the semester, information is on line.

Clean up

Clean up will start at approximately 10 minutes prior to the ending time of the scheduled class, so class can be dismissed on time to insure that obligations that follow can be met. Clean up is a required responsibility, and it is vital to have a clean space to work in, failure to perform, will be acknowledged by a warning from either me or the lab/work-study assistant and then a final grade may be affected i.e. class participation.

Fine Arts

Spaces are open for homework any time another class is not in session (M-Sundays 7:00 A.M.-11:00 P.M. (excluding finals week). The studios are not open on scheduled holidays or during the breaks. No power tools, toxic materials or casting processes may be used with out faculty or staff presence and spray fixatives and paints must be used outside or under the spray booths. Please be considerate, no walkmans when using sensitive materials or power tools during lectures or demos, no loud music, TVs or other items and sounds that might disrupt a general sense of study. Do to the sensitivity of the art work, supplies and equipment, appropriate clothing and shoes are required at all times, no headphones while using sensitive materials and equipment and no pets or children under 18 (not enrolled in the scheduled course) may be present at any time in the studios/class rooms in or out of class-time and no food or drink in the studios. Abide by all college wide policies as listed in your student Conduct Code; www.umt.edu/studentaffairs/policy/code.htm (including procedures for bad weather) and all departmental policies, please adhere to all security and safety procedures you may only use the equipment/supplies that I have instructed you with. Do not work alone in any of the university facilities and do work and travel within a buddy system (like camping and hiking), and never leave valuables or supplies un-attended anywhere, even for a minute.

Course Fees

Course fees are utilized to provide consumable supplies for individual use in specific courses only.

Safety First

You are responsible for the safe use of supplies, materials and equipment at all times. By enrolling in an art course you accept all responsibilities, no unauthorized use.

Academic Honesty

The use of visual appropriations is a contemporary arts approach in which all intents and liabilities require full student responsibility. Academic Misconduct and the Student Conduct Code; All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at www.umt.edu/SA/VPSA/Index.cfm/page/1321. Student Course work for my classes must be dedicated and can not be submitted for any other course or risk failure for that dual used assignment.

FINAL WEEK SCHEDULE - AUTUMN 2007 [NOTE: Information about Autumn 2007 Finals Schedule can be found at www.umt.edu/registrar under FINAL WEEK SCHEDULES, or at http://cyberbear.umt.edu/instructions/finalsschedule_aut07.htm]

The final week of the semester is scheduled in two-hour segments, one for each course. The segments should be considered as class meetings, to be treated by the instructor as he or she thinks appropriate. Classes starting at 4:10 follow the regular daytime final schedule, or if the class meeting extends past 5:00 P.M., the evening final week schedule. All classes starting after 5:00 P.M. must follow the evening schedule.

The final examination week is the only time period during which final examinations are to be given. If an instructor elects not to give a final examination during this week, under no circumstances are the final examinations to be given during the week preceding the final week.

Students may seek relief from writing more than two examinations during the same day. Students who are scheduled for more than two examinations may contact the appropriate faculty to arrange an alternate testing during the final examination week. If satisfactory arrangements cannot be made, the student should seek the assistance of his or her dean.

Courses meeting for hour and a half with beginning times near the half hour may meet according to the schedule for the preceding hour or the following hour. For example, a class meeting 9:40-11:00 TR can meet during the final week according to the 9:10 or the 10:10 schedule. Approved beginning times for the half hour are 9:40, 12:40 and 3:40. Other half hour beginning time deviate from scheduling guidelines and instructors will need to take care to avoid final week conflicts, particularly if the class normally meets for only one hour.

***COLLEGE OF TECHNOLOGY STUDENTS MUST CONFIRM FINAL SCHEDULES WITH THEIR INSTRUCTORS.***
